Commencement at Washington State University Spokane represents the culmination of a student’s academic achievement. It is a time for celebration and reflection for students, families, faculty, and staff. It brings together the campus community to share the joy of the accomplished goals of our students.

The commencement ceremony serves a dual purpose: to mark a point of achievement, thus completing a chapter in the lives of students and those who support them, and to encourage the continued pursuit of learning, personal fulfillment, and engagement with their local and worldwide communities.

WSU Fight Song
Congratulations! It is a tremendous privilege to share this exciting and special day with you and celebrate your hard work, dedication, and commitment to yourself and your community. It is also a day to honor those who have helped make you successful, believed in you, and invested in you as we send you off on a new journey.

As you step out beyond WSU Spokane, know that our reputation as a world-class research and health sciences campus continues to rise in part due to your success. You have worked hard to reach this point, and we are proud of your accomplishments. We know that you will go on to do great things, and we are excited to see the impact you will make.

Know you will always have a home and family here at Washington State University. In the future, I hope you will stay connected to the university, to the faculty and staff who have mentored you, and to the friends with whom you have shared this time.

I challenge each graduate to take their educational experiences and seize the opportunity to make a difference in the world. This is your moment, and no one deserves it more. Congratulations, you have earned it.

Daryll B. DeWald, PhD
Executive Vice President, Washington State University Health Sciences
Chancellor, Washington State University Spokane

Congratulations, Class of 2024, on completing the requirements for an academic degree from Washington State University. It is an honor to celebrate the outstanding achievements that brought you to this pivotal moment.

I salute your efforts, as well as those of everyone who helped you reach this milestone. During your collegiate years, you demonstrated resiliency and a can-do attitude that Cougs are known for worldwide. You adapted, persevered, and stayed focused on the ultimate prize of earning a degree.

Take time to celebrate this life-changing accomplishment. As you join a Cougar alumni community that spans the globe, I encourage you to remain involved with your alma mater. As you know, ‘Once a Coug, always a Coug.’ Going forward, you’ll find that your WSU friends, colleagues, and Coug alums always have your back—both professionally and personally.

Best wishes, and Go Cougs!

Dear Graduates,

Today, we celebrate your achievements as graduates in Speech and Hearing Sciences, Nutrition and Exercise Physiology, and Medicine. Throughout your time with us, you worked hard and overcame. With this new beginning, embrace the challenges ahead with the same courage, compassion, and unwavering commitment.

You have dedicated yourself to a noble path of caring for our communities. As you embark on this journey, remember that your responsibilities extend beyond the clinic, hospital, or office. You are healers, advocates, and a force of change for those often overlooked or systemically marginalized. Your work in these communities will not only address immediate health needs but also serve as a catalyst for lasting change.

Your future roles as health care leaders are intricately intertwined with the community. In the same way, your communities shape you and nurture you.

To the community members, family members, faculty, and staff who have contributed unwavering guidance, resources, expertise, and support, I thank you. Together, you have nurtured and cultivated these graduates, instilling them with the passion, skills, and vision needed to make a difference in the world of health care. Thank you for standing beside them and remaining constant in your belief that they will lead us to a healthier, equitable Washington for all.

To our graduates, remember this charge as you go forward in your careers. Provide individualized, compassionate care and set in motion systematic change.

We eagerly await the transformative impact you each will make. Go forth and change the world.

Congratulations to the Class of 2024 and Go Cougs!

PHYSICIAN’S PLEDGE

AS A MEMBER OF THE MEDICAL PROFESSION:

I solemnly pledge to dedicate my life to the service of humanity;

The health and well-being of my patient will be my first consideration;

I will respect the autonomy and dignity of my patient;

I will maintain the utmost respect for human life;

I will not permit considerations of age, disease or disability, creed, ethnic origin, gender, nationality, political affiliation, race, sexual orientation, social standing or any other factor to intervene between my duty and my patient;

I will respect the secrets that are confided in me, even after the patient has died;

I will practice my profession with conscience and dignity and in accordance with good medical practice;

I will foster the honor and noble traditions of the medical profession;

I will give my teachers, colleagues, and students the respect and gratitude that is their due;

I will share my medical knowledge for the benefit of the patient and the advancement of healthcare;

I will attend to my own health, well-being, and abilities in order to provide care of the highest standard;

I will not use my medical knowledge to violate human rights and civil liberties, even under threat;

I make these promises solemnly, freely, and upon my honor.

Dear Graduate,

Today, we welcome you as our nursing colleague and one of more than 10,000 CougNurses nationwide. What an amazing career you have chosen – nurses are in almost every organization that you could imagine. Not only do you have a lifetime of opportunity in hospitals, urgent cares, clinics and private practice, you can lead healthcare initiatives in large corporations, museums, non-profits, and schools. You can teach, engage in research and discovery, or participate in digital innovation. Whatever you choose to do, you begin your nursing career at a time when your degree is highly valued, and the public appreciates how talented nurses are!

You might be asking whether you are ready and I can assure you that anyone who has the tenacity, grit, and good humor that you have shown over the past two years is prepared to excel no matter where you choose to practice. Our profession welcomes you with open arms confident that every one of you are well prepared to meet these challenges. But, please don’t forget where all of this began. Come back, visit us often, tell us what you’re doing and above all else choose to mentor students and new nurses along the way. We will be waiting to see your accomplishments and share in your successes.

As you leave us, your faculty and I leave you with three wishes. We wish you incredible joy. Please stop every once in a while to appreciate the simple pleasures and the relationships that you are creating. We wish you more – more ups than downs, more gives than takes, more hugs than ughs. Remember – finding more happens when you live authentically, with purpose and meaning and doing rather than dreaming. And finally, we wish you wonder. As nurses, you will share life’s most precious and sacred moments – an infant’s first breath, a teenager’s final day of chemo, and a couple’s final goodbye. Care for yourself so that you never lose that sense of wonder as life unfolds around you.

And, now go forth with confidence and faith and be awesome! My sincere congratulations to each of you.

A NURSE’S PLEDGE

LET ME DEDICATE MY LIFE TODAY
To the care of those who come my way.
Let me touch each one with a healing hand
And the gentle art of which I stand.
And then tonight when the day is done,
Let me rest in peace if I’ve helped just one.

Dear Graduate,

The faculty and staff of the College of Pharmacy and Pharmaceutical Sciences are extremely proud of your achievements. Your hard work and commitment to patient care and contributions to health sciences have prepared you to become creative leaders for collaborative health care and therapeutic developments in Washington, across the country, and around the world. Whether you choose to practice in a community pharmacy, hospital, or a non-traditional setting, or you’re a scientist looking to continue your research and work in discovering new therapies, you have acquired the professional skills and the training and relationships you need to make significant contributions to improving health and the human condition.

The faculty and I are honored to have helped prepare you for this exciting next stage in your career. Please know that you always have a home with us to celebrate your personal and professional triumphs or to seek guidance and community. You will always be a part of our special Coug family and we offer our heartiest congratulations and very best wishes as you enter the next chapter in your life.

The last few years have truly tested your resolve and I commend you for thriving in this environment. It is an honor to be here with you today. Congratulations on this momentous occasion!

Sincerely,

OATH OF A PHARMACIST

I PROMISE TO DEVOTE MYSELF TO A LIFETIME OF SERVICE TO OTHERS THROUGH THE PROFESSION OF PHARMACY. IN FULFILLING THIS VOW:

I will consider the welfare of humanity and relief of suffering my primary concerns.

I will promote inclusion, embrace diversity, and advocate for justice to advance health equity.

I will apply my knowledge, experience, and skills to the best of my ability to assure optimal outcomes for all my patients.

I will respect and protect all personal and health information entrusted to me.

I will accept the responsibility to improve my professional knowledge, expertise, and self-awareness.

I will hold myself and my colleagues to the highest principles of our profession’s moral, ethical and legal conduct.

I will embrace and advocate changes that improve patient care.

I will utilize my knowledge, skills, experiences, and values to prepare the next generation of pharmacists.

I take these vows voluntarily with the full realization of the responsibility with which I am entrusted by the public.
