ONE HUNDRED TWENTY SECOND
SPRING COMMENCEMENT

SATURDAY, MAY 5, 2018
BEASLEY COLISEUM, WASHINGTON STATE UNIVERSITY
PULLMAN, WASHINGTON

COMMENCEMENT MISSION STATEMENT
Commencement at Washington State University represents the culmination of a student’s academic achievement. It is a time for celebration and reflection for students, families, faculty, and staff. It brings together the campus community to share the joy of the accomplished goals of our students.

The commencement ceremony at Washington State University serves a dual purpose: to mark a point of achievement, thus completing a chapter in the lives of students and those who support them, and to encourage continued pursuit of learning, personal fulfillment, and engagement with local and worldwide communities.
Congratulations Graduates!

Congratulations, 2018 graduates!

Your hard work, curiosity, and persistence have brought you to this moment. You and your family and friends should be immensely proud of your achievement.

Now, diploma in hand, you are well-equipped to open doors to exciting new opportunities as the next chapter in your life begins.

As you celebrate during today’s festivities, I hope you will resolve to stay connected to the Cougar family. As you well know by now, once a Coug, always a Coug. You can count on Cougs everywhere to support you throughout your professional and personal journey in the years ahead.

Again, congratulations. I am delighted to share the joy of this day with you. On behalf of the Washington State University Board of Regents and the entire WSU statewide system, I wish you every success in all of your future endeavors.

Go Cougs!

Kirk H. Schulz, President
Washington State University

BIOGRAPHY

Kirk Schulz is nearing the end of his second year as president of Washington State University. He became the 11th president of WSU and a tenured professor in the Gene and Linda Voiland School of Chemical Engineering and Bioengineering on June 13, 2016, after a seven-year tenure as the president of Kansas State University.

During his first year in office, President Schulz launched a major institutional initiative focused on making WSU one of the nation’s top 25 public research universities by 2030. The Drive to 25 is focused on creating a transformative educational experience for students and accelerating development of a preeminent research portfolio.

Maintaining the momentum of the Elson S. Floyd College of Medicine is also one of the president’s top priorities. The college welcomed its first class of 60 medical students in August, another milestone in the University’s efforts to change the face of health care in Washington.

Dear Graduates,

On behalf of the faculty at Washington State University, I want to congratulate you on attaining your degree. Beyond any multiple choice answer or numerical grade point, you have proven yourselves as thinkers, seekers, and creators of the very essence of innovation and knowledge. We are privileged to have had you in our classrooms, labs, and studios. Surpassing the strenuousness of student life and learning how to learn has adapted you into intellectuals who can reach higher than you thought possible and who can realize the unimaginable. Working with talented, passionate, and tenacious individuals such as yourselves has been an honor. As you step into the world of new possibilities, leap with courageousness and explore with curiosity.

The theory of six degrees of separation suggests that there are at most six social network steps between any two people on the planet. The distance between you and your dreams is not as far as it may seem and helpful Cougs will lend a hand along the way. Dream big and reach far, but never hesitate to take advantage of the best opportunities that present themselves at the moment.

The theory of three degrees of influence suggests that not only are people influenced by their peers, but also by the people who influence their peers, and so on, with the strongest influences coming from up to three steps away. Take with you the hand-picked best of the new ideas and attitudes you have been exposed to on our campuses, for it is the intangible that is your greatest asset in the years to come. As you emerge into the world as WSU alumni, represent us with a fusion of grace and passion. Look out for your fellow Cougs, as well as the people around you. Remember that your influence goes well beyond that which is immediately before your eyes.

My first dean advised “Do good work—the rest will follow,” and I have frequently used this advice when deciding how to spend my time and energy. Even though you are graduating, remember to keep the kindle of curiosity flaming. Find and follow that which entices you to passion. Don’t be afraid to leave your comfort zone. When blunders block your path, seek ways to morph your ideas into new and unexpected solutions, or change paths. The way ahead has many opportunities and challenges.

Attaining your degree is a special accomplishment that is yours for life. Use it well.

Sincerely,

Judi McDonald
Chair of the Washington State University Senate
Professor of Mathematics
Dear WSU Graduates,

It is with great honor that I write to you this day, a day that will be forever in your heart. Today, you join an elite group of individuals who will forever remember the rolling hills of the Palouse, the slow crawl of the combines, the endless cheering of our athletes, and who will forge ahead and shape this world.

To be a Coug isn’t just a word, it isn’t just a college student, it is a family. A family of Cougs that welcome you into this new and exciting journey. Congratulations on your accomplishments these past years that led you to your commencement day. The Administrative Professional staff congratulate you on your commencement. The driving motivation in our work — and one that gives all of us great satisfaction — is your success. You have earned this moment, the effort you put into your studies, the late hours studying and finishing projects, the lifelong friends you have made and the faculty that have inspired you. We are blessed and honored to have helped you and your fellow Cougars achieve your success.

It is customary to leave a graduate with a quote to ponder. Our 66th Secretary of State, Dr. Condoleezza Rice, stated, “Remain optimistic and always try to serve others as well as the goals for freedom, peace, and justice.” As you leave here today, remember Dr. Rice’s words as you embrace your new beginning. Go forth as a Coug ready to serve others and embrace your responsibility to enact change and transform the world for the better. We look forward to great things from you.

On behalf of the Administrative Professional Advisory Council, I congratulate your accomplishments!

Go Cougs!

Brigitta Jozefowski
Chair, APAC
To the Graduates of the Class of 2018,

On behalf of your student governments, the Associated Students of Washington State University, the Associated Students of Washington State University Global Campus, and the Graduate and Professional Student Association, congratulations on reaching this amazing milestone and graduating from Washington State University!

We would like to take a moment and applaud you on reaching this remarkable accomplishment. You have worked long and hard to be sitting where you are today; be proud of yourself! All of the long days and seemingly endless nights have culminated in this moment where you can look back and celebrate every step of your journey. Commencement marks one of the most joyous landmarks in your academic path; you should reflect on this moment.

From here, we all go different ways. While you may feel you are being ejected into a world of uncertainty, we are confident that your time here at Washington State University has equipped you to navigate the challenges you will encounter in the months and years that lie ahead. Whether you realize it or not, your time here has developed within you the resilient characteristics of a WSU Cougar. Be confident in that.

As you move forward to your next endeavors, remember Washington State University will always be your home. Remain engaged and become an active alumnus the moment you leave campus. Stay connected with the friends you made and faculty who impacted your experience at WSU.

Commencement represents the completion of one chapter and the beginning of a new one just as promising as the last. Once again, congratulations on your academic achievements; ASWSU and GPSA wish you the best of luck moving forward.

Go Cougs!

WASHINGTON STATE UNIVERSITY

COMMENCEMENT 2018

Washington State University cordially welcomes all who have come to the Pullman campus for the one hundred twenty second annual Spring Commencement to honor the graduating class of 2018. To class members, the Class of 2018, the University would like to acknowledge your accomplishments and congratulate you all.

Commencement is the special occasion where students are recognized for their academic achievements. These achievements are reflected in their transcript, an official document certifying the completion of academic requirements. The culmination of a student's success at WSU comes with the arrival of their diploma, which is mailed after the ceremony.

The first WSU commencement ceremony, held on June 24, 1897, recognized a total of eight students. Today we honor more than 3,000 students from varying states, U.S. territories, and countries.

WSU enrolls 30,614 students statewide. This includes 17,646 undergraduates and 2,640 graduate and professional students learning at the Pullman campus, and 7,631 undergraduates and 2,697 graduate and professional students at Everett, Spokane, Tri-Cities, Vancouver, and the Global Campus (online). WSU is also privileged to support 10,340 first generation college students in their academic journey. Washington State University is proud of a growing family of Cougar alumni and is honored to celebrate their achievements.

DISCLAIMER

The names of the degree recipients are called in random order as they approach the readers. Students will be viewed on big screens as their names are read.

Names in the Spring 2018 Commencement program include May 2018 graduate and undergraduate applicants and August 2018 undergraduates who applied by the May 2018 application deadline.

The program is not a listing of those attending the ceremony.

Appearance of a name in this program is presumptive evidence of graduation and graduation honors, but it must not in any sense be regarded as conclusive. Notation on the University transcript remains the official testimony of degree possession.
THE UNIVERSITY MACE

The University Mace, a traditional symbol of authority, will lead the processional today. The mace is carried by the chair of the Faculty Senate with an honor guard consisting of the presidents of the undergraduate and graduate and professional student associations. Judi McDonald carries it today, accompanied by Jordan Frost, president of the Associated Students of WSU, and Shane Reynolds, president of the Graduate and Professional Student Association of WSU.

Created in 1985, the two-foot-long, nine-pound scepter is cast in silver and bronze and features a globe atop a laurel branch wrapped in a silver ribbon and inscribed with “Washington State University.” According to designer and craftsman Tim Doebler of WSU’s Department of Fine Arts, “the globe represents the universality of education and the quest for knowledge. Laurel crowns were presented to academicians by the ancient Greeks.”

The anvil is a symbol of forging and molding education, rather than forcing it upon students.

PHOTOGRAPHY COVERAGE

Photography and video will be available through Image Studios After Image Visual Services. Proofs will be mailed to each graduate’s permanent address and will also be posted online at gradphotos.biz/wsu. DVD video of the entire ceremony and individual digital video clips will also be available to order through the website or the mailed proofs. Phone: 509-332-0964, email: graduations@gmail.com, and mailing address: P.O. Box 8836 Moscow, Idaho 83843.
ACADEMIC REGALIA

Academic regalia arose through evolution and modification of the robes worn by medieval students, who were usually clerics in the cathedral schools and monasteries established by the church. As early as 1321, a medieval statute required that all doctors, licentiates, and bachelors wear academic gowns and hoods. Gowns were necessary for warmth in the unheated medieval buildings, and hoods may have been designed to cover tonsured heads. Today, immediately after receiving a charter, new institutions adopt a distinctive design for academic attire expressive of their individuality.

On May 26, 1895, a group of institutional representatives met at Columbia University to establish a uniform code for academic regalia in this country.

The approved academic attire for all graduates is composed of a cap and gown. For master’s and doctoral graduates, a hood is included. The basic article of attire is the gown, usually black in color, and similar in design for all degrees with the sleeves being the principal indicator of degree level. Gowns for those graduating with a bachelor’s degree have pointed sleeves; the sleeves on master’s gowns arc away at the front; and doctoral gowns have round, bell-shaped sleeves. Bachelor’s and master’s gowns are untrimmed while doctoral gowns feature distinctive velvet facing down the front and three velvet bars on each sleeve.

The hood has become the colorful standard-bearer of academic symbolism. By examining the hood, an informed observer should be able to identify the degree level, the academic field of study in which the degree was earned, and the institution that conferred the degree. The hood is made of the same material as the gown. Hood length varies according to degree: bachelor’s—three feet, master’s—three and a half feet, and doctor’s—four feet in length and has panels at the sides. The color or colors of the hood lining indicate the institution that conferred the degree (crimson and gray for WSU). The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees. The border color represents the faculty or field of study in which the degree was awarded. At WSU, bachelor’s degree candidates do not wear hoods.

The approved cap of the academic costume is the mortarboard or Oxford cap—a stiff board nine inches square, placed on a soft cap and joined in a pointed design in front and back. The color is always that of the gown and uniformly black for the four-year degrees. The use of velvet has been reserved for the cap of the doctoral degree. A silk cord with a tassel made of many threads is attached to a button in the center of the board.

A distinctive commencement rental gown for students earning Ph.D. and Ed.D. degrees debuted in spring 2012. The gown is crimson with gunmetal-gray velvet accents and a matching velvet tam. WSU is the only university with a custom rental gown. The purchased version of the custom gown is designed with a split hood, two silver WSU shield medallions holding the hood in place, two WSU medallion cuff links on each sleeve, and other embellishments.
ACADEMIC REGALIA

The committee of the American Council on Education on its “Academic Costume Code” states the following:

For all academic purposes—including trimming of doctor’s gowns, edging of hoods, and tassels of caps—the colors associated with the different subjects are as follows:

Agriculture: Maize  
Arts, Letters, Humanities: White  
Commerce, Accountancy, Business: Drab  
Dentistry: Lilac  
Economics: Copper  
Education: Light Blue  
Engineering: Orange  
Fine Arts including Architecture: Brown  
Forestry: Russet  
Journalism: Crimson  
Law: Purple  
Library Science: Lemon  
Medicine: Green  
Music: Pink  
Nursing: Apricot  
Oratory (Speech): Silver Gray  
Pharmacy: Olive Green  
Philosophy: Dark Blue  
Physical Education: Sage Green  
Public Administration, including Foreign Service: Peacock Blue  
Public Health: Salmon Pink  
Science: Golden Yellow  
Social Work: Citron  
Theology: Scarlet  
Veterinary Medicine: Gray

TIMELINE OF MILESTONES

2015

Elson S. Floyd, Ph.D., WSU’s 10th president, passes due to complications from cancer at age 59.

Washington Governor Jay Inslee signs into law a bill giving WSU the authority to create a medical school. The WSU Board of Regents honors the late President Floyd’s leadership by naming the school the Elson S. Floyd College of Medicine. Dr. John Tomkowiak is named the college’s inaugural dean.

The Campaign for Washington State University surpasses its $1 billion goal six months ahead of schedule. Among the gifts are the six largest commitments in WSU history. More than 206,250 individual donors and industry partners contribute.

WSU celebrates its 125th anniversary with events and advertisements statewide. A campaign called #CougGive125 raises more than $300,000 in just 36 hours.

The PACCAR Environmental Technology Building—a $52.8 million, interdisciplinary clean technology laboratory on the Pullman campus—opens.

The Ste. Michelle Wine Estates WSU Wine Science Center opens on the WSU Tri-Cities campus. One of the most technologically advanced wine science centers in the world, it supports research and teaching to advance Washington’s burgeoning wine industry.

WSU researchers discover how to stretch metal films used in flexible electronics to twice their size without breaking. The finding could lead to dramatic improvements in products such as bendable batteries, robotic skins, wearable monitoring devices and sensors, and connected fabrics.

The Daily Evergreen, WSU’s student newspaper, wins the top award for overall excellence from the Columbia Scholastic Press Association, an international student press group.

2016

On March 25, the Board of Regents names Kirk Schulz, president of Kansas State University, the 11th president of Washington State University.

The Board of Regents honors the late President Elson S. Floyd with an honorary doctoral degree. The Regents name the new cultural building under construction on the Pullman campus the Elson S. Floyd Cultural Center, in recognition of Dr. Floyd’s commitment to students, diversity, and social justice.

WSU launches the “Drive to 25,” aiming to be recognized as one of the nation’s top 25 public research universities by the year 2030.

College of Pharmacy researchers discover a chemical in green tea that blocks rheumatoid arthritis pain without blocking other cellular functions, making it a possible alternative to costly drugs.

Alaska Airlines powers a historic demonstration flight with 1,000 gallons of biofuel produced by the WSU-led Northwest Advanced Renewables Alliance. The fuel is made from forest residuals—limbs and branches that remain after the harvesting of managed forests.

Engineering students from WSU Everett form a Mars rover team and capture second place at the international University Rover Challenge.

WSU honors biochemist James A. Wells, Ph.D. ‘79, with the Regents’ Distinguished Alumnus Award, the highest honor the University confers on alumni. Wells has engineered proteins, antibodies, and small molecules to thwart disease and make drug therapies more effective.
The Northwest Commission on Colleges and Universities (NWCCU) grants accreditation to the Elson S. Floyd College of Medicine, allowing the college to confer the doctor of medicine degree. In August, the college welcomes its charter class of 60 students.

The University issues a statement of support for international students and staff after an executive order bans citizens of seven countries from entering the United States.

A study by WSU chemists is recognized as one of the most influential published in 2016 in the Journal of Materials Chemistry. The chemists created new materials that pave the way for the development of inexpensive solar cells.

WSU physicists use a new technique to create a fluid with negative mass, which accelerates backwards when pushed. Their research may enable scientists to explore new frontiers in astrophysics.

A new donor-funded program called Cougs Feeding Cougs ensures that students who run out of food money will not have to go hungry.

Professor M. Kariuki Njenga of the Paul G. Allen School for Global Animal Health is elected a member of the National Academy of Medicine. Dr. Njenga is a leader in the effort to address emerging zoonotic diseases, infectious diseases in animals that can be transmitted to humans.

Fall enrollment hits a new high: 30,614 registered students statewide.

Students collect clothing, money, medical supplies, and food to assist victims of Hurricane Harvey. The Category 4 storm caused massive flooding in Southeast Texas, Louisiana, Arkansas, Kentucky, and Tennessee, displacing more than 30,000 people from their homes.

The Cougar flag appears on the pregame television show ESPN College GameDay for the 200th consecutive time. Fans wave the flag behind the broadcast set, where it can be seen on national television.

On August 21, all eyes turn to the sky to view a spectacular mid-morning solar eclipse. As the moon obscures about 96 percent of the sun, a deep shadow falls across southern Washington.

The University honors former NFL standout Steve Gleason with the 2017 Regents’ Distinguished Alumnus Award, the University’s highest alumni honor. Gleason has become a leading spokesperson for an Amyotrophic Lateral Sclerosis (ALS) cure.

Ernest Cline, screenwriter and author of the science fiction novel Ready Player One, delivers the 11th annual Common Reading Invited Lecture.

WSU is tapped to lead a nationwide consortium of U.S. universities and industry partners in a five-year, $30 million joint research project with India to advance the development of the power grid in both countries.

A $32.3 million renovation of Troy Hall, built in 1926, is completed. The remodeled building provides classroom and research space for chemical and environmental sciences.

Internationally recognized researcher André-Denis Girard Wright is named dean of the WSU College of Agricultural, Human, and Natural Resource Sciences. Wright formerly directed the University of Arizona’s School of Animal and Comparative Biomedical Sciences.

Patrick Chun steps in as the new WSU director of athletics. Formerly the athletics director at Florida Atlantic University, Chun is the first Asian-American athletic director to lead a school in the Power Five conferences, the top ranks of collegiate football.

The University honors Robert Siegel, recently retired host of National Public Radio’s All Things Considered, with the 2018 Murrow Lifetime Achievement Award.

A WSU research team led by Professor Yuehe Lin finds a way to more efficiently generate hydrogen from water—an important key to making clean energy more viable.

The Institute for Senior Living debuts. Launched by the School of Hospitality and Business Management, the institute prepares future managers of senior housing and care institutions to serve the needs of roughly 75 million aging baby boomers.

Researchers from WSU and Tufts University demonstrate for the first time that a single metal atom can act as a catalyst in converting carbon monoxide into carbon dioxide, a chemical reaction used in catalytic converters to remove harmful gases from car exhaust. The discovery could improve catalytic converter design and significantly influence the field of computational catalysis.

The W.M. Keck Foundation awards $1 million to WSU chemistry professors James Brozik and Kerry Hipps to create molecular machines that self-replicate. The research may allow computers to construct materials or devices to exact specifications, one atom at a time.

The University names longtime faculty member Dr. Bruce Pinkleton to serve as dean of The Edward R. Murrow College of Communication.

The new $15 million Jordan Schnitzer Museum of Art WSU opens its doors to the public. The structure is known as the “Crimson Cube” for its box configuration wrapped in crimson-colored glass.

On Saturday, May 5, 2018, one of the best groups of students in the history of Washington State University graduated during the annual Spring Commencement ceremony at Beasley Coliseum.

ALMA MATER

Washington, my Washington, the Crimson and the Gray!

‘Tis the song of memory that we sing today.

When the sad hours come to you and sorrows ‘round you play,

Just sing the songs of Washington, the Crimson and the Gray!

Just sing the songs of Washington, the Crimson and the Gray!
