PRE BID MEETING
Meeting Date: 10/11/22

ATTENDING  REPRESENTING  PHONE #  FAX
See attached attendance list

Attach a copy of the completed sign-in sheet(s) to the minutes.

Note: A Pre-printed agenda in the form of Pre-Bid meeting minutes indicates routine items discussed at these meetings in standard print. The actual discussions that occurred at the meeting are printed in italics. The meeting notes and minutes will be routed to plan holders with the addendum that follows this meeting.

PROJECT SPECIFICS

• Introductions
  - Project Officer, Kevin Poitra
  - Construction Manager, Jason Harper
  - A/E, MSI Engineering

• Project Description
  Replace all the existing fused Polypropylene Deionized water piping throughout the building with SCH 80 PVC. The PP piping has failed and is currently abandoned in place. Temporary services are serving the labs on a limited basis.
  • The estimate for the project, not including taxes, is $180,000-$200,000.

• Schedule for completion is 90 calendar days after the Notice to Proceed for base bid

• Bid Form
  - Bid Date is October 26, 2022
  - Review the Form of Proposal
  - Note that MWBE is not a bid form requirement
  - Alternate Description-NA
  - Discuss the allowances-NA
  - Discuss unit prices.-NA

• General
  - This is an active campus. There are students, faculty and visitors who either will not be aware of construction or will be distracted. Contractors must routinely work around the building occupants and control noise and other construction related activities to minimize the affect on the occupants.
  - WSU is committed to a completely accessible campus. This means that when construction activities interfere with accessible pathways, that the General Contractor is responsible for putting in place temporary facilities (ramps, pathways, etc.) to assure that all accessible pathways are available.
ATTACHMENT 13-A

- Harassment in the workplace is not tolerated at WSU. All trades are required to conduct themselves such that harassment, real or perceived, does not occur. Offending individuals will be permanently removed from the project.

- Project Specific
  - Pre-Bid Meeting is mandatory. Be sure to sign in as a General Contractor / Prime Bidder.
  - Refer to Section 00 21 13, “Low Responsible Bidder”. Contractor responsibility will be evaluated. Be prepared to submit the required information within 48 hours of receipt of request.
  - Liquidated Damages are $509.00
  - Discuss the building site. Contractor must access the site from the loading dock. Contractor can use the loading dock for loading and unloading only.
  - Laydown area-Contractor can use the Mechanical Room.
  - Review the requirement(s) for haul routes and deliveries.
  - Discuss parking. Parking permits are required at all times on Campus, see the Campus Parking rules and regulations for the.
  - The Good Faith Survey is provided in the specification.
  - The General Contractor is to have a Superintendent on the project at all times that construction occurs.
  - Identify the day-to-day WSU on-site representative, typically a Construction Manager.
  - The loading docks have to stay open at all times.

GENERAL ADMINISTRATION/MANAGEMENT

- MWBE PARTICIPATION
  Washington State University is committed to the enhancement of opportunities for minority and women’s owned and controlled firms in public contracting. While neither required nor a part of bidder responsiveness, the use of solicitation of minority and women’s business enterprise firms is expressly encouraged.

- PROJECT CLARIFICATIONS
  - O&M Manuals are required for “Substantial Completion”.
  - As-Built Drawings are required for “Substantial Completion”.

- ADDENDUM
  - Questions and substitution requests must be received by 10/19/22
  - Addenda expected to be issued on 10/20/22

PROJECT SITE VISIT

The site visit toured the future construction site and the access,

CONTRACTOR QUESTIONS

1. Can we abandon the pipes that are not accessible? WSU Response-Yes
2. Can the system be shutdown during construction duration? WSU Response-No
3. The drawings say to core drill through the floor. Are there asbuilts showing the location of the rebar in the floor slab or do we xray the area we are core drilling? WSU Response-we will review the asbuilts and let you know if the rebar is shown. If there’s no rebar location shown on the asbuilts you should plan on x-raying the floor slab.

END OF ARCHITECTURAL / ENGINEERING STAMPS
First Floor Reinforcing Plan

1. The general notes for reinforcing shall be noted in the following credits.
2. The general notes for reinforcing shall be noted in the following credits.
3. The general notes for reinforcing shall be noted in the following credits.
4. The general notes for reinforcing shall be noted in the following credits.
5. The general notes for reinforcing shall be noted in the following credits.
6. The general notes for reinforcing shall be noted in the following credits.
7. The general notes for reinforcing shall be noted in the following credits.
8. The general notes for reinforcing shall be noted in the following credits.
9. The general notes for reinforcing shall be noted in the following credits.
10. The general notes for reinforcing shall be noted in the following credits.

Hook Length:
- #6 x 10'-0" @ 6" per 17/80.0001
- #4 x 15'-0" @ 12"
- #4 x 15'-0" @ 36"
- #5 x 12'-0" @ 12"
- #6 x 15'-0" @ 6"
- #4 x 10'-0" @ 36"
- #4 x 12'-0" @ 12"
- #4 x 15'-0" @ 12"
- #6 x 30'-0" @ 12"
- #6 x 60'-0" @ 12"
- #6 x 60'-0" @ 12"
- #6 x 10'-0" @ 12"
- #7 x 12'-0" @ 12"
- #6 x 15'-0" @ 12"
- #4 x 30'-0" @ 12"

Top Reinforcement Schedule:
- STAGGER 2'-0" OR HOOK PER PLAN
- STAGGER 3'-0" OR HOOK PER PLAN
- STAGGER 5'-0" OR HOOK PER PLAN

Bottom Reinforcement Schedule:
- STAGGER 2'-0" OR HOOK PER PLAN
- STAGGER 2'-0" OR HOOK PER PLAN
- STAGGER 2'-0" OR HOOK PER PLAN

Note: The above reinforcement schedules are typical unless otherwise noted. Stagger top bars per schedule.

Bar Spacing:
- Between adjacent columns. Stagger laps 2'-0" typical. Lap bars Lsb as required, with laps at 1/3 the slab span.

- N-S top bars
- N-S bottom bars
