TO OUR GRADUATES

Thank you for joining the Cougar family. It has been our privilege to take this journey with you over the past few years.

From this moment on, you are forever part of Washington State University.
And wherever you go from here, part of WSU goes with you.

Go Cougs!

TO OUR VISITORS

Thank you for supporting your students! Washington State University enthusiastically welcomes all who have come to the Pullman campus to honor the final graduating class of 2022. We're proud of the growing family of Cougar alumni and are honored that you have chosen to celebrate the achievements of our newest alumni with us.

PHOTOGRAPHY COVERAGE

Photography and video will be available through After Image Visual Services. Proofs will be mailed to each graduate's permanent address and will also be posted online at gradphotos.biz/wsu. KIRK H. SCHULZ
PRESIDENT
WASHINGTON STATE UNIVERSITY

CONGRATULATIONS ON YOUR ACCOMPLISHMENTS!

Congratulations, Class of 2022, on completing the requirements for an academic degree from Washington State University. It is an honor to celebrate the outstanding achievements that brought you to this pivotal moment. During an unprecedented time in our history, you demonstrated the resiliency and can-do attitude that Cougs are known for worldwide. You adapted, persevered, and stayed focused on the ultimate prize of earning a degree. I commend you for your efforts.

But you did not make the trip alone. I encourage you to thank the friends, family, and mentors who have helped you along your academic journey. Take time to celebrate this monumental accomplishment and remember to stay connected with your alma mater.

I hope that you will remember that “Once a Cougar, always a Cougar” is more than just a phrase—it’s a promise that more than 220,000 members of our global alumni network can attest to. As you move into the next phase of your life, you’ll find that your WSU friends, colleagues, and Cougar alums will always have your back, professionally and personally.

Best wishes and Go Cougs!

A handwritten signature in black ink that reads "Kirk H. Schulz".

Kirk H. Schulz, President
Washington State University

WSU PRESIDENT KIRK SCHULZ

Kirk Schulz became the 11th president of WSU and a tenured professor in the Gene and Linda Voiland School of Chemical Engineering and Bioengineering on June 13, 2016, after a seven-year tenure as the president of Kansas State University. President Schulz has made a remarkable impact while serving as WSU's chief executive. The milestones achieved under his leadership include record student enrollment, record research and development expenditures, the addition of new academic degree programs to meet state needs, and the continued growth of the Elson S. Floyd College of Medicine, which graduated its first class of students in May 2021, marking another major achievement in the university's efforts to change the face of health care in Washington.

CHRISTINE HORNE
FACULTY SENATE CHAIR

Dear Friends,

You may have seen the movie *The Truman Show*. If you haven't, take some time to watch it—it will make what I'm about to say make more sense. In the movie, Truman Burbank, played by Jim Carrey, lives his ordinary life in the town of Seahaven as husband to Meryl and employee at an insurance business. He thinks what he sees is the real world. What he doesn't know is that he is actually living in a reality TV show. The real story is not what he thinks it is.

The same can be true of life. We think we know what the story is, but we're wrong. We think our life is about our accomplishments, about the things that people can see. Consider your graduation from WSU. This is an accomplishment! You've fulfilled your dream. You deserve to feel proud. But your accomplishments (and failures) are not your identity.

The real Coug story is not the grades you got or a BA after your name or a diploma to hang on the wall. Instead, the real story is who you became during your time at WSU. Perhaps as you struggled to understand a difficult concept you became a person who perseveres through hard things. Perhaps in Bio 101 and Psych 230 you developed a sense of awe toward life and the body. Perhaps as you opened your mind to new ideas, you became a person who can handle risk and uncertainty. Perhaps as you worked on those pesky group projects you became a person who can work effectively with others. Perhaps as you learned history and sociology and deepened your understanding of others' experiences, you became more compassionate. Perhaps you have learned to solve problems, think clearly, and write cogently. You have gained knowledge and skills and done some growing up. Your degree is a symbol, and indicator, of how you have changed. But what you are really taking with you is you. And what matters moving forward is not your accomplishments and failures, but who you are and who you continue to become.

What's true for you is also true for others. What matters about others is not their accomplishments and failures, but who they are and what they aspire to be. When you interact with all the people you bump up against in your life, remember that their real story, like yours, is also not the symbols or indicators visible on the outside.

We are living in complicated times. Whatever your next steps, I hope that you take who you have become and continue to build, to learn, and to live your values. As you engage with your life, you will have opportunities to learn and grow, to integrate your experience, to become who you are meant to be and to do the work of the world. The world needs your best self—your knowledge, your skills, your values.

That's the real story. Let's all move forward in embracing the challenges life brings.

Go Cougs!

ASWSU GLOBAL
PRESIDENT

**SAMANTHA JAUREQUI
EDGERTON**
GPSA PRESIDENT

To the fall graduates of the Class of 2022:

On behalf of your student governments, the Graduate and Professional Student Association, the Associated Students of Washington State University Global, and the Associated Students of Washington State Pullman, congratulations on reaching this momentous milestone and earning your degree from Washington State University! Your passion and drive have brought you to where you are today, so carry your degree with pride.

Throughout your time at WSU, we hope you had the opportunity to take advantage of the student involvement activities and to find your own community, in addition to your academics. This well-rounded experience is irreplaceable and unique to you. This amazing accomplishment is just one step in your journey, and we cannot wait to see what contributions to the world you will make next!

Commencement is a celebration of reaching a milestone, a monumental achievement dreamed of by your parents, grandparents, and most importantly, yourselves. You have fulfilled the ambitions and hopes of those who came before you, and as you leave WSU, we invite all of you to reflect on your journey to this point and to dream big for your future. Many of you will travel the world and many more will find what you are seeking closer to home; in all that you do, never stop learning, never stop dreaming, and never stop engaging with your fellow Cougs and the community you choose to build in your lives. You have the fortitude. You reached this milestone while navigating all the fear and uncertainties brought about by the pandemic. You revealed your adaptability, your perseverance, and your commitment to making the world a better place while overcoming unprecedented challenges. To quote the late Chadwick Boseman, remember that purpose is “an essential element of you. It is the reason you are on the planet at this particular time in history...Whatever you choose for a career path, remember, the struggles along the way are only meant to shape you for your purpose.” As you continue this great journey of life, we know that you will always find your way home.

Congratulations on your academic achievements; ASWSUP, ASWSUG, and GPSA wish you the best of luck moving forward.

ACADEMIC REGALIA AND SYMBOLS

The academic regalia worn by graduating students—caps, gowns, and hoods—are part of a tradition that reaches back nearly 900 years to a time when universities were first being formed.

A statute from the year 1321 required all doctors, licentiates, and bachelors to wear academic gowns and hoods. These accoutrements denoted the wearer's special status in a time when education was an extraordinary achievement. They had a practical side, too: gowns and hoods kept scholars warm in unheated medieval buildings.

Today, after receiving a charter, new institutions adopt a distinctive design for their own academic attire—yet these designs also follow a common code. In May 1895, an intercollegiate commission met at Columbia University to establish a uniform code for academic regalia that has been followed by US colleges and universities ever since.

WSU'S UNIQUE GOWNS

A distinctive commencement rental gown for students earning PhD, EdD, and DNP degrees debuted in spring 2012. The gown is crimson with gunmetal-gray velvet accents and a matching velvet tam. WSU is the only university with a custom rental gown.

The purchased version of the gown is designed with a split hood, two silver WSU cougar head medallions holding the hood in place, two WSU medallion cufflinks on each sleeve, and other embellishments.

THE ACADEMIC COLOR CODE

You can identify the subject area of a college graduate's degree by the color of the trimmings on doctoral gowns, the edging of master's and doctoral hoods, and the tassels on the cap.

Agriculture: Maize	Forestry: Russet	Philosophy: Dark Blue
Arts, Letters, Humanities: White	Journalism: Crimson	Physical Education: Sage Green
Commerce, Accountancy, Business: Drab	Law: Purple	Public Administration, including Foreign Service: Peacock Blue
Dentistry: Lilac	Library Science: Lemon	Public Health: Salmon Pink
Economics: Copper	Medicine: Green	Science: Golden Yellow
Education: Light Blue	Music: Pink	Social Work: Citron
Engineering: Orange	Nursing: Apricot	Theology: Scarlet
Fine Arts including Architecture: Brown	Oratory (Speech): Silver Gray	Veterinary Medicine: Gray
	Pharmacy: Olive Green	

For more on academic regalia, visit the American Council on Education at [acenet.edu](https://www.acenet.edu).

THE ACADEMIC COSTUME CODE: CAPS, GOWNS, AND HOODS

The American Council on Education maintains the academic costume code followed by all US higher education institutions.

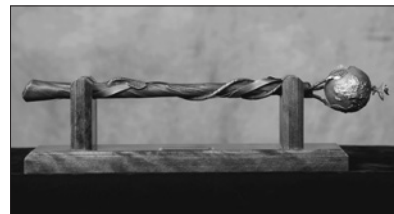

The approved attire for all graduates is composed of a cap and gown. For master's and doctoral graduates, a hood is included. The basic article of attire is the gown, usually black in color, and similar in design for all degrees. Doctoral gowns feature distinctive velvet trimmings on the front and three velvet bars on the sleeves; bachelor's and master's gowns are untrimmed. Gowns for those graduating with a bachelor's degree have pointed sleeves, the sleeves on master's gowns arc away at the front, and doctoral gowns have round, bell-shaped sleeves.

The familiar flat-topped cap—called a mortarboard or Oxford cap—can be worn by graduates regardless of degree. The color is usually the same as the gown; for four-year degrees, gowns and caps are always black. Doctoral caps are covered in velvet.

The hood has become the colorful standard bearer of academic symbolism. By examining the hood, it is possible to identify the degree level, the academic field of study in which the degree was earned, and the school that conferred the degree.

Hood length varies according to degree: doctoral, four feet with panels at the sides; master's, three and a half feet; and bachelor's, three feet. However, at WSU and many other universities, bachelor's degree candidates do not wear hoods. The color of the hood lining indicates the school that conferred the degree—for WSU this is crimson and gray, of course. The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees.

THE WSU MACE

The mace is a traditional symbol of legal and chartered authority; it is an evolution of the ceremonial scepters that have been carried by kings and dignitaries through thousands of years of human history.

The University Mace is carried today by Christine Horne, chair of the Faculty Senate. She is accompanied by an honor guard consisting of Jacob Martinez, president of the Associated Students of WSU (ASWSU), and Jaurequi Edgerton president of the WSU Graduate and Professional Student Association (GPSA).

Created in 1985 by WSU alumnus Tim Doebler, the two-foot-long scepter is cast in silver and bronze and weighs nine pounds. It features a globe atop a laurel branch wrapped in a silver ribbon and inscribed "Washington State University." The globe represents the universality of education and the quest for knowledge. Laurel crowns are symbols of achievement which date back to ancient Greece. Atop the globe sits an anvil, which symbolizes students forging and shaping new knowledge and capabilities.

CANDIDATES FOR ADVANCED DEGREES

NOTICE: Appearance of a name in this program is presumptive evidence of graduation and associated honors, but it must not be regarded as conclusive. Notation on the university transcript remains the official testimony of degree possession.

Diplomas are mailed after the ceremony.

ALMA MATER

Washington, my Washington,
the Crimson and the Gray!

'Tis the songs of memory
that we sing today.

When the sad hours come to you
and sorrows 'round you play,

Just sing the songs of Washington,
the Crimson and the Gray!

Just sing the songs of Washington,
the Crimson and the Gray!
