Commencement Mission Statement

Commencement at Washington State University represents the culmination of a student's academic achievement. It is a time for celebration and reflection for students, families, faculty, and staff. It brings together the campus community to share the joy of the accomplished goals of our students.

The commencement ceremony at Washington State University serves a dual purpose: to mark a point of achievement, thus completing a chapter in the lives of students and those who support them, and to encourage continued pursuit of learning, personal fulfillment, and engagement with their local and worldwide communities.

Elson S. Floyd, Ph.D.
President,
Washington State University

Elson S. Floyd became the tenth president of Washington State University on May 21, 2007. He previously was president of the four-campus University of Missouri from 2003 to 2007, and he served as president of Western Michigan University from 1998 to 2003.

He began his career in 1978 at the University of North Carolina at Chapel Hill, where he held deanships in the Division of Student Affairs, the General College, and the College of Arts and Sciences. From 1988 to 1990, he was assistant vice president for student services for the UNC system office, where he helped develop student affairs and academic affairs policy for the 16-campus system.

From 1990 to 1993, Dr. Floyd filled vice presidencies at Eastern Washington University and then was executive director of the Washington Higher Education Coordinating Board. From 1995 to 1998, he was executive vice chancellor of UNC at Chapel Hill.

A native of Henderson, North Carolina, Dr. Floyd holds a bachelor of arts degree in political science and speech, a master of education degree in adult education, and a doctor of philosophy degree in higher and adult education, all from the University of North Carolina at Chapel Hill. Among his other honors is the 2004 Distinguished Alumnus Award from the University of North Carolina at Chapel Hill.

Today represents an impressive milestone in your life and in your academic career. I would like to extend my heartiest congratulations to you on your attainment of this goal.

At Washington State University, we strongly believe that we provide the tools necessary to help our students succeed. However, we also recognize that each student ultimately determines his or her own path. It is your hard work, determination, and persistence that have brought you to this day. You, your family, and your friends should be immensely proud of this achievement.

In the years ahead, I know you will often reflect upon what you have experienced here at WSU. Graduation opens the door for you to put to use what you have learned in your classes, laboratories, internships, and campus life. You now have the opportunity to make a difference in the world. Take advantage of it.

Again, congratulations. I wish you every success and trust that you will remain connected to WSU, your alma mater. You will always be a member of the loyal Cougar family.

It is an honor to preside at your commencement. I look forward to shaking your hand and wishing you well after you receive your diploma cover.

Elson S. Floyd, Ph.D.

President, Washington State University

President's Ceremonial Stole

Presented to President Elson S. Floyd during his first commencement ceremony at Washington State University in fall 2007, the ceremonial stole signifies the ethnic diversity the University seeks in all its endeavors and displays a dynamic visual presentation. Researched and designed by faculty member Linda Arthur Bradley with contributions from apparel, merchandising, design, and textiles students, the stole is made of textiles from locations including Ecuador, India, Scotland, and Japan. Many came from personal collections of Bradley or her colleagues, some were available commercially, and four were hand-woven by fiber artists specifically for the stole.

Master Salish weaver Susan Pavel hand-spun and wove two pieces of traditional Indian design. Other custom pieces include a Hawaiian hand appliqué by Charlotte Hughes, an American coverlet sampler by Cynthia Hosek, and embroidered pieces representing the Nez Perce tradition by Ann MacCormack.

President's Chain of Office

During commencement ceremonies and other special occasions, the president of Washington State University wears the President's Chain of Office. The medallion features the WSU shield with Cougar head, and the links are engraved with the names and dates of service for each past WSU president, starting with George Lilley, who served from 1891 to 1892, and ending with V. Lane Rawlins, who served from 2000 to 2007. Blank links allow engraving of names and service years for future presidents.

The Chain of Office was created at the request of V. Lane Rawlins, who became president of WSU on June 8, 2000. He wore it for the first time during his inauguration on March 28, 2001.

Well done Graduates and now Alumni!

From all your professors, mentors, advisors, and staff, congratulations on becoming a graduate of Washington State University. I, too, am a graduate of WSU, and I'll never forget the day I sat where you are sitting and took the same walk to the stage to receive my congratulatory handshake and my diploma (actually it's just the case—the real diploma is mailed to you). That ceremonial walk after all the speeches was truly a cherished event. So when commencement is over, please take a moment to thank all those who helped you on your journey.

As a student at WSU, I, too, liked to see Pullman and WSU in my rear-view mirror as I drove up and away over the hilltop on holiday breaks and long weekends. However, something happened to me as it has to many other graduates who have taken this journey before you. We come back as alumni to visit and participate in events on campus (and, in my case, to teach) because there is nothing better than being a Cougar. Therefore, please return and stay close to WSU. And never forget, wherever your journey takes you, always know this: "Once a Coug—always a Coug!"

Advisory Council*

Graduates,

We applaud your achievements! On behalf of the administrative professionals at Washington State University, I would like to commend each of you on this significant accomplishment. Your discipline and hard work have not only instilled an education, but have shaped the individual you are today. For some of us, this day is extra special because we have had the opportunity to be your mothers and fathers away from home. Like your parents, we are proud of you.

For some of you, graduation marks the end of your academic career; for others, it is a stepping stone for additional training. Regardless of your future path, there will be many opportunities to build on today's achievement. I wish each of you success in your future endeavors.

Welcome to the ranks of Cougar Alumni, and Go COUGS!

Please do not forget to acknowledge and thank the individuals who have supported and guided you through your academic career. It is important that on commencement day, we celebrate both your achievements and the individuals who have contributed to your success.

Commencement, the most joyous moment of your academic journey, marks individual and collective achievement, new beginnings, and hope for the future. Regardless of your course of study, the knowledge that you have gained at Washington State University will allow you to envision both endless possibilities and many more daunting terrains that you can and will conquer.

While you may feel as if you are being ejected into a world of uncertainty, we have every confidence that just as you have overcome numerous hurdles to this point, you will find your way through the challenges that you encounter in the months and years ahead. Throughout your years at Washington State University, whether you realize it or not, you have developed the resilient characteristics of a WSU Cougar. Use these strengths to achieve your post-college aspirations.

As you move forth, remember that Washington State University is your home. We encourage you to remain engaged with the campus and Cougar community. Stay connected with friends and faculty who contributed to your enriching experience at Washington State University. Continue to come to annual Cougar events when your schedule permits. Lastly, wear all your Cougar apparel on a regular basis to never let the color crimson fade.

Commencement represents both a completion and a beginning. Once again, congratulations on the academic completion. ASWSU and GPSA wish you the best in your new beginning. GO COUGS!

COMMENCEMENT 2011

Washington State University, on the occasion of its eleventh annual fall Commencement, cordially welcomes all those who have come to the Pullman campus to share in ceremonies honoring the graduating class of 2011. To class members, the Class of 2011, the University extends sincere congratulations.

WSU enrolls 27,008 students statewide. This includes 18,803 undergraduates and 3,542 graduate and professional students learning at the Pullman and Spokane campuses or through distance education. At the Tri-Cities and Vancouver campuses, 4,663 undergraduate, graduate, and professional students are enrolled.

Commencement is the special occasion that provides public recognition of students' academic achievements. The transcript is the official document certifying the successful completion of specific academic requirements. The diploma is mailed after the ceremony.

The first WSU Commencement, held June 24, 1897, recognized eight students being advanced to degrees—three in engineering, one in biology, two in economics, and two in English. This followed a legislative act in 1895 empowering the college to grant

the usual academic and honorary degrees and issue diplomas.¹ With the construction of Bryan Hall in 1909, Commencement moved to the well-equipped Bryan Auditorium. Enrollment and the number of degree candidates increased over the years, and Commencement moved to Bohler Gymnasium following its construction in 1928. Following World War II and the burgeoning enrollment created by the return of students receiving veterans' benefits (G.I. Bill), Commencement was moved outdoors to Rogers Field in the football stadium (1949-1973). Because it was always possible that inclement weather would disrupt the ceremonies, it was necessary to duplicate arrangements in Bohler Gymnasium. However, only twice in those years—1954 and 1963—was it necessary to move the outdoor ceremony indoors. In 1973, with the completion of Beasley Coliseum, Commencement moved indoors permanently.

In 1986, the University's Commencement Committee recommended decentralizing Commencement to make the event more personal for graduating students. The WSU administration approved, and from 1986 through 1996, an All-University Commencement Assembly was held in the coliseum, and individual college ceremonies took place in the coliseum, Bohler Gymnasium, Bryan Auditorium, Compton Union Building Ballroom, and Hollingbery Fieldhouse. Beginning with the 100th Commencement in May 1996, the college ceremony times were changed to allow some to precede the All-University Assembly. In 1998, due in part to construction in Bohler, the administration approved a Commencement Committee recommendation to hold two ceremonies. Starting in 2000, a three-ceremony format (two ceremonies in the morning and one in the afternoon) was instituted. There was a historic Commencement change during the 2001-

The names of the degree recipients are called in random order as they approach the podium. Students will be viewed on big screens via video as they receive their diploma covers.

The Fall 2011 Commencement program includes degree candidates from August 2011 through December 2011. Those previously awarded degrees are noted with an asterisk. (*) The program is not a listing of those attending the ceremony.

Appearance of a name in this program is presumptive evidence of graduation and graduation honors, but it must not in any sense be regarded as conclusive. Notation on the university transcript remains the official testimony of degree possession.

2002 academic year. For the first time, WSU held two Commencements, one during fall semester (December 15, 2001) and the other during spring semester (May 11, 2002).

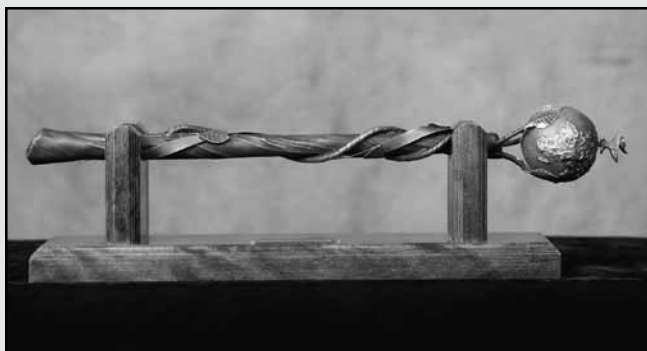

This is the University's eleventh fall commencement since its founding in 1890.

THE UNIVERSITY MACE

The University Mace, a traditional symbol of authority, will lead the faculty march today. The mace is carried by the chair of the Faculty Senate with an honor guard consisting of the presidents of the undergraduate and graduate and professional student associations. Max Kirk, past chair, carries it today, accompanied by Riley Myklebust, president of the Associated Students of WSU, and Ericka Christensen, president of the Graduate and Professional Student Association of WSU.

Created in 1985, the two-foot-long, nine-pound scepter is cast in silver and bronze and features a globe atop a laurel branch, wrapped in a silver ribbon and inscribed "Washington State University." According to designer and craftsman Tim Doeblner of WSU's Department of Fine Arts, "the globe represents the universality of education and the quest for knowledge. Laurel crowns were presented to academicians by the ancient Greeks."

The anvil is a symbol of forging and molding education, rather than forcing it upon students.

Washington State University Highlights, 2007–2011

2007

- Elson S. Floyd took office May 21 as the tenth president of Washington State University. Previously, he was president of the University of Missouri. He succeeded V. Lane Rawlins, who retired from the presidency, but remained on the WSU faculty and is serving as interim director of the William D. Ruckelshaus Center, a joint enterprise of WSU and the University of Washington.
- In research, a WSU team of physicists successfully completed the first experiments using the nation's premiere synchrotron X-ray facility to detect shock wave-induced changes in a crystalline material.
- WSU Regents renamed two Pullman campus buildings. Wilson Hall became Wilson-Short Hall, honoring James F. Short Jr., influential sociology professor, now emeritus. This building was first named for James Wilson, U.S. Secretary of Agriculture from 1897 to 1913. The Plant Biosciences Facility I became the Orville A. Vogel Plant Biosciences Building, named for one of WSU's great agricultural researchers.
- Work continued on major projects on campus in Pullman, including extensive renovation of the Compton Union Building (CUB) and Martin Stadium, home of WSU Cougar football. Another project was transforming the 9-hole WSU Golf Course into WSU's Palouse Ridge Golf Club featuring a new 18-hole championship course and practice facility.
- Testing of an emergency siren and public announcement system on the Pullman campus took place. The system was created to alert and provide information to students, faculty, and staff in the event of a campus-wide emergency.
- For the first time since the 1993–1994 season, the WSU Men's Cougar basketball team, coached by Tony Bennett, made the NCAA national basketball tournament in Sacramento, California. WSU finished second in the Pac-10 Conference and had a 26-8 season record. Tony Bennett, who won numerous Coach of the Year honors, succeeded his father, Dick Bennett, who coached the Cougars for three seasons.
- During a national college football telecast on January 1, WSU's Butch the Cougar was announced as the Capital One Mascot of the Year. Butch edged Testudo, the University of Maryland mascot, in the championship round.

2008

- *Scientific American* named WSU reproductive biologist Patricia A. Hunt one of the top 50 researchers in the world. Her research shows a potential threat to human health posed by bisphenol A (BPA), a component of the polycarbonate plastics used to make food and beverage containers.
- The largest grant to date in WSU history—\$25 million from the Bill & Melinda Gates Foundation—will help construct a \$35 million building that is to become the centerpiece of the new WSU School for Global Animal Health.
- In April, pop music icon Elton John performed in two WSU Mom's Weekend concerts at Beasley Coliseum.
- Named for WSU's illustrious graduate Edward R. Murrow, the university's Murrow School of Communication became The Edward R. Murrow College of Communication on July 1. It had long been part of the College of Liberal Arts.
- The initial class of WWAMI (Washington, Wyoming, Alaska, Montana, Idaho) medical program students began classes at a new site, WSU Spokane. WSU's Pullman campus first had WWAMI students in 1972.
- The newly-renovated Compton Union Building and Martin Stadium opened for fall semester.
- Palouse Ridge Golf Club, an 18-hole championship-level golf course on the WSU campus, officially opened in August. Developed with private funding, the award-winning course is a transformation of the 9-hole WSU Golf Course.
- Washington State University received nearly \$156 million in new research grant awards during the 2007–08 fiscal year, an increase of about 16 percent from the previous year.
- Capping a challenging football season, the WSU Cougars, led by head coach Paul Wulff, defeated the Washington Huskies 16-13 in double overtime at Martin Stadium in the Apple Cup game.
- WSU's KTNW and KCTS 9 Seattle launched V-me, the first 24-hour Spanish-language channel distributed by public television stations.
- Viji Murali, vice president for information services and chief information officer, was selected as one of the "Premier 100 IT Leaders for 2009" in *Computerworld* magazine's December 8 issue.

2009

- In celebration of the 20th annual Festival of Contemporary Art Music at WSU, FoCAM's 2009 guest composer was WSU music faculty member Charles Argersinger, the festival's founding director.
- Douglas Epperson, formerly of Iowa State University, began serving as dean of the WSU College of Liberal Arts.
- WSU President Elson S. Floyd taught a graduate seminar in higher education administration this fall. During last spring's discussions on handling sharply declining state revenues, he decided to teach as he has done as president or vice president at the four other universities he has served.
- Research teams at WSU were awarded more than \$15 million in U.S. Department of Agriculture grants for specialty crops such as tree fruit, wine grapes, and potatoes. They received nearly a third of the \$47.3 million awarded nationally, placing them among the top recipients.
- The WSU College of Business is outstanding, according to *The Princeton Review*, which featured the school in the 2010 edition of its book, *The Best 301 Business Schools*. And America's Best Colleges 2010 annual rankings by *U.S. News & World Report* list the WSU Writing Program among the nation's best.
- Dr. Dwight Damon, an orthodontic dentistry innovator, is the 40th Regents' Distinguished Alumnus Award honoree. An outstanding student and basketball and baseball athlete while at WSU, he is recognized internationally for developing the "Damon Bracket," a dental brace system that transformed the way orthodontists practice. He is a 1962 graduate in zoology.

2010

- WSU 1969 graduate Leslie V. Rowe, U.S. Ambassador to Mozambique, spoke at the WSU Honors College's V.N. Bhatia Lecture, part of the college's 50th anniversary celebration.
- President Elson S. Floyd announced a Community Engagement Tour to hold "town hall" meetings in all of the state's 39 counties to hear from stakeholders and discuss WSU initiatives. The tour started in March.
- During the spring, Bill Moos became director of athletics. He succeeded Jim Sterk, now at San Diego State. A WSU graduate, former Cougar football player, and WSU athletics administrator, Moos returned to WSU after serving as athletic director at the universities of Oregon and Montana.
- With a 37-0 win over Temple, the WSU women's rugby team won the USA Rugby Division II Women's national championship in Palo Alto, California.
- WSU's baseball team continued to impress, finishing third in the Pac-10 Conference with 37 season wins. Three of those victories were in an NCAA Regional playoff in Fayetteville, Arkansas. In the NCAA Rowing Championships in Gold River, California, WSU Rowing placed eighth in the second varsity eight and 13th as a team. Donnie Marbut and Jane LaRiviere are respective baseball and rowing head coaches.
- WSU's School for Global Animal Health broke ground on its new headquarters and research facilities. It will enhance the university's multidisciplinary strengths in discovery, development, and implementation of life-saving protocols at the human-animal interface.
- WSU is ranked among the nation's top 15 percent of colleges, universities, and trade schools that are doing the most to embrace America's veterans as students, says *G.I. Jobs* magazine.
- In the midst of a lingering economic downturn and despite continuing reductions in state funding, WSU faculty and researchers have achieved more than a 40 percent increase in the amount of outside research and other grant funding awarded to the university over the past two fiscal years.

2011

- Washington State University set a record for enrollment in fall 2011, with a total of 27,008 students enrolling across the university's four campuses. For the second year in a row, fall enrollment at the Pullman campus also surpassed the 20,000 mark, with a total enrollment of 21,016 students, up from 20,058 in 2010. The university's enrollment growth was driven by a record class of entering freshmen, which numbered 4,473 system-wide, an increase of more than 27 percent from fall 2010.
- In September, representatives of the university and the tree fruit industry announced the largest gift in WSU's history, \$27 million over eight years. Apple and pear growers approved an assessment on their crops that will fund an endowment at WSU. Through use of that endowment, WSU will create six endowed chairs to focus on tree-fruit research, will establish positions in tree fruit production regions to help make those technological advances widely available to Washington growers and shippers, and will support dedicated research orchards in Prosser and Wenatchee.
- Professor Emeritus James Cook received the Wolf Prize for Agriculture from the Israel-based Wolf Foundation in Jerusalem on May 23. Dr. Cook was recognized for his seminal discoveries in plant pathology and soil microbiology that impact crop productivity and disease management. "The prize has become a predictor of the Nobel," said Israel's Minister of Education and Wolf Foundation Council Chairman Gideon Sa'ar. "One out of every three Wolf Prize Laureates in chemistry, physics and medicine has gone on to receive the Nobel Prize."
- Total water usage on the Pullman campus dropped to the lowest recorded level in 50 years. WSU pumped 459 million gallons of water to serve the Pullman campus during the 2010 calendar year, roughly a 4 percent decline from the 479 million gallons pumped to serve the campus in 2009. The university's 2010 water usage also represented nearly a 283 million gallon, or 38 percent, consumption decrease from WSU's all-time peak water consumption level of 741,898,600 gallons in 1984.
- The Writing Program at Washington State University made its tenth appearance as one of the nation's top academic programs in the "America's Best Colleges 2012" report by *U.S. News & World Report*. Named an "Academic Program to Look For" in the "Writing in the Disciplines" category, the Writing Program puts WSU in the company of 17 other universities, including Harvard, Duke, and Princeton. It is the only program from the PAC-12 to make the list.
- On December 10, 2011, one of the best groups of students ever in the history of Washington State University graduated during the 11th annual fall commencement ceremony in Beasley Coliseum.

ACADEMIC REGALIA

Academic regalia arose through evolution and modification of the robes worn by medieval students, who were usually clerics in the cathedral schools and monasteries established by the church. As early as 1321, a medieval statute required that all doctors, licentiates, and bachelors wear academic gowns and hoods. Gowns were necessary for warmth in the unheated medieval buildings, and hoods may have been designed to cover tonsured heads. Today, immediately after receiving a charter, new institutions adopt a distinctive design for academic attire expressive of their individuality.

On May 26, 1895, a group of institutional representatives met at Columbia University to establish a uniform code for academic regalia in this country.

The approved academic attire for all graduates is composed of a cap and gown. For master's and doctoral graduates, a hood is included. The basic article of attire is the gown, usually black in color, and similar in design for all degrees with the sleeves being the principal indicator of degree level. Gowns for those graduating with a bachelor's degree have pointed sleeves; the sleeves on master's gowns arc away at the front; and doctoral gowns have round, bell-shaped sleeves. Bachelor's and master's gowns are untrimmed while doctoral gowns feature distinctive velvet facing down the front and three velvet bars on each sleeve.

The hood has become the colorful standard-bearer of academic symbolism. By examining the hood, an informed observer should be able to identify the degree level, the academic field of study in which the degree was earned, and the institution that conferred the degree. The hood is made of the same material as the gown. Hood length varies according to degree: bachelor's—three feet, master's—three and a half feet, and doctor's—four feet in length and has panels at the sides. The color or colors of the hood lining indicate the institution that conferred the degree (crimson and gray for WSU). The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees. The border color represents the faculty or field of study in which the degree was awarded. At WSU, bachelor's degree candidates do not wear hoods.

The approved cap of the academic costume is the mortarboard or Oxford cap—a stiff board nine inches square, placed on a soft cap and joined in a pointed design in front and back. The front of the cap is shorter than the back, but the color is always that of the gown and uniformly black for the four-year degrees. The use of velvet has been reserved for the cap for the doctor's degree. A silk cord with a tassel made of many threads is attached to a button in the center of the board. The cord's and tassel's lengths may vary with the degree of the wearer. The tassel and cord may be black for any degree, but a gold metallic cord and tassel have been approved for the doctor's cap. The tassel may reflect the color of the field of study in which the degree was earned, and a few institutions use tassels of varied colors to indicate academic honors. For more on academic regalia visit www.acenet.edu/resources/regalia.

FALL COMMENCEMENT 2011 SPEAKER

Brigadier General Julie Bentz is a director for strategic capabilities policy on the National Security Staff (NSS) for the National Security Council and Homeland Security Council. She is responsible for providing oversight and policy coordination to increase U.S. capability and capacity for the nation's nuclear defense. This includes writing presidential policy, coordinating interagency dialogue, informing presidential budgetary decisions, and building consensus on interagency initiatives in detection, nuclear forensics and attribution, countering improvised explosive devices, and programs that develop the U.S. technical capability to counter nuclear threats.

Prior to her assignment on the NSS, General Bentz served as the principal deputy for nuclear defense within the Office of the Deputy Assistant to the Secretary of Defense for Nuclear Matters. Before that, she worked on the Homeland Security Council where she helped to establish a joint domestic nuclear detection office within the Department of Homeland Security and played a key role in developing a whole-government approach to nuclear forensics including the creation of the National Technical Nuclear Forensics Center.

General Bentz is assigned to the NSS from the National Guard Bureau and has served in a variety of active, reserve, and National Guard assignments revolving around nuclear defense, homeland security, health physics, environmental sciences, and traditional nuclear, biological, and chemical officer assignments. Dr. Bentz holds a doctorate in nuclear engineering from the University of Missouri-Columbia.

2011 REGENTS' DISTINGUISHED ALUMNUS

The Regents' Distinguished Alumnus Award, first presented in 1962, is the highest honor granted to alumni at Washington State University. Ambassadors, educators, business leaders, scientists, journalists, athletes, authors, and more all have made significant contributions to society and, through their accomplishments and achievements, both personally and professionally, have brought attention to the quality of a Washington State University education.

A celebrated physician, renowned dermatologist, researcher, and instructor, **Dr. John E. Olerud**, class of 1965, is the 2011 Regents' Distinguished Alumnus Award recipient. During his time at WSU, Dr. Olerud played three years of varsity baseball and was an All American in 1965. While pursuing pre-med studies, Dr. Olerud played seven years of professional baseball. He has served his medical profession in a number of prominent roles. He is the George F. Odland Professor of Medicine and head of the Division of Dermatology at the University of Washington. He is a principal investigator for numerous federal grants including a training grant for physicians and scientists in skin biology. Dr. Olerud is a prolific researcher, publishing 92 peer-reviewed articles and numerous chapters and abstracts since 1974, and has served as president of the Association of Professors of Dermatology.

"There are only a few John Oleruds in this world," says nominator Bobo Brayton. "He leads by inspiration and example. We can be proud of his exceptional service to the medical profession."

The Star Spangled Banner was ordered played at military and naval occasions by President Woodrow Wilson in 1916, but was not designated the national anthem by an Act of Congress until 1931. The words were written in 1814 by Francis Scott Key, who had been inspired by the sight of the American flag still flying over Fort McHenry after a night of heavy British bombardment. The text was immediately set to a popular melody of the time. At almost every occasion, only the first verse is sung.

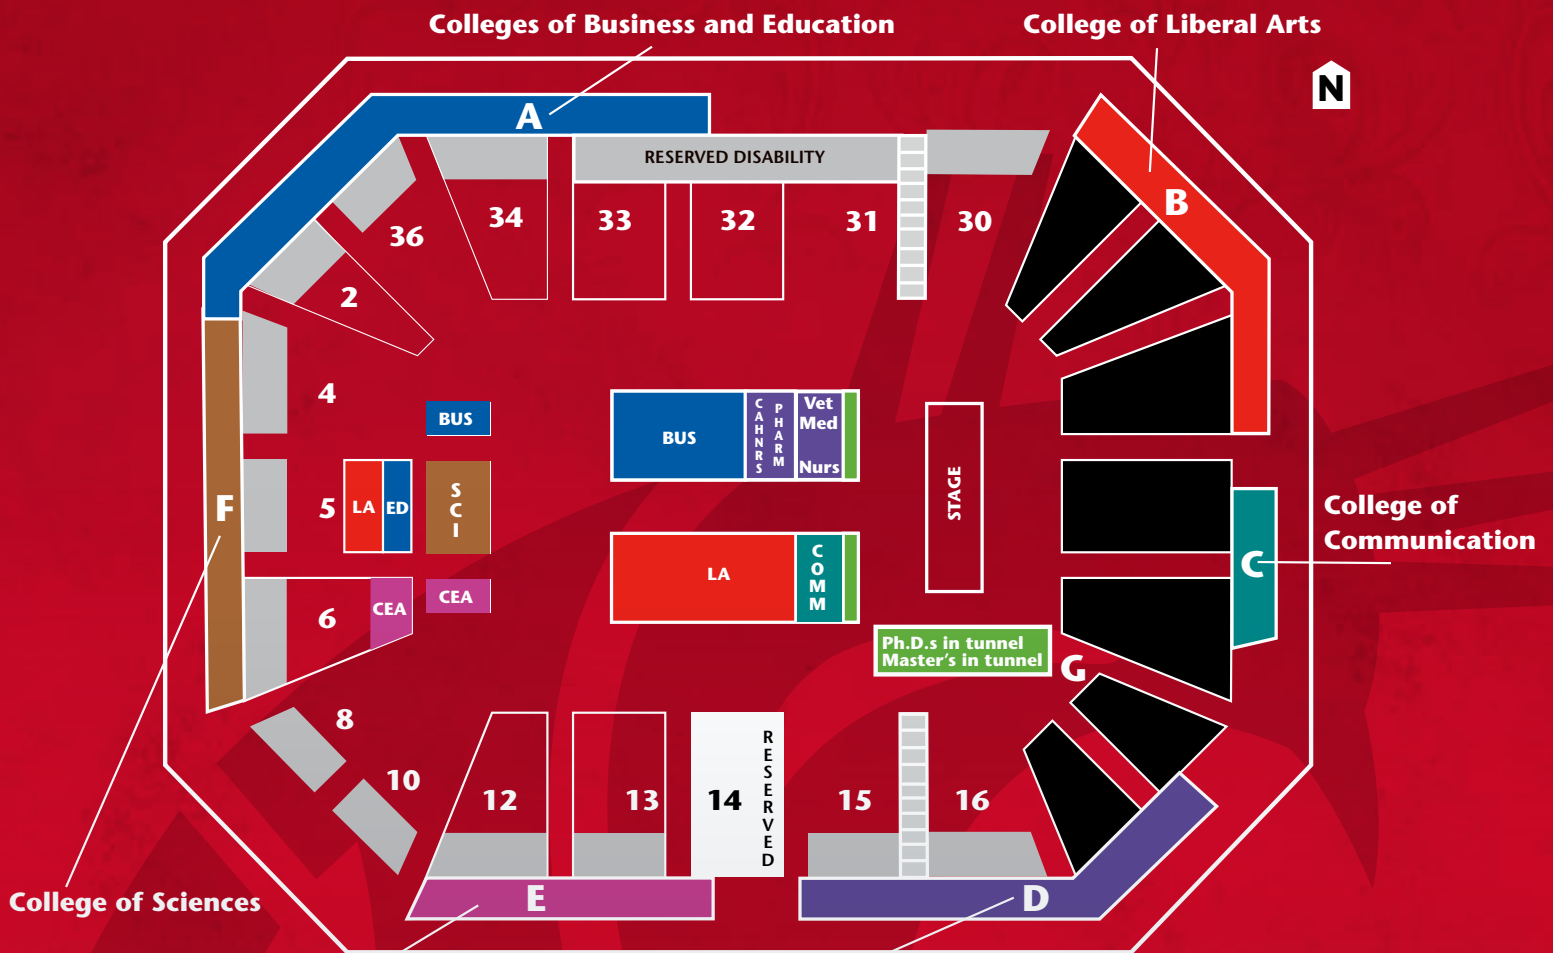

The Star Spangled Banner

*Oh, say can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rocket's red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh say, does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?*

*On the shore, dimly seen through the mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze, o'er the towering steep,
As it fitfully blows, now conceals, now discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected now shines on the stream:
'Tis the star-spangled banner! O long may it wave
O'er the land of the free and the home of the brave.*

*And where is that band who so vauntingly swore
That the havoc of war and the battle's confusion
A home and a country should leave us no more?
Their blood has wiped out their foul footsteps' pollution.
No refuge could save the hireling and slave
From the terror of flight, or the gloom of the grave:
And the star-spangled banner in triumph doth wave
O'er the land of the free and the home of the brave.*

*Oh! thus be it ever, when freemen shall stand
Between their loved homes and the war's desolation!
Blest with victory and peace, may the heaven-rescued land
Praise the Power that hath made and preserved us a nation.
Then conquer we must, for our case it is just,
And this be our motto: "In God is our trust."
And the star-spangled banner forever shall wave
O'er the land of the free and the home of the brave!*

WASHINGTON, MY WASHINGTON

*Washington, My Washington
The Crimson and the Gray,
'Tis the songs of memory
That we sing today,
When the sad hours come to you
And sorrows 'round you play,
Just sing the songs of Washington
The Crimson and the Gray,
Just sing the songs of Washington
The Crimson and the Gray.*
