SIXTEENTH ANNUAL FALL COMMENCEMENT

SATURDAY, DECEMBER 10, 2016

BEASLEY COLISEUM, WASHINGTON STATE UNIVERSITY
PULLMAN, WASHINGTON

COMMENCEMENT MISSION STATEMENT

Commencement at Washington State University represents the culmination of a student's academic achievement. It is a time for celebration and reflection for students, families, faculty, and staff. It brings together the campus community to share the joy of the accomplished goals of our students.

The commencement ceremony at Washington State University serves a dual purpose: to mark a point of achievement, thus completing a chapter in the lives of students and those who support them, and to encourage continued pursuit of learning, personal fulfillment, and engagement with local and worldwide communities.

Congratulations Graduates!

A LIFE-CHANGING MOMENT

Congratulations on reaching this milestone day! I know you've worked hard for this moment, and now I hope you'll take time to celebrate and savor your accomplishments.

Earning a college degree requires intellectual curiosity, effort, and self-sacrifice—traits that, beyond your academic studies, will open doors to now unimagined opportunities as you move on to the next chapter in your life.

Attaining success requires teamwork as well. You and your immediate team—your family, your friends, your professors—are immensely proud, as am I, of your achievements.

After you celebrate today's festivities, my fervent hope is that you'll cherish your moments at Washington State and resolve to stay connected to the Cougar family. As you well know by now, once a Cougar, always a Cougar. You can count on Cougs to support you throughout your professional and personal journey.

I'm delighted to have the opportunity to share this day with you. I wish you all the best in your future endeavors.

Go Cougs!

A stylized, handwritten signature of Kirk H. Schulz in black ink.

Kirk H. Schulz, President
Washington State University

BIOGRAPHY

Kirk Schulz became the 11th president of Washington State University and a tenured professor in the Gene and Linda Voiland School of Chemical Engineering in June 2016. Prior to joining WSU, he served seven years as president of Kansas State University, where he guided KSU to a number of significant achievements in research, enrollment, and fundraising. During nine years at Mississippi State University, Dr. Schulz served in a variety of administrative roles, including vice president for research and economic development. He also previously was a faculty member in the chemical engineering department at Michigan Technological University and the University of North Dakota.

President Schulz chairs the NCAA board of governors, the NCAA's highest-ranking committee. He is active in several professional societies, including the American Institute for Chemical Engineering (AIChE) and the American Society for Engineering Education (ASEE). He is a fellow in both the ASEE and the American Association for the Advancement of Science.

A. G. RUD
DISTINGUISHED PROFESSOR
CHAIR, WSU FACULTY SENATE

Today is a very special day as we celebrate your successful completion of your undergraduate or graduate degree from WSU.

Each of you has forged your own path in working for your degree, which has taught you the importance of individual differences in one's education and development, and the need to be willing to adapt and change.

College is a time of great transition. You leave home, mature, learn new ideas, and meet new people. The skills you have acquired in the laboratory or the ideas in the lecture hall are not all that count for learning. This is what educators call *formal* learning, and you have had lots of that here. But college is also a robust place for intense and frequent *informal* learning. Discussing with friends outside of class, participating in social service projects, attending athletic contests, and socializing with others on the weekend are all opportunities where you can learn many valuable lessons beyond books, tests, or papers. If you studied abroad, you experienced and learned much about a new country and culture, and the new friends you made there make the world seem a smaller place.

Some of you may have known exactly what you wanted to do and took a direct path to your place here today. For others, your education here has taken you on several different paths along the way, until your journey revealed your true calling. This is what education is all about, and although the way can be difficult and filled with obstacles, overcoming them and succeeding is your true accomplishment.

So today is a time to reflect and to celebrate your good friends and experiences here at WSU inside and outside the classroom, and to celebrate your achievements with family and thank them for all their support over the years. None of us accomplishes a goal by ourselves, no matter how talented we are. We are all linked to each other, independent and dependent at the same time. Keep striking the balance between developing one's own capabilities and acknowledging that working with others can allow one to go even further and provide greater satisfaction.

Many congratulations to each and every one of you! You have made us proud, and Go Cougs!

A. G. Rud
Distinguished Professor
Chair, WSU Faculty Senate

RAY ACUÑA-LUNA
CHAIR, ADMINISTRATIVE
PROFESSIONAL ADVISORY COUNCIL

Graduates, welcome to the best day of your life! Today, you join an elite group of individuals who have forged and continue to shape the world. As professional staff at WSU, the driving motivation in our work—and one that gives all of us great satisfaction—is your success. We know the effort you put into your academics, the late hours of studying, the tests, and the projects. You also gained friends for life, met professors who inspired you, and earned a degree from a university that will carry you as far as you wish to go. We feel proud and honored to have helped you and your fellow Cougars achieve that success.

My favorite educational philosopher, Paulo Freire, said:

[T]he more radical the person is, the more fully he or she enters into reality so that, knowing it better, he or she can transform it. This individual is not afraid to confront, to listen, to see the world unveiled. This person is not afraid to meet the people or to enter into a dialogue with them. This person does not consider himself or herself the proprietor of history or of all people, or the liberator of the oppressed; but he or she does commit himself or herself, within history, to fight at their side.

Graduates, the voiceless desperately cry out for help to a world that will not listen. Today, I am calling you to action. To never sit at the sidelines and be that radical person. With the privilege of having received a quality education at a top tier institution, you bear a responsibility to enact change and transform the world for the better.

We look forward to great things from you. You will always be part of the Cougar Nation, and we wish you the best of luck in all your endeavors. On behalf of the Administrative Professional Advisory Council, I salute your accomplishments. Vamos Cougs!

To the Graduates of the Class of 2016,

On behalf of your student governments, the Associated Students of Washington State University, the Associated Students of Washington State University Global Campus, and the Graduate and Professional Student Association, CONGRATULATIONS on reaching this amazing milestone and graduating from Washington State University! It has been an honor to serve as your presidents at such a distinguished institution.

We want to take a moment and applaud you on reaching this remarkable accomplishment. You have worked long and hard to be sitting where you are today, so be proud of yourself! Remember the people in your life that helped you get here; please don't forget to acknowledge and thank those individuals who encouraged and supported your journey to this day. Commencement marks one of the most joyous landmarks in your academic journey, so please take a moment to acknowledge all of your hard work and dedication and reflect on the valuable degree you have just earned from one of the finest universities in the nation.

From here, we all go different ways. While you may feel as though you are being ejected into a world of uncertainty, we feel confident that your time here at Washington State University has equipped you to find your way through the challenges you will encounter in the months and years that lie ahead. You may realize it or not, but your time here has developed the resilient characteristics of a WSU Cougar. Be confident in that.

As you move forward on your next endeavors, remember Washington State University will always be your home. Remain engaged and become an active alumni the moment you leave campus. Stay connected with friends and faculty who impacted your experience here at Washington State University. Commencement represents both a completion and a new beginning. Once again, congratulations on the academic completion; ASWSU and GPSA wish you the best of luck moving forward. GO COUGS!

COMMENCEMENT 2016

Washington State University cordially welcomes all who have come to the Pullman campus for the 16th annual fall Commencement to honor the graduating class of 2016. To class members, the Class of 2016, the University would like to acknowledge your accomplishments and congratulate you all.

Commencement is the special occasion where students are recognized for their academic achievements. These achievements are reflected in their transcript, an official document certifying the completion of academic requirements. The culmination of a student's success at WSU comes with the arrival of their diploma, which is mailed after the ceremony.

The first WSU Commencement ceremony, held on June 24, 1897, recognized a total of eight students. Today we honor more than 850 students from varying states, U.S. territories, and countries.

WSU enrolls 30,142 students statewide. This includes 17,527 undergraduates and 2,666 graduate and professional students learning at the Pullman campus, and 7,377 undergraduates and 2,572 graduate and professional students at the off campus locations of Everett, Spokane, Tri-Cities, Vancouver, and the Global Campus (online). WSU is also privileged to support 10,350 first generation college students in their academic journey. Washington State University is proud of a growing family of Cougar alumni and is honored to celebrate their achievements.

DISCLAIMER

The names of the degree recipients are called in random order as they approach the readers. Students will be viewed on big screens as their names are read.

Names in the Fall 2016 Commencement program include August 2016 degree candidates and December 2016 degree candidates who met the application deadline. Those previously awarded degrees are noted with an asterisk (*).

Appearance of a name in this program is presumptive evidence of graduation and graduation honors, but it must not in any sense be regarded as conclusive. Notation on the university transcript remains the official testimony of degree possession.

The program is not a listing of those attending the ceremony.

WASHINGTON STATE UNIVERSITY HIGHLIGHTS, 2013–2016

2013

The Brelsford WSU Visitor Center in downtown Pullman is dedicated.

The \$96 million Veterinary Medical Research Science Building opens its doors.

300 students move into the \$32.6 million Northside Residence Hall, the second new residence hall constructed on the Pullman campus since the early 1970s.

The Federal Aviation Administration selects WSU and Massachusetts Institute of Technology to colead the new Center of Excellence for Alternative Jet Fuels and the Environment.

The Cougar family loses one of its most beloved leaders with the passing of Dr. Glenn Terrell, WSU president from 1967 to 1985. He was 93.

2014

Diane Nash—Freedom Rider, sit-ins leader, and key architect of the 1960s civil rights movement—speaks on the Pullman campus in commemoration of Dr. Martin Luther King, Jr.'s birthday.

World-renowned poet, writer, commentator, activist, and educator Nikki Giovanni lectures on the Pullman campus. Ms. Giovanni has authored more than 30 books and is one of the most widely read American poets.

The first 23 students in the mechanical engineering program at WSU North Puget Sound at Everett receive their diplomas.

A team of WSU student interns spend the summer working in Darrington and Arlington, Washington, helping the communities recover from a massive mudslide.

Smithsonian Magazine presents Michael Skinner, a WSU professor of biological sciences, with an American Ingenuity Award for his pioneering work in transgenerational epigenetics.

An engineering research team led by WSU professors develops the first fuel cell that can directly convert fuels, such as jet fuel or gasoline, to electricity. This creates a dramatically more efficient method for providing electric power for planes or cars.

The broadcast news building at the Edward R. Murrow College of Communication is dedicated to legendary sports broadcaster, journalist, and WSU alumnus Keith Jackson.

The College of Business is renamed the Carson College of Business, and the College of Engineering and Architecture is renamed the Voiland College of Engineering and Architecture. The names honor the lifetime contributions made by Scott and Linda Carson and Gene and Linda Voiland to those colleges, the University, and their respective industries.

The Board of Regents directs University leadership to pursue approval for an independently accredited medical school. The legislature then votes to change a 1917 law limiting the delivery of medical education to the University of Washington, clearing the way for a WSU school of medicine.

2015

Elson S. Floyd, Ph.D., WSU's 10th president, passes due to complications from cancer at age 59.

Governor Jay Inslee signs into law a bill giving WSU the authority to create a medical school. The WSU Board of Regents honors the late President Floyd's leadership by naming it the Elson S. Floyd College of Medicine. Dr. John Tomkowiak is named the college's inaugural dean.

The Campaign for Washington State University surpasses its \$1 billion goal six months ahead of schedule, and includes commitments from more than 206,250 donors and industry partners.

WSU celebrates its 125th anniversary with numerous events, advertisements statewide, and a successful \$125,000 fund drive.

Renowned scholar and social justice activist Angela Davis, a public face of the '70s black power movement, speaks at the Pullman campus.

WSU researchers discovered how to stretch metal films used in flexible electronics to twice their size without breaking. The breakthrough by Rahul Panat, Indranath Dutta, and graduate student Yeasir Arafat could lead to dramatic improvements in products such as bendable batteries, robotic skins, wearable monitoring devices and sensors, and connected fabrics.

Fall 2015 enrollment across all WSU campuses reached an all-time high of 29,686 students. For the fifth year in a row, at least 35 percent of the incoming freshman class identified as students of color.

WSU Tri-Cities receives its largest single gift in history—\$18 million from the Kadlec Regional Medical Center—to support the WSU Tri-Cities College of Nursing.

The PACCAR Environmental Technology Building—a \$52.8 million, interdisciplinary clean technology laboratory on the Pullman campus—opens.

The Daily Evergreen, WSU's student newspaper, wins the top award for overall excellence from the Columbia Scholastic Press Association, an international student press group.

Alaska Airlines schedules 2016 demonstration flight using 1,000 gallons of alternative biofuel, made from forest slash and produced by the WSU-led Northwest Advanced Renewables Alliance.

2016

I Am Malala: The Story of the Girl Who Stood Up for Education and Was Shot by the Taliban is named WSU's Common Reading book for 2016–17.

On March 25, the Board of Regents names Kirk Schulz, president of Kansas State University, the 11th president of Washington State University.

The Board of Regents honors the late President Elson S. Floyd with an honorary doctoral degree and names the new cultural building, under construction on the Pullman campus, the Elson S. Floyd Cultural Center, recognizing his commitment to students, diversity, and social justice.

Dr. Joyce P. Griffin-Sobel is named dean of the WSU College of Nursing. Griffin-Sobel was dean and professor at the State University of New York Upstate Medical University in Syracuse.

College of Pharmacy researchers discover a chemical in green tea that blocks rheumatoid arthritis pain without blocking other cellular functions, making it a possible alternative to costly drugs.

A team of two professors and an alumna coinvent a drug designed to improve cognitive and motor functions in people with Alzheimer's-like dementia and Parkinson's disease. The drug, which prompts new connections between brain cells, moves toward clinical trials.

WSU entered an agreement with BGI, one of the world's largest genomics companies based in Shenzhen, China. The two will focus on research and economic development in agriculture, and global food security issues.

Engineering students from WSU's North Puget Sound at Everett campus form a Mars rover team and capture second place at the international University Rover Challenge held in Utah.

WSU's School of Mechanical and Materials Engineering researchers develop a biosensor that detects microscopic levels of harmful bacteria in food, like *Escherichia coli*. This sensor could greatly enhance food safety.

A \$32.3 million renovation of Troy Hall begins, with occupation set for April 2017. Troy was WSU's original dairy building open in 1926, and later home to the WSU Creamery and Ferdinand's Ice Cream Shoppe.

A unique, multifunctional smart material that can change shape with heat or light and assemble and disassemble itself was developed by researchers from the WSU School of Mechanical and Materials Engineering and Oak Ridge National Laboratory.

WSU Pullman is ranked by Campus Pride, a nonprofit organization, as one of the top 30 universities in the nation for lesbian, gay, bisexual, transgender, and queer students.

A key step to improving solid oxide fuel cells was discovered by WSU researchers. These clean energy cells promise four times the efficiency of combustion engines.

WSU's Sleep and Performance Research Center receives \$1.7 million from multiple agencies to develop cognitive flexibility training to combat the negative effects of sleep loss on decision-making.

WSU entomology researchers cryogenically import germplasm (bee semen) from Old World populations in Europe to increase genetic diversity and help bees fight diseases and parasites causing colony collapse.

Researchers at WSU's School of Molecular Biosciences design a method for mapping the damage of ultraviolet radiation on individual DNA units—a key to developing preventative skin cancer methods.

Khalida Brohi, a Pakistani activist for women's rights, presents "The Solution is Education, Not Legislation" in Pullman and Tri-Cities.

A gene editing technology that combats bovine respiratory disease—the primary cause of cattle mortality—is developed at WSU's College of Veterinary Medicine and licensed to Genus plc, a global animal genetics company.

WSU Tri-Cities signs a land lease agreement with Corporate Pointe Developers, LLC, to build an 800-bed complex for student housing—the first on that campus.

WSU chemistry researchers create the first injectable compound or "probe" that illuminates hydrogen sulfide and hydrogen polysulfides in different colors in cells. This breakthrough will help research in aging, diabetes, Alzheimer's, heart attacks, cancer, and other diseases.

WSU announces a record systemwide enrollment of 30,142 students for the fall 2016 semester.

Researchers at WSU Spokane are awarded a \$3.65 million four year grant from the National Institute on Aging to study cognitive health among elderly American Indians.

WSU celebrates the launch of a \$15 million Museum of Art expansion, located where the WSU Police Department stood since 1963. WSUPD also celebrated moving into its new home—the \$7.5 million Public Safety Building at Grimes Way and Olympia Avenue.

On Saturday, December 10, 2016, one of the best groups of students in the history of Washington State University graduated during the annual Fall Commencement ceremony at Beasley Coliseum.

ACADEMIC REGALIA

Academic regalia arose through evolution and modification of the robes worn by medieval students, who were usually clerics in the cathedral schools and monasteries established by the church. As early as 1321, a medieval statute required that all doctors, licentiates, and bachelors wear academic gowns and hoods. Gowns were necessary for warmth in the unheated medieval buildings, and hoods may have been designed to cover tonsured heads. Today, immediately after receiving a charter, new institutions adopt a distinctive design for academic attire expressive of their individuality.

On May 26, 1895, a group of institutional representatives met at Columbia University to establish a uniform code for academic regalia in this country.

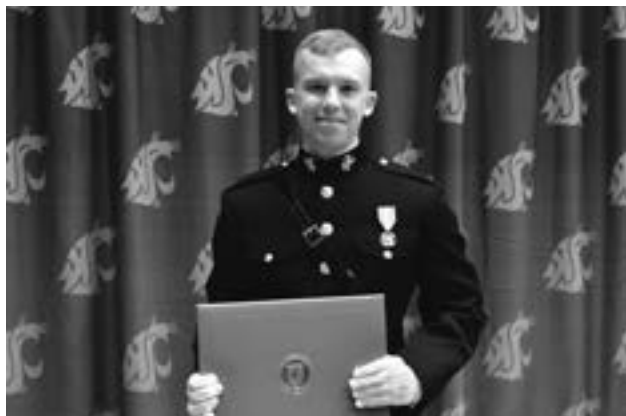

The approved academic attire for all graduates is composed of a cap and gown. For master's and doctoral graduates, a hood is included. The basic article of attire is the gown, usually black in color, and similar in design for all degrees with the sleeves being the principal indicator of degree level. Gowns for those graduating with a bachelor's degree have pointed sleeves; the sleeves on master's gowns arc away at the front; and doctoral gowns have round, bell-shaped sleeves. Bachelor's and master's gowns are untrimmed while doctoral gowns feature distinctive velvet facing down the front and three velvet bars on each sleeve.

The hood has become the colorful standard-bearer of academic symbolism. By examining the hood, an informed observer should be able to identify the degree

level, the academic field of study in which the degree was earned, and the institution that conferred the degree. The hood is made of the same material as the gown. Hood length varies according to degree: bachelor's—three feet, master's—three and a half feet, and doctor's—four feet in length and has panels at the sides. The color or colors of the hood lining indicate the institution that conferred the degree (crimson and gray for WSU). The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees. The border color represents the faculty or field of study in which the degree was awarded. At WSU, bachelor's degree candidates do not wear hoods.

The approved cap of the academic costume is the mortarboard or Oxford cap—a stiff board nine inches square, placed on a soft cap and joined in a pointed design in front and back. The color is always that of the gown and uniformly black for the four-year degrees. The use of velvet has been reserved for the cap of the doctoral degree. A silk cord with a tassel made of many threads is attached to a button in the center of the board.

A distinctive commencement rental gown for students earning Ph.D. and Ed.D. degrees debuted in spring 2012. The gown is crimson with gunmetal-gray velvet accents and a matching velvet tam. WSU is the only university with a custom rental gown. The purchased version of the custom gown is designed with a split hood, two silver WSU shield medallions holding the hood in place, two WSU medallion cufflinks on each sleeve, and other embellishments.

ACADEMIC REGALIA

The committee of the American Council on Education on its “Academic Costume Code” states the following:

For all academic purposes—including trimming of doctoral gowns, edging of hoods, and tassels of caps—the colors associated with the different subjects are as follows:

Agriculture: Maize

Arts, Letters, Humanities: White

Commerce, Accountancy,
Business: Drab

Communication: Crimson

Dentistry: Lilac

Economics: Copper

Education: Light Blue

Engineering: Orange

Fine Arts including

Architecture: Brown

Forestry: Russet

Home Economics: Maroon

Law: Purple

Library Science: Lemon

Medicine: Green

Music: Pink

Nursing: Apricot

Oratory (Speech): Silver Gray

Pharmacy: Olive Green

Philosophy: Dark Blue

Physical Education: Sage Green

Public Administration,
including Foreign Service:
Peacock Blue

Public Health: Salmon Pink

Science: Golden Yellow

Social Work: Citron

Theology: Scarlet

Veterinary Medicine: Gray

PRESIDENT’S CHAIN OF OFFICE

During commencement ceremonies and other special occasions, the president of Washington State University wears the President’s Chain of Office. The medallion features the WSU shield with Cougar head, and the links are engraved with the names and dates of service for each past WSU president, starting with George Lilley, who served from 1891 to 1892, and ending with the late Elson S. Floyd, who served from 2007 to 2015. Blank links allow engraving of names and service years for future presidents.

The Chain of Office was created at the request of V. Lane Rawlins, who became president of WSU on June 8, 2000. He wore it for the first time during his inauguration on March 28, 2001.

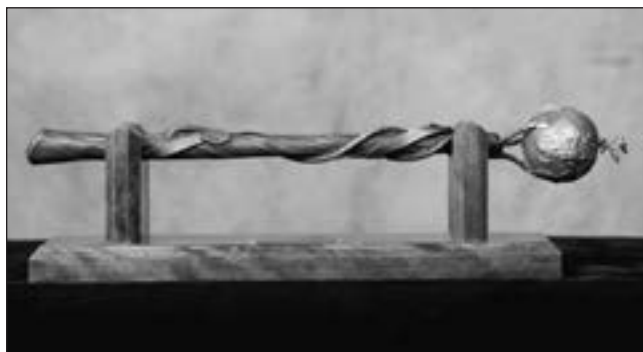

THE UNIVERSITY MACE

The University Mace, a traditional symbol of authority, will lead the processional today. The mace is carried by the chair of the Faculty Senate with an honor guard consisting of the presidents of the undergraduate and graduate and professional student associations. A. G. Rud carries it today, accompanied by Taylor Christenson, president of the Associated Students of WSU, and Melanie Thornton, president of the Graduate and Professional Student Association of WSU.

Created in 1985, the two-foot-long, nine-pound scepter is cast in silver and bronze and features a globe atop a laurel branch, wrapped in a silver ribbon and inscribed "Washington State University." According to designer and craftsman Tim Doeblor of WSU's Department of Fine Arts, "the globe represents the universality of education and the quest for knowledge. Laurel crowns were presented to academicians by the ancient Greeks."

The anvil is a symbol of forging and molding education, rather than forcing it upon students.

PHOTOGRAPHY COVERAGE

Photography and video will be available through Image Studios & After Image Visual Services. Proofs will be mailed to each graduate's permanent address and will also be posted online at www.gradwsu.com. DVD video of the entire ceremony and individual digital video clips will also be available to order through the website or the mailed proofs. Phone: 509-332-0964, email: graduations@gmail.com, and mailing address: P.O. Box 8836 Moscow, Idaho 83843.

GRADUATION WITH ACADEMIC HONORS

Students in the class of 2016 who have demonstrated exceptional academic performance are wearing the WSU custom honor cord of crimson and silver. These students may graduate with one or more of the following distinctions:

SUMMA CUM LAUDE: Candidates for baccalaureate degrees who have completed at least 30 hours of graded work at Washington State University with a cumulative grade point average of 3.90 or better.

MAGNA CUM LAUDE: Candidates for baccalaureate degrees who have completed at least 30 hours of graded work at Washington State University with a cumulative grade point average between 3.70 and 3.89.

CUM LAUDE: Candidates for baccalaureate degrees who have completed at least 30 hours of graded work at Washington State University with a cumulative grade point average between 3.50 and 3.69.

HONORS COLLEGE: Graduates who have participated in the Honors College and satisfied the college's requirements receive certificates of completion and wear the Honors College Medallion.

HONOR SOCIETIES: Washington State University students may be selected to join, within their disciplines, one or more of 29 honor societies and any of six honor societies across academic disciplines, including one freshman honor society.

These include Alpha Epsilon Rho, Alpha Phi Sigma, Alpha Zeta, Beta Alpha Psi, Beta Gamma Sigma, Beta Tau, Gamma Sigma Delta, International Golden Key, Kappa Delta Pi, Kappa Omicron Nu, Mortar Board, Mu Phi, Omicron Chi Gamma, Omicron Delta Epsilon, Omicron Delta Kappa, Phi Alpha Theta, Phi Beta Kappa, Phi Delta Kappa, Phi Kappa Phi, Phi Lambda Upsilon, Phi Sigma Alpha, Phi Sigma Iota, Phi Zeta, Pi Sigma Alpha, Psi Chi, Rho Chi, Rho Nu, Sigma Tau Delta, Sigma Theta Tau International, and Tau Beta Pi.

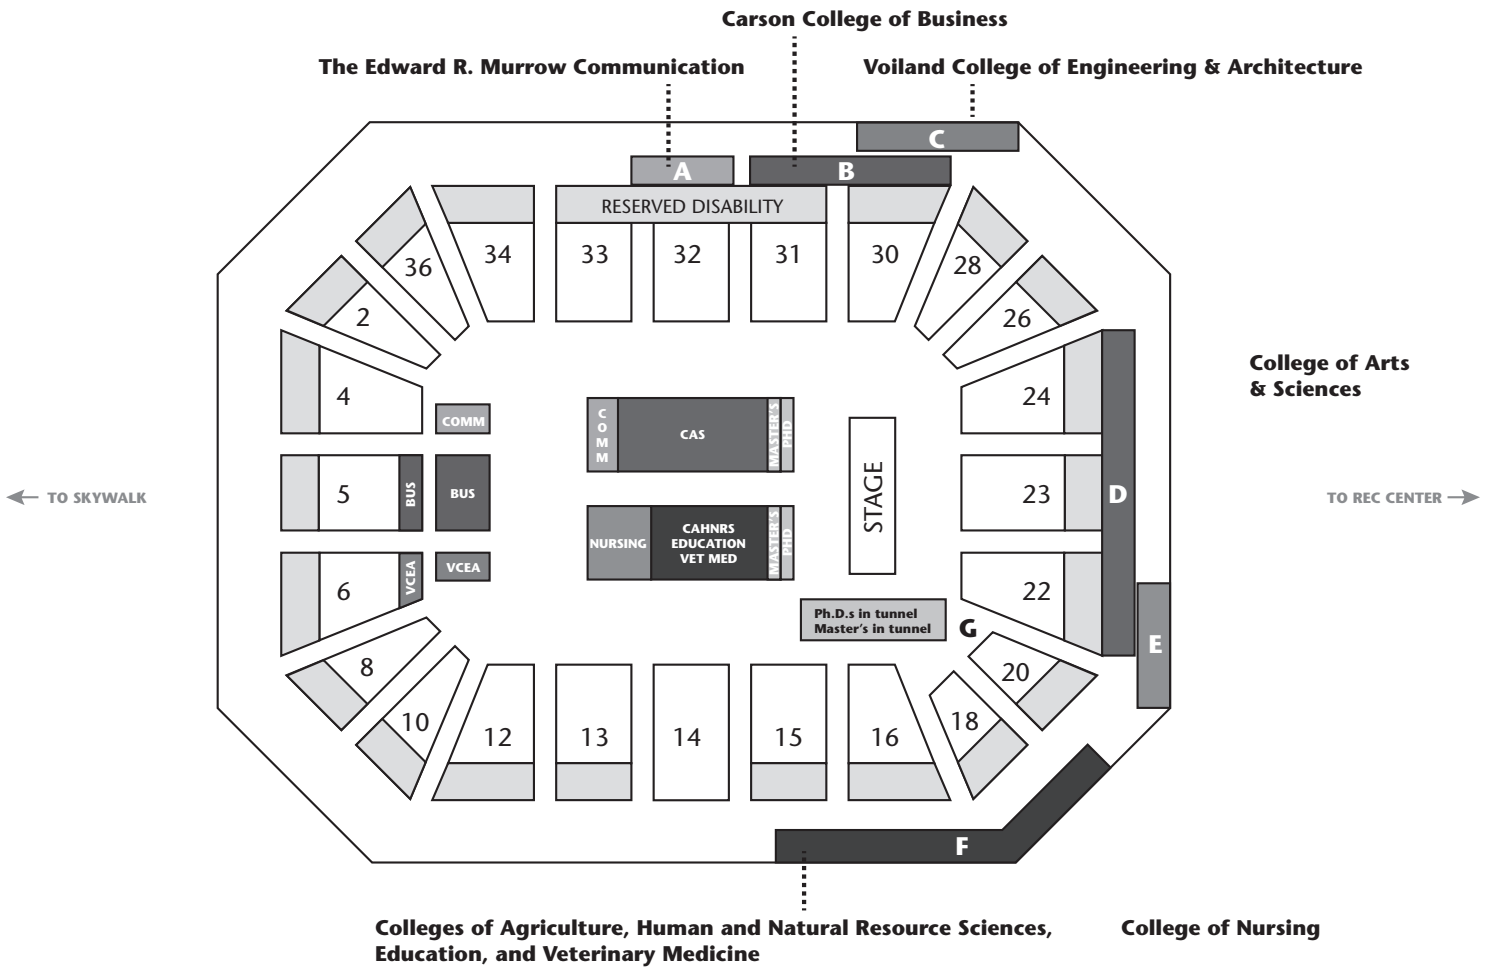

Names in the fall 2016 Commencement program include August 2016 degree candidates and December 2016 degree candidates who met the application deadline.

Names of May 2017 degree candidates will appear in the spring program. **The program is not a listing of those attending the ceremony.**

ALMA MATER

*Washington, my Washington,
the Crimson and the Gray!*

*'Tis the song of memory
that we sing today.*

*When the sad hours come to you
and sorrows 'round you play,*

*Just sing the songs of Washington,
the Crimson and the Gray!*

*Just sing the songs of Washington,
the Crimson and the Gray!*
