

# WSU Chelan/Douglas County Master Gardener Advanced Education

## 2017 Advanced Education Classes

Date	All classes held at the Confluence Technology Center at 285 Technology Center Way in Wenatchee from 10 AM—12 PM	Put an "X"
April 12, 2017	<b>Plant Metabolites</b> – Plants produce primary compounds for basic growth and secondary products for defense, attraction and environmental stress. <i>Presenter: Paula Dinius</i> <i>Location: Okanogan River Room 10-AM –12 PM</i>	
May 10, 2017	<b>Organic Pesticides – An oxymoron?</b> What is the definition of organic, what do our clients really mean and how does that relate to pesticides? – <i>Presenter: Paula Dinius</i> <i>Location: Teanaway River Room 10-AM –12 PM</i>	
June 14, 2017	<b>Glyphosate</b> (trade name Roundup) is one of the most widely used chemicals around the world. Because of its continued overuse in some Agro-ecosystems, weeds have started to develop resistance. An even greater safety concern is that International Agency for Research on Cancer (IARC) labeled glyphosate is a “Group 2A Carcinogen” in March of 2016. Come find out what the current situation is for both issues... <i>Presenter: Dale Whaley</i> <i>Location: Teanaway River Room 10-AM –12 PM</i>	
July 12, 2017	<b>Botany in a Day</b> – The Patterns Method of Plant Identification. Identify plant families using a basic dichotomous key and determine the characteristics families have in common. <i>Presenter: Paula Dinius</i> <i>Location: Teanaway River Room 10-AM –12 PM</i>	
Sept. 13, 2017	<b>The Care and Feeding of Good Committee Work</b> —Working within a committee is a matter of course for WSU Master Gardener volunteers. Learn best practices for working within and empowering a committee to do good work. <i>Presenters: Jennifer Marquis and Al Murphy</i> <i>Location: Methow River Room 10-AM –12 PM</i>	
Oct. 11, 2017	<b>Expand your Botanical Vocabulary</b> – Learn new words to describe plant characteristics by detailed diagrams and plant descriptions. – <i>Presenter: Paula Dinius</i> <i>Location: Methow River Room 10-AM –12 PM</i>	
Nov. 8, 2017	<b>Growing Degree Days</b> – Understand how heat units relate to plant and insect growth stages and can be for increasing pest control effectiveness. – <i>Presenter: Paula Dinius</i> <i>Location: Methow River Room 10-AM –12 PM</i>
