Approved by GSC 3/11/2014

I. **Program Overview and Objectives**

A. Degrees offered: Ph.D. in Business Administration, MSBA

B. Discipline: The Carson College of Business (CB) offers one Ph.D. degree program that serves several approved concentrations within the CB (hereafter referred to as Ph.D. Concentration Areas), including Accounting, Finance, Hospitality and Tourism Management, Information Systems, Management, Marketing, and Operations and Management Science. The MSBA is only available to students enrolled in the Ph.D. program. MSBA students specialize in one of the approved Ph.D. concentrations.

C. Mission of the Program: To develop and educate scholars prepared to contribute to the body of knowledge in their chosen business field and communicate this knowledge.

II. **Membership**

A. Graduate Faculty within the Business Program may be WSU Tenure Track, WSU Career Track, or WSU adjoint/adjunct faculty, subject to the limitations and definitions within this document. Graduate Faculty designated as initial Business Program Graduate Faculty (listed in Section IX of this document) will be approved when new bylaws are approved by the Faculty Senate. Graduate Faculty subsequently added to the program via the process outlined in section II.B below are approved by the Graduate School.

1. **WSU Campus and Extension Site Participation**

   a. The degrees in Business are offered through the Pullman campus of Washington State University as formally approved and authorized by the appropriate accrediting body for Washington State University (e.g. NWCCU). The faculty at other campuses and extension sites support this program but have not been officially approved and authorized to directly advertise and offer the degree as individual campuses.
2. Graduate Faculty Participation

a. Location: Graduate Faculty participation in Business is independent and separate from academic department, school, college, campus, or extension site affiliations.

b. Disciplinary Expertise: All Graduate Faculty in the Business Program must have roles that align with current Washington Administrative Code Regulations (WAC 250-61-100).

Graduate faculty within Business are expected to have a Ph.D. in a field related to Accounting, Finance, Hospitality and Tourism Management, Information Systems, Management, Marketing, or Operations and Management Science. In addition, they must have demonstrated disciplinary expertise in mentoring and teaching of graduate students in this field, and relevant professional accomplishments.

c. Active Research: Business Graduate Faculty must be actively involved in research related to business as evidenced by recent external grant or contract support, related peer-reviewed publications, graduate student mentoring, or other relevant professional accomplishments within the past five (5) years.

3. Faculty Roles (see II.B for the approval process)

a. Tenured and Tenure-Track WSU Faculty within the CB: To qualify as “Graduate Faculty,” a faculty member must be designated as scholarly academic qualified (SA or SA-PhD), according to the CB’s current, rigorous standards, which are kept in compliance with AACSB standards.

Determination of SA or SA-PhD status is performed as part of each faculty member’s annual review. (Newly graduated Ph.D.’s are considered scholarly academic for a period of five years following the granting of their degree.) Once designated, a list of qualified Graduate Faculty is prepared by the Senior Associate Dean for Faculty Affairs and Research, which is then forwarded to the Dean of the Graduate School for approval.

If a faculty member loses Graduate Faculty status during his/her time on the committee, the faculty member must resign from the committee.

Under certain circumstances, an individual who does not meet the SA or SA-PhD requirements may appeal to the Ph.D. Program Director to be considered as Graduate Faculty. For example, a scholar with a long and distinguished career, and considerable expertise in an area, may be able to provide valuable contributions to a given students’ committee, even though he or she has not been recently active. If approved, the Ph.D. Program Director will request an exception to policy from the Graduate School.
Tenured and Tenure-Track Graduate Faculty in Business are entitled to act as chair, co-chair, and member of graduate student advisory committees, teach graduate courses, serve as Program Director, and serve on all Business Program committees. They are voting eligible.

b. Tenure Track Faculty Outside of the CB: Tenure Track Faculty outside of the Carson College of Business who are approved Business Program Graduate Faculty are entitled to act as co-chair or member of graduate student advisory committees, and teach graduate courses. They may not serve as Program Director nor on Business Program committees. They are not voting eligible.

Tenured or tenure-track WSU faculty members outside the CB may qualify “CB Graduate Faculty” if that faculty member qualifies as Graduate Faculty within his or her own College. To qualify, the external faculty member must submit a CV to the PhD Director who will determine if the faculty member qualifies to serve as Graduate Faculty in the CB. The PhD Director will forward the names of qualified faculty to the Dean of the Graduate School.

c. Career Track Faculty: Career Track Faculty include non-Tenure Track research, scholar, and clinical faculty. Approved Career Track Business Graduate Faculty are entitled to act as member of graduate student advisory committees and teach graduate courses. They are voting eligible.

d. Adjoint and Adjunct Faculty: Professionals external to WSU may be granted Graduate Faculty participation within Business if they are first officially approved as adjoint or adjunct faculty for WSU.

To qualify, the external faculty member must submit a CV to the PhD Director who will determine if the faculty member qualifies to serve as Graduate Faculty in the CB. For faculty deemed qualified, the PhD Program Director will forward the names of said faculty and their CVs to the Dean of the Graduate School for potential approval. Approval is on a case-by-case basis.

Adjoint and adjunct faculty who are approved as Business Graduate Faculty are entitled to act as member of graduate student advisory committees and teach graduate courses. They may not serve as Program Director nor on Business Program Committees. They are not voting eligible.

e. Prior WSU Faculty Members: Business Graduate Faculty who have retired or left the university may complete their current terms as chairs of graduate student advisory committees but may not sit as chair on new student advisory committees. Approved Business Graduate Faculty who have retired or left
WSU are entitled to act as co-chair or member of graduate student advisory committees. They may not serve as Program Director nor on Business Program committees. They are not voting eligible. They cannot chair student advisory committees and when serving as co-chair, they must co-chair with a Tenure Track Faculty member who is also a member of the Business Graduate Faculty.

In general, a WSU faculty member who has recently left WSU (i.e., retired or taken a job at another university) qualifies to as “CB Graduate Faculty” for three years after leaving and automatically remains on the Graduate Faculty list, if that faculty member qualified as Graduate Faculty prior to departing WSU.

f. Other External Professionals: At times, additional professionals outside of WSU may be granted participation within the CB Ph.D. Program if they offer unique skills appropriate to a student’s project. Outside professionals who are approved as active Graduate Faculty are entitled to act as a member of graduate student committees, teach graduate courses, and supervise research. They may not serve as a student committee chair, co-chair, or Ph.D. Director. They are not voting eligible.

To qualify, outside professionals must submit a CV to the PhD Director who will determine if the individual qualifies to serve as Graduate Faculty in the CB. For faculty deemed qualified, the PhD Program Director will forward the names of said faculty and their CVs to the Dean of the Graduate School for potential approval. Approval is on a case-by-case basis.
