Subject: Summer 2021 Emergency Funding for WSU Students

Emergency Funding

Student Financial Services

WASHINGTON STATE UNIVERSITY

July 12, 2021

Dear XXXXX,

Washington State University has received funding from the American Rescue Plan Act (ARP) to provide financial support for students who may have been impacted by COVID-19. This program is part of the Higher Education Emergency Relief Fund, or HEERF.

The Student Financial Services Office is currently funding Summer term students who meet criteria as outlined on the [WSU Student Care Network site](#). If offered funding, it will be listed as Federal Emergency Relief Grant. Summer term students who have not already been funded with this program for Summer can apply for support through the [Emergency Fund Request form](#). Please check the site to see if you are eligible before filling out a request form.

Student Financial Services will begin providing funds to Fall term students near the beginning of the Fall semester (August, 2021). There is no need to contact us in advance of Fall for this program, as we will assess eligibility at or near the start of the Fall semester.

We encourage students to ensure that their address is up-to-date using the Address Verification/Correction section in [myWSU](#) under the profile tile. We also encourage students to sign up for direct deposit, which is the easiest way to obtain a refund when due from the university. Instructions on signing up for direct deposit can be found in the [Helpful Videos section](#) of the Student Financial Services web site.

For more information regarding funding, please see the [WSU Student Care Network site](#).
