14	Printing				Submitting Forms						
15											
16	Complete this sheet first. The information will automatically enter on each page of the workbook. NOTE: These data cells are not protected on the worksheets. If you need to change this demographic data for a specific category of work, you can do this on the applicable page. Complete each Category of Work page that you need for your damages, the information that is needed on each page is shaded light yellow.										
17	ALL applicants with damages <u>must</u> complete a set of PDA forms for each category of work which they sustained damages. Each local applicant must submit these forms to their county's emergency manager. Each county emergency manager is responsible for submitting all PDAs within their county to the WA Emergency Management Agency (EMD). All state agencies must complete a set of PDA forms for each category of work sustained damages and submit the forms directly to EMD. EMD will total all damages to determine if thresholds are met.										
	When Printing: Text boxes are formatted to word wrap. However, if you enter more information than the cell will show, you will need to adjust the cell's size in order to print all entered information. Print margins are formatted to print all pages as they are currently set.

Datasheet PA-1 PDA SUMMARY PA-2 CAT A PA-2 CAT B PA-2 CAT C PA-2 CAT D PA-2 CAT E PA-2 CAT F

Fill out the information at the top of the sheet.

You don't need to fill out Local inspector, State Inspector, or Federal Inspector.

Be sure to include a contact name, email, and phone number.

Notice that there are tabs along the bottom. When you first open the file, if the PDA workbook is not on the datasheet spreadsheet, click on the datasheet tab.

This form is usually used after a disaster occurs, but before a Presidential Declaration. It provides data for the State to use in potentially obtaining a Declaration. The PDA form is sent as an Excel Worksheet via email ([PA Contacts](#)) or you can locate it on our [website](#).

You should save a copy of the PDA forms workbook on your computer and then complete the forms on your saved copy. The forms cannot be completed online.

The **Datasheet** should be filled out first, as it auto populates your information on the other sheets.

Now click on **PA-1 PDA Summary**. Notice that the top has been filled in for you when the Datasheet was completed. Complete the PA-1 PDA Summary as the diagram displays below.
