KIRK H. SCHULZ
PRESIDENT
WASHINGTON STATE UNIVERSITY

CONGRATULATIONS ON YOUR ACCOMPLISHMENTS!

Congratulations, Class of 2024, on completing the requirements for an academic degree from Washington State University. It is an honor to celebrate the outstanding achievements that brought you to this defining moment.

Over the course of your academic career, you adapted, persevered, and stayed focused on the ultimate prize of earning a degree. I commend you for your dedication and perseverance in reaching this milestone.

But none of us make the trip alone. I encourage you to thank the friends, family, and mentors who have helped you along your academic journey. Their encouragement helped fuel your success, and today's celebration belongs to them as well. As you savor this monumental achievement, remember to stay connected to them and to your alma mater.

I hope that you will remember that “Once a Cougar, always a Cougar” is more than just a phrase — it’s a promise that nearly 300,000 members of our global alumni network can attest to. As you move into the next phase of your life, you’ll find that your WSU friends, colleagues, and Cougar alums will always have your back, professionally and personally.

Best wishes and Go Cougs!

Kirk H. Schulz, President
Washington State University

WSU SYSTEM PRESIDENT KIRK SCHULZ

Kirk H. Schulz is the 11th president of Washington State University and a tenured professor in the Gene and Linda Voiland School of Chemical Engineering and Bioengineering. A nationally respected leader in higher education and a fervent supporter of intercollegiate athletics, President Schulz has leveraged his decades of expertise to take WSU to new heights.

Since joining Washington State University in June 2016, President Schulz has made great strides in expanding the reach and effectiveness of the WSU system of campuses, Extension offices, and other programs to better serve the State of Washington. As part of that work, Schulz has set a course for the strategic direction of the university, advocated for higher education policy, furthered philanthropic priorities, and represented WSU at the state and federal levels. The milestones achieved under his leadership include record highs in student enrollment, record-level fundraising, the expansion of academic offerings across the system, and the growth of the Elson S. Floyd College of Medicine.

TRACY KLEIN
FACULTY SENATE CHAIR

Dear Friends, Families, Faculty, Staff, and Students,

It is a great honor to represent the faculty of Washington State University as the Chair of Faculty Senate in celebrating the graduating class of 2024. Today I am proud to congratulate you for taking this important step and commitment to your future.

I remember my own graduation from this same institution, first as a post-masters certificate holder to expand my clinical skills in nursing. My experience at WSU was that everyone supported me in my journey—from staff, to faculty, to fellow students. This was especially significant as we were often located on different campuses and achieving our credentials while still working full time. A new model at the time, this has now become one way that WSU reaches across the state to join us together in its land grant mission. I returned to WSU again for a PhD specifically with the goal of becoming a faculty member to give back to the community that had lifted me up. Today, as first-generation student, I am happy to join you and your supporters in this celebration.

Be proud of all you have accomplished to date, be grateful to those who supported you and in turn look forward to a journey into your future which may include a winding path. Although you may not always know it at the time, these little paths can join, separate, and join again to form a beautiful pattern. Lend a hand to those who walk behind, beside and ahead of you. Stay in touch with WSU. If a teacher lifted you up on your own journey, let them know! Once you've found your path, reach back. Mentor and support other journeyers. Pass your knowledge on to others and become a teacher in your own time.

We wave goodbye to you honoring all you have been, and all you have yet to become. Go Cougs, and may Washington State University always be a part of your lives.

Tracy Klein, RN, Ph.D., ARNP

ASWSU PRESIDENT

AJAY BARMAN
GPSA PRESIDENT

To the class of Fall 2024:

Congratulations! On behalf of your student governments, the Associated Students of Washington State University (ASWSU), and the Graduate and Professional Student Association (GPSA), we would like to congratulate you for reaching this amazing milestone in your life. We want to applaud you for this remarkable accomplishment of graduating from Washington State University. Your hard work, dedication, successes, and self-discovery over the years have amounted to this moment of celebration. You have worked hard to be sitting where you are today, so carry your degree with pride!

Beyond your academic achievements at Washington State, we hope you took advantage of the student involvement, activities, research opportunities, and student services available to you, which are crucial to building a holistic persona. This well-rounded educational experience at WSU is unique; we encourage you to spread this knowledge and allow it to guide you to make this world a better place.

Commencement marks one of the most joyous landmarks in your academic path; we invite all of you to reflect on your journey today and dream of where you will go. The knowledge and skills you gathered at WSU will help you navigate even the most uncertain and challenging career paths, guiding you to success. Your path to graduation proves that you have developed the resilient characteristics of a WSU Cougar. As fellow Cougs, we would love to work with you to further improve WSU as it will forever remain your home. We encourage you to remain engaged with us as active alumni and to stay connected with the friends and faculty who impacted your experience at WSU. Most importantly, remember that commencement represents the beginning of a new journey, just as promising as the last.

Once again, congratulations on your academic achievement; ASWSU and GPSA wish you the best of luck in your future endeavors. Go Cougs!

ACADEMIC REGALIA AND SYMBOLS

The academic regalia worn by graduating students—caps, gowns, and hoods—are part of a tradition that reaches back nearly 900 years to a time when universities were first being formed.

A statute from the year 1321 required all doctors, licentiates, and bachelors to wear academic gowns and hoods. These accoutrements denoted the wearer's special status in a time when education was an extraordinary achievement. They had a practical side, too: gowns and hoods kept scholars warm in unheated medieval buildings.

Today, after receiving a charter, new institutions adopt a distinctive design for their own academic attire—yet these designs also follow a common code. In May 1895, an intercollegiate commission met at Columbia University to establish a uniform code for academic regalia that has been followed by US colleges and universities ever since.

WSU'S UNIQUE GOWNS

A distinctive commencement rental gown for students earning PhD, EdD, and DNP degrees debuted in spring 2012. The gown is crimson with gunmetal-gray velvet accents and a matching velvet tam. WSU is the only university with a custom rental gown.

The purchased version of the gown is designed with a split hood, two silver cougar head medallions holding the hood in place, two WSU medallion cufflinks on each sleeve, and other embellishments.

THE ACADEMIC COLOR CODE

You can identify the subject area of a college graduate's degree by the color of the trimmings on doctoral gowns, the edging of master's and doctoral hoods, and the tassels on the cap.

Agriculture: Maize	Forestry: Russet	Philosophy: Dark Blue
Arts, Letters, Humanities: White	Journalism: Crimson	Physical Education: Sage Green
Commerce, Accountancy,	Law: Purple	Public Administration,
Business: Drab	Library Science: Lemon	including Foreign Service:
Dentistry: Lilac	Medicine: Green	Peacock Blue
Economics: Copper	Music: Pink	Public Health: Salmon Pink
Education: Light Blue	Nursing: Apricot	Science: Golden Yellow
Engineering: Orange	Oratory (Speech): Silver Gray	Social Work: Citron
Fine Arts including	Pharmacy: Olive Green	Theology: Scarlet
Architecture: Brown		Veterinary Medicine: Gray

For more on academic regalia, visit the American Council on Education at [acenet.edu](https://www.acenet.edu).

THE ACADEMIC COSTUME CODE: CAPS, GOWNS, AND HOODS

The American Council on Education maintains the academic costume code followed by all US higher education institutions.

The approved attire for all graduates is composed of a cap and gown. For master's and doctoral graduates, a hood is included. The basic article of attire is the gown, usually black in color, and similar in design for all degrees. Doctoral gowns feature distinctive velvet trimmings on the front and three velvet bars on the sleeves; bachelor's and master's gowns are untrimmed. Gowns for those graduating with a bachelor's degree have pointed sleeves, the sleeves on master's gowns arc away at the front, and doctoral gowns have round, bell-shaped sleeves.

The familiar flat-topped cap—called a mortarboard or Oxford cap—can be worn by graduates regardless of degree. The color is usually the same as the gown; for four-year degrees, gowns and caps are always black. Doctoral caps are covered in velvet.

The hood has become the colorful standard bearer of academic symbolism. By examining the hood, it is possible to identify the degree level, the academic field of study in which the degree was earned, and the school that conferred the degree.

Hood length varies according to degree: doctoral, four feet with panels at the sides; master's, three and a half feet; and bachelor's, three feet. However, at WSU and many other universities, bachelor's degree candidates do not wear hoods. The color of the hood lining indicates the school that conferred the degree—for WSU this is crimson and gray, of course. The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees.

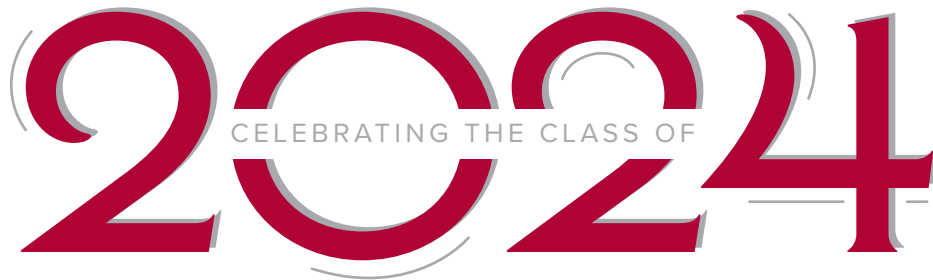

THE WSU MACE

The mace is a traditional symbol of legal and chartered authority; it is an evolution of the ceremonial scepters that have been carried by kings and dignitaries through thousands of years of human history.

The University Mace is carried today by Tracy Klein, chair of the Faculty Senate. She is accompanied by an honor guard consisting of Tania Henriques, president of the Associated Students of WSU (ASWSU), and Ajay Barman, president of the WSU Graduate and Professional Student Association (GPSA).

Created in 1985 by WSU alumnus Tim Doebler, the two-foot-long scepter is cast in silver and bronze and weighs nine pounds. It features a globe atop a laurel branch wrapped in a silver ribbon and inscribed "Washington State University." The globe represents the universality of education and the quest for knowledge. Laurel crowns are symbols of achievement which date back to ancient Greece. Atop the globe sits an anvil, which symbolizes students forging and shaping new knowledge and capabilities.

CANDIDATES FOR ADVANCED DEGREES

NOTICE: Appearance of a name in this program is presumptive evidence of graduation and associated honors, but it must not be regarded as conclusive. Notation on the university transcript remains the official testimony of degree possession.

WSU ALMA MATER

Washington, my Washington, the Crimson and the Gray!

'Tis the songs of memory that we sing today.

When the sad hours come to you, and sorrows 'round you play,

Just sing the songs of Washington, the Crimson and the Gray,

Just sing the songs of Washington, the Crimson and the Gray.
