

FOREST ECOLOGY

Our Forest Ecology kit gets students outdoors and thinking about the world around them. Designed for children in grades K through 5, this kit allows participants to create field guides for an outdoor environment near them. This kit promotes exploring the outdoors through fun interactive activities, such as a scavenger hunt. Included are Pacific Northwest Plant guides and a helper's guide to assist in leading this activity.

Kit Contents:

- Forest Ecology Lesson Plan
- Forestry Helper's Guide
- *Trees of Washington*
- *Plants of the Pacific Northwest Coast*
- Forest Ecology Scavenger Hunts
- Paper
- Pencils
- Crayons
