

## WSU Pullman Burn Restrictions Lifted

Effective October 10, 2018

The WSU Pullman burn restrictions have been lifted effective October 10, 2018. Outdoor recreational wood burning fires are now allowed in approved devices used in accordance with the manufacturer's instructions.

All outdoor recreational fires, barbeques and self-contained stoves must be used on non-combustible surfaces such as asphalt, concrete or gravel.

If you have any questions please contact Darren Jones, WSU Fire & Safety Compliance Officer at [dmjones@wsu.edu](mailto:dmjones@wsu.edu) or 509-335-4310.

### ALLOWED

- Any outdoor fire using wood or charcoal in an approved portable outdoor device used in accordance with the manufacturer's instructions.

- Natural gas, propane gas or charcoal barbeques and self-contained stoves for cooking purposes.
- Natural or propane gas manufactured portable outdoor devices used in accordance with the manufacturer's instructions.
