

# Bears Ears National Monument Visitor Survey

## Introduction

In order for the Bureau of Land Management (BLM) to comply with the Government Performance and Results Act (GPRA) and better meet the needs of the public, a visitor satisfaction survey was conducted at Bears Ears National Monument, UT, during fiscal year 2019. The survey was developed to measure a site's performance related to Mission Area 3, Goal 2, Strategy 1 (as specified in the DOI 2019/2020 Annual Performance Plan & 2018 Report) - *Enhance Public Satisfaction at DOI Sites by enhancing the enjoyment and appreciation of our natural and cultural heritage*; and Mission Area 2, Goal 3, Strategy 2: *Ensure effective collection and application of recreation fees*. The information collected during the survey will also help the BLM better serve the public. The survey collected visitor satisfaction data regarding visitor information (i.e., use of maps, signs, brochures), developed facilities, recreation use management, resource management, BLM staff and service, programs, commercial recreation operations, educational and interpretive materials, fees, accessibility for visitors with disabilities, activities, and demographics.

The results of the visitor satisfaction survey conducted at Bears Ears National Monument are summarized in this data report. A description of the research methods and limitations can be found on page two. Below (left) is a graph summarizing visitor opinions regarding the overall quality of their experience at this site. The satisfaction measure below (right) is a combined proportion of "good" and "very good" responses. This is the primary performance measure for GPRA Mission Area 3, Goal 2.1 and should be used when reporting performance for this goal. (NOTE: the satisfaction measure may not equal the sum of "very good" and "good" proportions due to rounding.)

The response rate for this survey site was 84%. This indicates that 84% of those randomly sampled completed the survey. The graph summarizing visitor opinions of the "value for fee paid," which is the primary performance measure for GPRA Mission Area 2, Goal 3.2, can be found on page 9.

### FY19 GPRA Satisfaction Measure

Proportion of site visitors satisfied overall with visitor information, facilities, management, interpretation/education, staff services, and programs:

**88%**

## Research Methods

### Understanding the Results

Inside this report are graphs that illustrate the survey results. The report contains ten categories of data regarding BLM amenities, staff, and services plus selected demographics. Within these categories are graphs for each indicator evaluated by site visitors. For example, the Visitor Information category includes indicators such as "providing useful maps and brochures," "providing useful information on the internet," and so forth. In each category there is a graph entitled "Everything Considered." This graph is the basis for determining visitor satisfaction for each category and GPRA reporting numbers.

All graphs include the following information:

- The number of visitor responses for the indicator;
- The proportion of responses for each answer choice;

Graphs for quality indicators also include:

- A "satisfaction measure" that combines the proportion of total responses which were "Very good" or "Good;"
- An average (mean) evaluation score where a number closer to five reflects a more positive visitor response;
- Quality indicators are based on the following scale:

"Very poor" = 1, "Poor" = 2, "Average" = 3, "Good" = 4, "Very good" = 5;

Very    |    |    |    |    Very  
Poor   1   2   3   4   5   Good

**NOTE** Graph proportions may not equal 100% due to rounding.

### Procedure

Surveys were distributed to a random sample of visitors at this site between April 15 and June 14, 2019. The data reflect visitor opinions about this site's facilities, management, services, educational opportunities, and fees during the survey period. Visitor activities and selected demographics were also captured. A representative sample of the general visitor population were surveyed at selected locations. The results do not necessarily apply to visitors during other times of the year, or visitors who did not visit the survey locations on-site.

Returned surveys were electronically scanned and the data analyzed. Frequency distributions were calculated for each indicator and category.

The survey response rate is described on page one of this report. The number of respondents for each

indicator is reported at the top of each figure. All proportions are reported as whole percentages while averages are rounded to the nearest tenth.

Caution is advised when interpreting any data with fewer than 30 responses. When this occurs, the word "CAUTION!" is included above the graph. This report excludes any graphs or calculations for questions with fewer than 10 responses. "NA" has been inserted in place of excluded satisfaction and evaluation calculations.

For most indicators, the survey data are expected to be accurate within  $\pm 6\%$  of the population with 95% confidence. This means that if different samples had been drawn, the results would have been similar ( $\pm 6\%$ ) 95 out of 100 times.

Mean score: 4.8

### Everything considered: Performance of BLM staff

FY19: 195 Respondents

FY19 Satisfaction measure: 97%  
Mean score: 4.8

# Bears Ears National Monument

## Providing Educational and Interpretive Material

### Providing quality educational and interpretive material about the resources

FY19: 167 Respondents

FY19 Satisfaction measure: 76%  
Mean score: 4

### Providing stewardship information on protecting cultural and natural resources

FY19: 180 Respondents

FY19 Satisfaction measure: 80%  
Mean score: 4.2

### Providing sufficient quantity of educational and interpretive materials about the resources

FY19: 164 Respondents

FY19 Satisfaction measure: 75%  
Mean score: 4

### Everything considered: BLM interpretive and educational program

FY19: 182 Respondents

FY19 Satisfaction measure: 75%  
Mean score: 4

# Bears Ears National Monument Programs & Fees

## Quality of program(s) attended

FY19: 15 Respondents

**CAUTION!**

FY19 Satisfaction measure: 87%  
Mean score: 4.5

## Total fees paid

FY19: 191 Respondents

## How appropriate was the fee charged for this site/area?

FY19: 104 Respondents

## The value of recreation opportunity and services was at least equal to the fee asked to pay

FY19: 89 Respondents

# Bears Ears National Monument

## Commercial Recreation Operations & Activities

### Quality of Commercial Services

FY19: 7 Responses\*

FY19 Satisfaction measure: NA  
Mean score: NA

### Activities

FY19: 202 Respondents\*\*

\*Each respondent could rate up to three services.

\*\*Percentages do not sum to 100 because respondents could select more than one activity.

## Demographics

### Visitor age groups

FY19: 858 Visitors

### Number of Adults (18 and over) in group

FY19: 203 Groups

### Number of teenagers (13-17) in group

FY19: 203 Groups

### Number of children (under 12) in group

FY19: 203 Groups

### Respondent age

FY19: 201 Respondents

### Respondent gender

FY19: 198 Respondents

### Utah visitors came from 15 different counties.

FY19: 49 Respondents

County	Count
Salt Lake County	21
Utah County	5
Davis County	4
Weber County	4
San Juan County	3
Other counties	12

### Visitors came from 27 states across the country

FY19: 214 Respondents

State	Count
CO	59
UT	49
CA	11
AZ	10
OR	10
Other states	75

# Bears Ears National Monument

## Accessibility for Visitors with Disabilities

### Ability to adequately use facilities

FY19: 15 Respondents

**CAUTION!**

FY19 Satisfaction measure: 93%  
Mean score: 4.5

### Ability to access exhibits, waysides, etc.

FY19: 14 Respondents

**CAUTION!**

FY19 Satisfaction measure: 93%  
Mean score: 4.9

### Ability to understand messages

FY19: 14 Respondents

**CAUTION!**

FY19 Satisfaction measure: 100%  
Mean score: 4.9

### Ability to use services

FY19: 14 Respondents

**CAUTION!**

FY19 Satisfaction measure: 93%  
Mean score: 4.7
