

MARS BASE CAMP

- Learn important skills – problem solving, inquiry, and critical thinking.
- Promotes creativity
- Real world application and the engineering design process
- Collaboration

Using the Mars Base Camp kit will teach STEM skills which are needed to do Science, Technology, Engineering and Math effectively. These important skills can be linked closely to the life skills that are taught within 4-H - agriculture, STEM, healthy living, and civic engagement. Each activity makes a connection to at least one of the 4-H pillars.
