

# 2019-2020 Workshops for Pest Management Professionals

## Ticks and Wasps of Washington

February 19, 2020 • 6:00 - 9:00 pm • 3 WSDA Credits

Living in the Pacific Northwest is great, isn't it? Whether you live in an urban or rural environment there are arthropods that bite or sting. Does the very mention of ticks and wasps cause you or your clients anxiety? Proper identification is key for successful management.

Megan Asche, WSU Entomology, will discuss identification and life histories of commonly found Washington wasps. Dr. Elizabeth Dykstra, Washington Department of Health, Public Health Entomologist, will provide the latest on ticks and tick-vectored diseases found in Washington. Learning to properly identify these fear-inducing arthropods will lead to successful management and reduce pesticide misuse.

## Managing Commensal Rodents and Other Wildlife

March 23, 2020 • 6:00 - 9:00 pm • 3 WSDA Credits

PMP's encounter all sorts of vertebrate pests including rats, house mice, birds and tree squirrels. Stephen Vantassel will discuss management strategies for vertebrate pests including the use of rodenticides, traps, structural modifications, and other techniques.

Stephen M. Vantassel (Certified Wildlife Control Professional, ACE) is the Vertebrate Pest Specialist for the Montana Department of Agriculture. He owned a wildlife damage control company in Springfield, MA. He has also published several books including The Wildlife Removal Handbook Rev. edition, The Wildlife Damage Inspection Handbook, 3rd edition, and The National Wildlife Control Training Program (vols 1-2), along with scores of articles on wildlife damage management related topics.

All workshops are held at **WSU Puyallup Research and Extension Center** (2606 W. Pioneer Way, Puyallup, WA 98371).

**Mailed registrations** require payment with check, MasterCard or VISA. WSU does not accept faxed registration forms or purchase orders. *Registration forms received without payment are not processed until payment is received.*

**Early registrations are those postmarked 14 days prior to the first day of the program (\$60).** All others are regular registrations (\$90).

**A confirmation letter** will be sent via the method selected (email/U.S. Postal Service) confirming the date(s) and location(s) for which you are registered. Contact pest@wsu.edu or 509-335-2830 if there is an error.

**Substitutions** are accepted anytime. **Transfers** can be made until 7 days prior to the date of the program for which you are registered; after that time, course fee is forfeited. Transfers are limited to WSU Urban IPM & Pesticide Safety Education courses offered before June 30, 2020 (see pep.wsu.edu for a complete list of courses). Cancellations with refund requests can be made until 10 days prior to the date of the program for which you are registered; after that time, course fee is forfeited. The WSU Privacy Policy can be viewed online at policies.wsu.edu/privacy-policy.html.

Courses are subject to cancellation due to weather extremes or low enrollment. If there is a question, call 509-335-2830.

Persons with a disability requiring special accommodation while participating in this program may call WSU Urban IPM & Pesticide Safety Education at 509-335-2830. If accommodation is not requested at least 10 days in advance, we cannot guarantee availability of accommodation on site.

**Extension programs and employment are available to all without discrimination.**
