

MEMORANDUM

TO: Matt Hudelson, Executive Secretary
Faculty Senate

FROM: Becky Bitter, Registrar's Office

FOR: Professional Health Sciences Committee

DATE: March 8, 2022

SUBJECT: Proposal to Establish the Master of Healthcare Administration and Leadership Degree

The Professional Health Sciences Committee has reviewed and approved a proposal from the College of Medicine to establish a new professional degree – the Master of Healthcare Administration and Leadership.

Members of the PHSC discussed the proposal with representatives from the College and from the Global Campus. Committee members were satisfied that the degree will meet the need of working professionals who wish to focus on the administration and leadership of healthcare organizations. The degree will be offered through the Spokane campus and delivered online by the Global campus.

The proposal is supported by the Provost and the curriculum has been reviewed and approved by the Catalog Subcommittee.

The Professional Health Sciences Committee recommends that the Faculty Senate approve the proposal, to be effective fall 2022.
