      i. This is an active campus. There are students, faculty and visitors who either will not be aware of construction or will be distracted. Contractors must routinely work around the pedestrian population on campus as well as control noise and other construction related activities to minimize the effect on the campus. WSU is committed to a completely accessible campus. This means that when construction activities interfere with accessible pathways, that the General Contractor is responsible for putting in place temporary facilities (ramps, pathways, etc..) to assure that all pathways are available.

2. Project Description:
   Scope of work:
   a. Alternates: Alternate 1- Install ACU-3(ALT)/CU-3(ALT) in lieu of ACU-3/CU-3 per the mechanical equipment schedule sheet M0.02.
