From this moment on, you are forever part of Washington State University. And wherever you go from here, part of WSU goes with you.

Go Cougs!

KIRK H. SCHULZ  
PRESIDENT  
WASHINGTON STATE UNIVERSITY

## CONGRATULATIONS, AND BEST WISHES

Dear Graduates:

Although the manner of celebrating your graduation may look a little different than anticipated due to the impact of the COVID-19 virus, know that our enthusiasm about your accomplishments and achievement of this life milestone has never been greater.

Indeed, the Class of 2020 has demonstrated without a doubt the resiliency and can-do attitude that Cougs are known for worldwide. You have adapted, persevered, and succeeded in the face of this historic pandemic, demonstrating to all that the resolve of Cougs is unbreakable in the face of life's challenges.

On behalf of the faculty, administration, and staff of Washington State University, congratulations. Earning a college degree is a tremendous life triumph—and you, your family, and your friends should be immensely proud.

As you transition to the next stage in your life, I hope you will stay connected to WSU. You can count on Cougs everywhere to support you throughout your professional and personal journey in the years ahead.

Best wishes, and Go Cougs!

A handwritten signature of Kirk H. Schulz.

### WSU PRESIDENT KIRK SCHULZ

*Kirk Schulz is nearing the completion of his fourth year as president of Washington State University. He became the 11th president of WSU and a tenured professor in the Gene and Linda Voiland School of Chemical Engineering and Bioengineering on June 13, 2016, after a seven-year tenure as the president of Kansas State University.*

*President Schulz is leading a major institutional initiative to make WSU one of the nation's top 25 public research universities by 2030. The Drive to 25 will create a transformative educational experience for students and accelerate development of a preeminent research portfolio.*

*Maintaining the momentum of the Elson S. Floyd College of Medicine is another of the president's top priorities. The college welcomed its second class of 60 medical students last August, marking another milestone in the University's efforts to change the face of health care in Washington.*

**GREGORY CROUCH**  
CLINICAL PROFESSOR,  
CHEMISTRY CHAIR,  
WSU FACULTY SENATE

Congratulations graduates of Washington State University. After many years of hard work and too much coffee, you've made it to the gate. Some of you will be heading to graduate or professional school, others to the workplace, military, or other career opportunities. Regardless of your chosen path, you face a common (and very likely long-term) challenge that will require every bit of your education, training, common sense, and life experience to overcome.

What is the challenge? The challenge is to discern fact from fiction, to tell the difference between objective reporting from rumor and speculation, to separate what is real from what is not. This issue lies at the heart of our near instantaneous connectedness through social media platforms such as Facebook and Twitter. These platforms, as we've seen time and again, are vulnerable to smart people intent on blurring the lines between reality and fiction. Whether their goal is to sow the seeds of chaos, malicious intent, or just simple fun, those who exploit this vulnerability put our communities, our state, our nation, and our world in jeopardy. Your generation faces this challenge more than any other—you are stepping into it with both feet, and you must continually develop the skills necessary to mediate this threat.

How? By pausing before retweeting or sharing. By taking the time to fact check using sites devoted to this purpose (e.g. snopes.com, factcheck.org, or politifact.com). By curating your news sources in such a way as to avoid media bias. By not sending an email when you are angry. Above all, by continuing to develop your common sense and by continually challenging yourself to understand and own your biases (we all have them) and your assumptions (we all make them).

Commit to staying well-informed. Read the news every day. Continue to learn world history; the record of the past provides critical insight as to how we have arrived at where we are now. Use your hard-earned research and critical thinking skills to find, analyze, and use reliable expert commentary on difficult problems. Rely on evidence-based science. Remember that opinions are not fact. With these tools, don't be afraid to *respectfully* speak out rather than taking the easier path of following the popular view, as it's not always the right view.

Engage with your community. Sometimes it is as simple as meeting your neighbors. Sometimes it is committing to change by running for a local political office or seeking out volunteer opportunities. Exercise your right to vote and encourage others to vote.

Perhaps most importantly, don't be apathetic and think that you can't make a difference. Remember and live by our motto of "Coug helping Cougs." This motto is what makes WSU unique and is the foundation of our shared values of civility, respect, and empathy. When you step away from WSU and enter the next phase of your life, I urge you to remember these values with perhaps a simple truncation to "Coug helping." Listen to understand before speaking, own and control your assumptions and biases, and whenever possible, open doors for people, both literally and figuratively.

Your life experiences and time at WSU have prepared you well to meet the opportunities and challenges ahead.

Go Cougs!

Greg Crouch  
Chair, WSU Faculty Senate

**STEPHANIE RINK**  
CHAIR  
ADMINISTRATIVE PROFESSIONAL ADVISORY COUNCIL

Dear WSU graduates,

I am honored to write to you on this momentous day—one that will live forever in your hearts. It is your time to relish in your accomplishments while looking forward to the next chapter in your lives. For many of you, the thought of leaving behind the rolling hills of the Palouse feels bittersweet, but it is the culmination of everything you have worked so hard to achieve.

There is no greater satisfaction for the WSU administrative professional staff than to witness all your successes and share this moment with you. You have earned your place here today through your hard work, tenacity, and determination. You have spent late nights working on projects; built strong, meaningful friendships; and connected with faculty and staff who have inspired you and whom you have inspired. We are blessed and honored to have been able to cheer you on during your journey.

As you watch Pullman disappear in the rearview mirror, you will reflect on the many treks made across campus. You have cultivated life-long bonds, experienced triumphs and heartbreak, and gained deeper knowledge and insight into the world around you and a wealth of other experiences that have shaped who you are today. Always hold those memories close while you forge ahead and add value to the world. No matter where your path takes you, remember: You will always have a home at WSU.

Former first lady Michelle Obama once said, “Success isn’t about how much money you make. It’s about the difference you make in people’s lives.” When you leave here today, remember these words and be the sun who brightens someone’s day or the moon that shines the light in their darkest hour—both equally important and impactful.

On behalf of the Administrative Professional Advisory Council, congratulations on all your accomplishments, and Go Cougs!

## ACADEMIC REGALIA AND SYMBOLS

The academic regalia worn by graduating students—caps, gowns, and hoods—are part of a tradition that reaches back nearly 900 years to a time when universities were first being formed.

A statute from the year 1321 required all doctors, licentiates, and bachelors to wear academic gowns and hoods. These accoutrements denoted the wearer's special status in a time when education was an extraordinary achievement. They had a practical side, too: gowns and hoods kept scholars warm in unheated medieval buildings.

Today, after receiving a charter, new institutions adopt a distinctive design for their own academic attire—yet these designs also follow a common code. In May 1895, an intercollegiate commission met at Columbia University to establish a uniform code for academic regalia that has been followed by U.S. colleges and universities ever since.

### WSU'S UNIQUE GOWNS

A distinctive commencement rental gown for students earning Ph.D., Ed.D., and DNP degrees debuted in spring 2012. The gown is crimson with gunmetal-gray velvet accents and a matching velvet tam. WSU is the only university with a custom rental gown.

The purchased version of the gown is designed with a split hood, two silver WSU shield medallions holding the hood in place, two WSU medallion cuff links on each sleeve, and other embellishments.

### THE ACADEMIC COLOR CODE

You can identify the subject area of a college graduate's degree by the color of the trimmings on doctoral gowns, the edging of master's and doctoral hoods, and the tassels on the cap.

Agriculture: Maize	Forestry: Russet	Philosophy: Dark Blue
Arts, Letters, Humanities: White	Journalism: Crimson	Physical Education: Sage Green
Commerce, Accountancy, Business: Drab	Law: Purple	Public Administration, including Foreign Service: Peacock Blue
Dentistry: Lilac	Library Science: Lemon	Public Health: Salmon Pink
Economics: Copper	Medicine: Green	Science: Golden Yellow
Education: Light Blue	Music: Pink	Social Work: Citron
Engineering: Orange	Nursing: Apricot	Theology: Scarlet
Fine Arts including Architecture: Brown	Oratory (Speech): Silver Gray	Veterinary Medicine: Gray
	Pharmacy: Olive Green	

For more on academic regalia, visit the American Council on Education at [acenet.edu](http://acenet.edu).

### THE ACADEMIC COSTUME CODE: CAPS, GOWNS, AND HOODS

The American Council on Education maintains the academic costume code followed by all U.S. higher education institutions.

The approved attire for all graduates is composed of a cap and gown. For master's and doctoral graduates, a hood is included. The basic article of attire is the gown, usually black in color, and similar in design for all degrees. Doctoral gowns feature distinctive velvet trimmings on the front and three velvet bars on the sleeves; bachelor's and master's gowns are untrimmed. Gowns for those graduating with a bachelor's degree have pointed sleeves, the sleeves on master's gowns arc away at the front, and doctoral gowns have round, bell-shaped sleeves.

The familiar flat-topped cap—called a mortarboard or Oxford cap—can be worn by graduates regardless of degree. The color is usually the same as the gown; for four-year degrees, gowns and caps are always black. Doctoral caps are covered in velvet.

The hood has become the colorful standard bearer of academic symbolism. By examining the hood, it is possible to identify the degree level, the academic field of study in which the degree was earned, and the school that conferred the degree.

Hood length varies according to degree: doctoral, four feet with panels at the sides; master's, three and a half feet; and bachelor's, three feet. However, at WSU and many other universities, bachelor's degree candidates do not wear hoods. The color of the hood lining indicates the school that conferred the degree—for WSU this is crimson and gray, of course. The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees.

### THE WSU MACE

The mace is a traditional symbol of legal and chartered authority; it is an evolution of the ceremonial scepters that have been carried by kings and dignitaries through thousands of years of human history.

The University Mace is carried today by Greg Crouch, chair of the Faculty Senate. He is accompanied by an honor guard consisting of Quinton Berkompas, president of the Associated Students of WSU (ASWSU), and Matthew Sutherland, Vice President of the WSU Graduate and Professional Student Association (GPSA).

Created in 1985 by WSU alumnus Tim Doebler, the two-foot-long scepter is cast in silver and bronze and weighs nine pounds. It features a globe atop a laurel branch wrapped in a silver ribbon and inscribed "Washington State University." The globe represents the universality of education and the quest for knowledge. Laurel crowns are symbols of achievement which date back to ancient Greece. Atop the globe sits an anvil, which symbolizes students forging and shaping new knowledge and capabilities.

## ALMA MATER

Washington, my Washington,  
the Crimson and the Gray!

'Tis the song of memory  
that we sing today.

When the sad hours come to you  
and sorrows 'round you play,

Just sing the songs of Washington,  
the Crimson and the Gray!

Just sing the songs of Washington,  
the Crimson and the Gray!
