

# 2020 Okanogan County Virtual Livestock Auction- What Are My Options?

## **PURCHASE AN ANIMAL TO TAKE HOME**

1. Make the highest bid on the animal of choice. You pay the amount you bid in total.
2. Pick up the animal from the Okanogan Fairgrounds on September 12th OR arrange for your butcher/processor to pick the animal up to be processed.
3. You arrange with the butcher of your choice on processing the animal, this is not done as part of the auction. If you need help finding a butcher/processor please ask the Fair Office for a list.

## **PURCHASE AND TURN AN ANIMAL**

1. You do not take home the animal. You make the highest bid, but "Turn" the animal to be purchased by a packer at the floor price.
2. You only pay the difference between your purchase price bid and the packer floor price. The floor prices will be listed on the auction website so you can determine how much you would be paying.
  - a. Example: Your bid is \$1600 for a steer and the floor price is \$1200, so you only pay \$400.
3. This option allows youth to get more than floor price, but you don't have to take home the animal.

## **DONATE ADD-ONS**

1. No bidding or purchasing animals.
2. You choose an amount to donate to an individual youth or group of youth (i.e. \$500 to be spread between all sheep youth).
3. Fill out an "add-on" sheet with required information. This can be found on auction website or requested from the Fair Office.
