## Washington 4-H Grows True Leaders

The Washington State University 4-H Youth Development Program uses a learn-by-doing approach to help youth gain the knowledge and skills they need to be responsible, productive citizens. This mission is accomplished by creating safe and inclusive learning environments, involving caring adults, and utilizing the expertise and resources of the Washington State University and the nationwide land-grant university system.

Last year, Douglas County 4-H reached 446 youth, ages 5-18, through 4-H clubs, school enrichment, camping, school-age child care programs, etc. - with the help of more than 100 volunteers trained by Extensions/4-H faculty statewide.
