

Washington State University

Alcohol and Drug Abuse Research Program

Undergraduate Research Fellowship Application

ORSO Deadline: March 6, 2024, for Summer of 2024

ORSO Deadline: April 3, 2024, for Fall Semester 2024 or 2024-2025 Academic Year

The Alcohol and Drug Abuse Research Program is seeking applications for undergraduate research fellowships for the summer of 2024, fall 2024 and for the 2024-25 academic year. Applicants must have contacted a faculty member and have a specific project proposal in mind. Projects need to pertain to substance abuse research. Applicants must be WSU undergraduate students who will not have graduated before the fellowship start date. Award amounts are as follows:

	Stipend	Benefits	Supplies
Summer 2024	\$4,600	\$464	\$2,000
Fall Semester 2024	\$1,800	\$ 40	\$1,200
Academic Year (2024-2025)	\$3,600	\$ 79	\$2,400

Application Procedure:

- I. e-REX
- II. Cover Sheet (please use attached form)
- III. Please attach a description of your proposed research project (maximum 1,800 words for sections B-G). Include under bold subheadings the following items:
 - A. Title, Name, Date, WSU Number, Abstract
 - B. Specific Aims
 - C. Background Literature (discuss)
 - D. Rationale for the Proposed Research
 - E. Research Design (as appropriate, include treatment groups, doses of drugs, number of subjects/group, measurements, *data analysis*)
 - F. Expected Results
 - G. Discussion of how the results will answer the research question
 - H. Relevance of your project to your faculty sponsor's research
 - I. Relevance of your project to your career goals
 - J. Time commitment: briefly discuss the time commitment required
 - K. Your role in developing this project and writing this proposal
- IV. Have two letters of recommendation sent to **amanda.tanner@wsu.edu** to arrive by the grant deadline.
 - A. A letter of support from your faculty sponsor, explaining as specifically as possible
 - What assistance you will provide for his or her research program
 - What part you played in developing the project and writing the application
 - B. A recommendation from someone else who has knowledge of your laboratory or problem-solving skills, e.g., a teaching assistant, faculty member, or supervisor

This proposal will be submitted by eREX. No hard copies are required.
