

Responsibility for Chemical Hygiene and Safety

Laboratory safety responsibilities are outlined in Washington State University's Laboratory Safety Manual section I.D. Complete the following information for your Laboratory Specific Chemical Hygiene Plan.

Person responsible for chemical hygiene and the Chemical Hygiene Plan in this laboratory (Principal Investigator, Faculty Member, or Supervisor):

Name

Title

Room(s)¹ covered by this plan:

Implementation Date: _____

Annual Review Dates: _____

¹ The room(s) for which the Chemical Hygiene Plan is written must be adjoining rooms, a single room, or an area within a room as long as the Plan is accessible to all laboratory staff at any time, day or night.
