Latest Emergency Funding for Students

---

# Student Financial Services

WASHINGTON STATE UNIVERSITY

Dear XXXXXX,

Latest Emergency Funding for Students:

Washington State University has received funding from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) to provide financial support for students who may be impacted by COVID-19. The Student Financial Services Office is currently awarding students who meet criteria as outlined on the WSU Student Care Network site. Students who are not automatically awarded will be able to apply for support from the remaining student funding through the Emergency Fund Request form. This form will be available on the Student Care Network site once the initial awarding has been completed.

Washington State University has also received state funding to provide financial support for undocumented students who are not eligible for funding through CRRSSA. The Student Financial Services Office is finalizing the criteria for the Undocumented Student Relief

Grant. Similar to CRRSAA, undocumented students who are not automatically awarded funds from this state program can apply for support from the remaining student funding through the Emergency Fund Request form. This form will be available on the Student Care Network site once the initial awarding has been completed.

We encourage students to make sure their address is up-to-date using the Address Verification/Correction section in MyWSU under the profile tile. We also encourage students to sign up for direct deposit. Instructions on signing up for direct deposit can be found here: <https://financialaid.wsu.edu/helpful-videos/>

For more information, please see the WSU Student Care Network site at: <https://www.studentcare.wsu.edu/student-resources/financial-assistance/>
