

## WASHINGTON STATE UNIVERSITY

Washington State University periodically requires consultant services less than \$300,000.00 for planning, design, special studies, inspections, and construction related services. The Department of Facilities Services maintains a Consultant Roster for these services as allowed by RCW 39.80. Once registered, Consultants will be selected from the Consultant Roster on the basis of specific project requirements and in conformance with the Department of Facilities Services policy.

The registration form can be found at <https://facilities.wsu.edu/consultants/>.

Washington State University is committed to the enhancement of opportunities for minority and women owned and controlled firms in public contracting. Minority, women's, veteran, small and disadvantaged firms are expressly encouraged to apply.
