The Proposed Outcomes may not be edited unless prior communication has taken place with the Western ERME Center and approval has been received from the Center’s Director or Associate Director. The purpose of this award is for the project to deliver the identified Producer Outcomes. Other comments pertinent to the successful delivery of the project, including producers’ ability to accomplish the Proposed Outcomes, may be provided in the Progress Notes section of the report. Additional Progress Reports may be submitted anytime throughout the 18-month project period.
