

## BACHELOR OF SCIENCE – ZOOLOGY ACCELERATED PRE-VETERINARY MEDICINE

An undergraduate degree from Washington State University requires a minimum of 120 total semester hours. The University, College of Arts and Sciences, and School of Biological Sciences each have specific requirements for a degree; checklists for these requirements are provided on the second page of this sheet. Requirements and electives for the specific degree and option headlined above are listed below this paragraph. All official requirements for each student's specific degree are listed in the student's my.wsu.edu Academic Requirement Report. This sheet is only meant to serve as a guide.

<sup>3</sup> Counts as Physiology option requirement toward the Zoology degree.

The Accelerated Pre-vet Option is designed to allow students to finish a BS in Zoology while beginning their Doctorate of Veterinary Medicine at WSU.

Biology core requirements and UCORE requirements should be completed in the first three years. In the fall of the third year, students apply to the WSU College of Veterinary Medicine following regular procedures. If accepted into the DVM program, courses taken during the fourth year at WSU Vet-Med complete the requirements for the BS in Zoology.

### School of Biological Sciences Requirements

- A minimum of 120 total semester hours.
- At least 40 semester hours must be 300 and 400 level coursework.
- A minimum of 19 semester hours of core BIOLOGY courses (BIOLOGY 106; 107; 301; 370 or 372; and 395 or 403 or 405).
- An additional 21 semester hours of biological sciences coursework selected in consultation with your biology advisor. The 21 semester hours must include 15 credits of 300 and 400 level courses, six of which must be BIOLOGY taken in residence at WSU. See guidelines for the many BIOLOGY options that are available to structure your course selections.
- An overall GPA of at least 2.0 must be maintained in all college and departmental requirements.
- A maximum of four credits of coursework that are graded S,F may be used toward fulfilling School requirements or program options, and no other courses taken S,F can be applied toward fulfilling School requirements or program options.
