How to Fill Out and Use this Certificate

Use this certificate for as long as you have this dairy animal as a 4-H project. The first year, fill out the certificate and obtain proper signatures. If the same animal remains a project animal, return the original copy of this certificate to the county extension office each year to meet certificate filing requirements.

4-H Member

This certificate is valuable. Keep it in a safe place. You may be asked to present it at 4-H fairs to identify your animal. At the end of the year, keep it in your record book as a permanent record. If you own your 4-H animal and it is registered, register it in your name. Be sure all items are filled out correctly and necessary signatures are included. Turn in completed certificate to 4-H leader.

4-H Leader

At a club meeting early in the new 4-H year, show 4-H members how to fill out the certificate. Ask members to give talks and demonstrations on animal identification and registration. Ask a purebred breeder, DHIA tester, or others to talk about the need for animal identification. Have members return completed forms at a later meeting in time for you to sign them and send both copies to the county extension office for signature by June 1, or 60 days prior to any 4-H dairy show.

Extension Agent

The first year, sign and date each certificate. Return the original copy to the 4-H leader. Keep second copy for county file. Each year thereafter, sign and date the original copy of each certificate returned by the 4-H leader. Sign and date the office copy of the certificate.
