

VII AGRONOMY AND SOILS FACULTY ROSTER 1/

1892-1988

- Abendroth, Paul P. Field Plot and Seed House Foreman--later Farm Manager
Spillman Agronomy Farm. Pullman. 1947-1975 rt. 2/
- Adlard, Richard. (B.S.)--USDA-SCS Nursery Agronomist at Plant Material
Center, Pullman. 1951-1952. Later was Extension Agent Cowlitz and
Skamania Counties.
- Agbakoba, C.S.O. (Ph.D.)--Research Agronomist on weed control. Pullman.
1968-1969 rs.
- Alban, L. A. (B.S.)--Research Assistant, Irrigated Agriculture Research
and Extension Center, Prosser. 1947-1949 rs.
- Allan, Robert E. (Ph.D.)--USDA-ARS Professor of Agronomy and Agronomist.
Research geneticist and research leader of wheat breeding and pro-
duction. Pullman. 1957-.
- Alexander, Carlyle. (B.S.)--Assistant Cerealist. Pullman. 1911- rs.
- Alvord, Emory, Delmont. (B.S.)--Instructor in Farm Crops. 1917-1919 rs.
- Anderson, Powell, W. (M.S.)--Junior Agronomist in cheat grass control.
Pullman. 1959-1961 rs.
- Austenson, Herman. (Ph.D.)--Agronomist. Research on forages. Western
Washington Research and Extension Center. Puyallup. 1951-1952 rs.
Returned for a second tour 1955-1965 rs.
- Baker, Aaron S. (Ph.D.)--Soil Scientist. Controlling nitrification rates
in soils growing forage grasses: fertilizer efficiency in vegetables
and seed crops. Western Washington Research and Extension Center.
Puyallup. 1958-1982 rt.
- Baker, G. O. (B.S.)-- Assistant in Soils. Pullman. 1931-1934 rs.
- Barbee, O. E. (B.S.)--Assistant in Crops. Pullman, 1919-1945 dc. (Hit by
a train on Johnson Road)

1/ Assistance in this compilation is gratefully acknowledged: Sally C.
Meyer and Donna Fleming of Faculty Personnel Records WSU and the
Secretarial Staff, Department of Agronomy.

2/ Legend: rs=resigned or rendered service of contract; rt=retired;
dc=deceased.

- Baur, K. E. (M.S.)--Associate Soil Scientist. Research in soil fertility on crops. Western Washington Experiment Station. Puyallup. 1944-1951 rs.
- Benson, Nels. (Ph.D.)--Soil Scientist. Research in minor elements and major elements soil fertility in orchards. Tree Fruit Research Station. Wenatchee. 1946-1977 rt.
- Berry, H. B. (M.S.)--Agriculture. Pullman. 1921-1922 rs.
- Bertramson, B. Rodney. (Ph.D.)--Professor, Soil Chemistry, Chairman of Department, Director of Resident Instruction. Pullman 1949-1979 rt.
- Bezdicsek, David F. (Ph.D.)--Professor of Soils and Soil Scientist. Soil microbiology. Pullman. 1973 -
- Boawn, L. C. (M.S.)--USDA-ARS. Soil Scientist on alkali soils and chemistry of zinc in the soil and plant nutrition. Irrigated Agriculture Research and Extension Center. Prosser. 1953-1976.
- Boissevain, M. B. (B.S.)--Research Assistant in Farm Crops. Pullman. 1915-1917 rs.
- Bower, D.B. (B.S.)--Research Assistant in Agronomy. Pullman. 1947-1948 rs.
- Boyd, W. J. (Ph.D.)--Visiting Associate Professor. Barley genetics and breeding. Pullman. 1975-1976 rs.
- Boydston, R. A. (Ph.D) USDA/ARS Plant Physiologist. Prosser. 1985 -
- Brauen, Stanton E. (Ph.D.)--Associate Agronomist. Turfgrass management and crops research. Western Washington Research and Extension Center, Puyallup. 1967 -
- Brodie, David, Arthur. (B.S.)--Assistant Professor of Agriculture. Pullman. 1898-1903 rs. (Became Superintendent of the Western Washington Experiment Station.)
- Brooks, Stanley N. (Ph.D.)--USDA Collaborator. Agricultural Administrator. Pullman. 1973-1979 rt.
- Bruns, V. F. (B.S.)--USDA Agronomist in weed research. Irrigated Agriculture Research and Extension Center. Prosser. 1947-1975 dc.
- Buchanan, D. E. (B.S.)--Soil Surveyor, doing soil surveys in western WA. Northwestern Washington Reserach and Extension Unit. Mount Vernon. 1949-1952 rs.
- Buchanan, R. C. (B.S.)--Instructor in Farm Crops. Pullman. 1915-1916 rs.
- Burt, Gordon. (Ph.D.)--Research Associate Agronomist on weed control. Pullman. 1965-1968 rs.

- Busacca, Alan J. (Ph.D.)--Assistant Professor of Soils and Assistant Soil Scientist. Soil genesis and morphology, soil landscape relationships, mineral weathering in soil development, quaternary stratigraphy. Pullman. 1982-
- Butler, M. D. (B.S.)--USDA-SCS Extension Specialist in soil conservation. Pullman. 1940-1954 rt.
- Cade, Lenore, O. (B.S.)--Junior Soil Scientist. Pullman. 1947-1948 rs.
- Caldecott, R. S. (B.S.)--Research Assistant in Agronomy--genetics and cytogenetics. Pullman. 1948-1951 rs.
- Campbell, Gaylon S. (Ph.D.)--Soil Scientist and Professor of Biophysics. Mathematical modeling of plant response to environment; biometerology; plant-water relations. Pullman. 1971-
- Canode, Chester. L. (Ph.D.)--USDA Agronomist in forage crop breeding and seed production research. Pullman. 1956-1979 rt.
- Carlile, Robert L. Jr. (Ph.D.)--Soil Scientist, research on environmental quality and pollution. Pullman. 1969-1972 rs.
- Carlson, Carl, A. Jr. (B.S.)--Junior Agronomist working on the surface geology and drainage in the Yakima Valley. Pullman. 1952-1954 rs.
- Carlyle, Alex. (B.S.)--Assistant Cerealist. Pullman. 1909-1911 rs.
- Carter, J. F. (B.S.)--Assistant in Farm Crops. Pullman. 1946-1947 rs.
- Chapin, Ray, W. (B.S.)--USDA-SCS. State Soil Scientist. Pullman. 1952-1957 rt.
- Chapin, W. E. (B.S.)--USDA-SCS. Nursery Manager. Bellingham. 1936-1940 rs.
- Chapman, LaMar. (M.S.)--Extension Agronomist, crop and soil management and crop improvement. Pullman. 1948-1950 rs.
- Cheng, H. H. (Ph.D.)--Professor of Soils and Soil Scientist. Soil biochemistry research. Pullman. 1965-
- Chevalier, Peggy. (Ph.D.)--Assistant Professor of Agronomy and Assistant Agronomist. Starch accumulatin in wheat endosperm. Pullman. 1978-
- Chastain, T. C. (Ph.D.)--Assistant Professor of Agronomy. Pullman, 1988 -
- Ciha, Allan, J. (Ph.D.)--USDA-SEA-ARS Assistant Agronomist and Assistant Professor of Agronomy. Small grain management and production. Pullman. 1977-1983 rs.
- Cochran, Verlan. L. (M.S.)--USDA-SEA-ARS Assistant Soil Scientist. Crop residue management in reduced tillage; N-use-efficiency. Pullman. 1972-

- Cogger, C. G. (Ph.D.)--Assistant Soil Scientist and Extension Soil Scientist. Soil management and land use. Western Washington Research and Extension Center. Puyallup. 1984 -
- Comes, Richard D. (Ph.D.)--USDA-SEA-ARS Associate Agronomist. Ecology and management of aquatic and ditchbank vegetation. Irrigated Agriculture Research and Extension Center. Prosser. 1965-
- Comstock, V. E. (Ph.D.)--USDA in forage genetics. Pullman. 1947-1950 rs.
- Cook, Thomas W. (M.S.)--Research Associate, Turf management research. Western Washington Research and Extension Center. Puyallup. 1975-1977 rs.
- Cosper, Harold R. (M.S.)--Junior Agronomist and Outlying Testing Specialist. Irrigated Agriculture Research and Extension Center. Prosser. 1953-1955 rs.
- Cox, Lloyd. (M.S.)--USDA Collaborator in soil physics research and erosion studies. Pullman. 1961-1967 rs.
- Craddock, Joseph C. Jr. (M.S.)--USDA Junior Agronomist on winter wheat breeding. Pullman. 1952-1959 rs.
- Cotton, J. S. (B.S.)--USDA Agent of Agricultural Experiment Station Research on range of central Washington. Pullman. 1902-1904 rs.
- Coupland, David. Research Associate. Northwestern Washington Research and Extension Unit. Mount Vernon. 1979 rs.
- Cressman, Richard, M. (Ph.D.)--USDA Seed Physiologist on seed production of clover and alfalfa. Irrigated Agriculture Research and Extension Center. 1957-1967 rs.
- Crowder, Wayne A. (B.S.)--USDA-SCS Junior Agronomist. Evaluation and selection of superior varieties of woody and herbaceous plants for specific soil conservation problems. Pullman. 1981-
- Crowley, D. J. (B.S.)--Specialist in cranberry investigations and later Superintendent of Blueberry-Cranberry Station. Conducted research on weed control using organic solvents. Longbeach. 1923-1954 rt.
- Dade, Eugene P. (Ph.D.)--USDA Agronomist in legume and seed production. Irrigated Agriculture Research and Extension Center. Prosser. 1957-1967 rs.
- Davis, Albert M. (Ph.D.)--USDA-SEA-ARS Associate Agronomist. Plant Introduction Station. Pullman. 1967-
- Dawson, Jean H. (Ph.D.)--USDA-SEA-ARS Agronomist. Basic and applied aspects of weed control in irrigated field crops. Irrigated Agriculture Research and Extension Center. Prosser. 1957-

- Dickson, Newell, D. (B.S.)--Junior Agronomist on grazing studies in deforested areas. Western Washington Agricultural Research and Extension Center. Puyallup. 1944-1953 rs.
- Domingo, Clifford E. (B.S.)--USDA Agronomist studying cropping sequences under irrigation. Irrigated Agriculture Research and Extension Center. Prosser. 1948-1957 rs.
- Donaldson, Edwin. (Ph.D.)--Assistant Agronomist. Development of hard red winter wheat varieties. Dry Land Research Unit. Lind. 1979-
- Douglas, Donald. (B.S.)--USDA-SCS Agronomist at Nursery. Pullman. 1951-1952 rs.
- Dow, A. Irving. (M.S.)--USDA HOPS RESEARCH. Hops research 1948-1950. Outlying Testing Specialist for the Columbia Basin. Irrigated Agriculture Research and Extension Center. Prosser. 1955-1983 rt.
- Dregne, Harold E. (Ph.D.)--Assistant Soil Scientist, research in soil testing. Pullman. 1947-1949 rs.
- Dunn, L. E. (M.S.)--Assistant in Soils. Pullman. 1940-1941 rs.
- Elgin, James. H. (Ph.D.)--Collaborator in alfalfa breeding. Irrigated Agriculture Research and Extension Center. Prosser. 1969-1974 rs.
- Elliott, Edwin E. (M.S.)--Assistant Professor of Agriculture; research in forages. Pullman. 1899-1908 rs.
- Elliott, Fred C. (Ph.D.)--Professor, Plant Breeding and Cytogeneticist, worked on spring wheat and some cytogenetics of forages. Pullman. 1948-1957 rs.
- Elliott, Lloyd F. (Ph.D.)--USDA-SEA-ARS Professor of Soils and Soil Scientist. Land management and water conservation. Pullman. 1975-
- Engibous, James C. (Ph.D.)--Chairman and Professor, Soil Scientist and Extension Scientist. Later Director of Extension. Pullman. 1971-
- Engle, Carl F. (Ph.D.)--Extension Soil Scientist. Land use and soil management for erosion and sediment control. Cooperative Extension Service. Pullman. 1970-
- Enns, Henry. (Ph.D.)--Research Associate on wheat genetics. Pullman. 1961-1964 rs.
- Evans, David W. (Ph.D.)--Agronomist. Crop growth and development, multiple cropping. Irrigated Agriculture Research and Extension Center. Prosser. 1963-
- Everson, Everett. (Ph.D.)--USDA winter wheat breeding. Pullman. 1953-1956 rs.
- Fanning, Carl D. (Ph.D.)--USDA Soil Microbiologist, then Soils Extension Specialist. Pullman. 1967-1969 rs.

- Fendall, Roger. (Ph.D.)--Assistant Professor and researcher in seed physiology. Pullman. 1964-1968 rs.
- Field, Emmett T. (M.S.)--Area Extension Agent. Soil fertility management. Cooperative Extension Service. Pullman. 1967-
- Findley, Keith. (Ph.D.)--Post Doctorate from Australia in plant breeding and cytogenetics. Pullman. 1963-1964 rs.
- Fine, Larry. (Ph.D.)--Post Doctorate from South Dakota on soil fertility. Pullman. 1966-1967 rs.
- Fletcher, C. C. (B.S.)--Instructor. Pullman. 1894-1896 rs.
- Fowler, R. H. (B.S.)--Assistant in soil survey. Pullman. 1947-1950 rs.
- Forsyth, Dwight. (B.S.)--Seed analyst in charge of laboratory. Pullman. 1938 - 1945 rs.
- Fox, W. B. (Ph.D.)--Assistant in Agronomy. Pullman. 1946 rs.
- Fransen, Steven. (Ph.D.)--Assistant Agronomist and Extension Specialist. Forage production, Western Washington Research and Extension Center. Puyallup. 1983.
- Frazier, Bruce E. (Ph.D.)--Assistant Professor of Soils and Assistant Soil Scientist. Development of aerial photography as a tool for erosion and best management practice assessment. Pullman. 1975-
- Fuchs, Marcel. (Ph.D.)--Research Associate. Physics of agricultural environment, water evaporation from soils, heat flow and radiation balance. Pullman. 1974-1975 rs.
- Fulmer, Elton. (Ph.D.)--Researcher in Department of Agriculture and Head of Chemistry. Pullman. 1894-1920 dc. (Killed in train wreck.)
- Gaines, Edward Franklin. (B.S.)--Associate Agronomist, plant breeder of winter wheat. Pullman. 1912-1944 dc.
- Gaines, Xerpha M. (G.A.)--Seed Analyst in Charge of Seed Laboratory and plant identification. Pullman. 1953-1957 rt.
- Gardner, Walter H. (Ph.D.)--Professor of Soils and Soil Scientist. Soil physics with special interest in movement of moisture in soils. Pullman. 1950-1982 rt.
- Gealy, David R. (Ph.D.)--USDA-SEA-ARS Assistant Agronomist, Weed Science Research. Pullman. 1981-
- Gee, Glendon. (B.S.)--Junior Soil Scientist teaching and research in soil physics. 1964-1966 rs.
- George, Donald W. (M.S.)--USDA breeding cold resistance in winter wheat. Pullman. 1965-1983 rt.

- Gilkeson, Raymond A. (M.S.)--Professor of Soils and Soil Scientist. Soil classification, morphology, genesis and survey. Pullman. 1953-1982 rt.
- Glasser, T. W. (B.S.)--Soil Surveyor. Pullman. 1943-1945 rs.
- Goodding, John A. (Ph.D.)--Assistant Agronomist in forage crops and teaching of crops judging, ecology. Pullman. 1953-1956 rs.
- Goss, Roy L. (Ph.D.)--Extension Agronomist in turf management. Western Washington Research and Extension Center. Puyallup. 1958-
- Gregg, Billy R. (M.S.)--Assistant Agronomist, Foundation Seed and Seed House Manager. Pullman. 1956-1966 rs.
- Griffin, Dick. (B.S.)--Junior Agronomist in crop management and evaluation. South Western Washington Experiment Station. 1952-1955 rs.
- Grunder, Maynard S. (M.S.)--Agronomist in forage breeding and management. Western Washington Research and Extension Center. Puyallup. 1928-1953 rs.
- Grzelak, Krystyna. (M.S.)--Associate in seed testing. Pullman. 1975 rs.
- Guenther, Lynn. (B.S.)--USDA-SCS Agronomist and manager of nursery. Bellingham. 1946-1953 rs.
- Guettinger, David. (Ph.D.)--Soils Extension Specialist in soil fertility. Pullman. 1964-1967 rs.
- Gul, Azam. (Ph.D.)--Visiting Lecturer. Research on the genetics of winterhardiness in wheat. Pullman. 1974 rs.
- Haddock, Jay. (Ph.D.)--Acting Associate Agronomist. Pullman. 1944-1945 rs.
- Hafenrichter, A. L. (Ph.D.)--Assistant Professor in forage crops research and teaching; then USDA-SCS Regional Chief of Nursery Division of SCS. Pullman. 1929-1935 rs.
- Hafercamp, Mary. (B.S.)--Seed Analyst in charge of Seed Laboratory. Pullman. 1947-1950 rs.
- Hallock, Brent G. (Ph.D.)--Extension Forest Soils Specialist. Forest land grading and productivity rating studies. Western Washington Research and Extension Center. Puyallup. 1976-1979 rs.
- Halvorson, Alfred R. (Ph.D.)--Extension Soil Scientist. Soil testing and fertilizer use. Cooperative Extension Service. Pullman. 1957-
- Hang, An Ngoc. (Ph.D.)--Assistant Agronomist. Alternate and specialty crops for the Pacific Northwest. Irrigated Agriculture Reserach and Extension Center. Prosser. 1978-

- Harsh, James B. (Ph.D.)--Assistant Professor and Assistant Soil Scientist. Adsorption of metals and anions on soil mineral surfaces. Pullman. 1984-
- Harston, C. B. (Ph.D.)--Soils Extension Specialist on soil fertility and soil management. Pullman. 1943-1944 and 1951-1977 rt.
- Harvey, W. A. (M.S.)--Assistant Agronomist. Research in weeds. Pullman. 1938-1945 rs.
- Hashmi, Naeem I. (Ph.D.)--Assistant Agronomist. Plant breeding and genetics. Pullman. 1976-1981 rs.
- Hausenbuiller, Robert L. (Ph.D.)--Professor of Soils and Soil Scientist. Soil fertility and chemistry, particularly as related to soil testing. Pullman. 1942-1983 rt.
- Hawk, Virgil B. (B.S.)--USDA-SCS. Nursery Manager. Pullman. 1934-1935 rs.
- Heald, W. R. (B.S.)--Research Assistant in Agronomy. Pullman. 1947-1949 re.
- Heck, A. F. (M.S.)--Assistant Professor in Soils. Pullman. 1915-1928 rs.
- Hegnauer, Leonard. (M.S.)--Succeeded George Severance as Head of Department of Agriculture. Pullman. 1910-1912. Became first Extension Agronomist of WSU. 1923.
- Heilmann, Paul. (Ph.D.)--Assistant Soil Scientist in soil fertility. Northwestern Washington Research Unit. Mount Vernon. 1962-1964 rs.
- Heilman, W. H. (B.S.)--Assistant Chemist in Chemistry, research in the Department of Agriculture on fertilizer, soil and plant analysis. Pullman. 1899- rs.
- Hendershot, William H. (Ph.D.)--Assistant Professor of soil science in soil morphology. Pullman. 1978-1980 rs.
- Herman, Wilford. (M.S.)--Assistant in Farm Crops. Pullman. 1937-1939 rs.
- Hill, C. E. (B.R.)--Junior Agronomist. Waterville Branch Station. Waterville. 1919-1929 rs.
- Hodges, Tom. (Ph.D.)--USDA-ARS Soil Scientist. Prosser. 1987 -
- Holtz, Henry F. (B.S.)--Assistant Soil Physicist. Pullman. 1910-1931 dc.
- Horner, Glenn M. (Ph.D.)--USDA Agronomist, research in soil erosion. Pullman. 1935-1965 rt.
- Hsieh, Jui-Chang. (Ph.D.)--Junior Soil Scientist in soil physics. Pullman. 1951-1962 rs.

- Hurlbutt, Ralston. (B.S.)--USDA-SCS Agronomist in Plant Material Center. Bellingham. 1948-1950 rs.
- Howard, S. W. (Ph.D.)--Assistant Weed Scientist and Extension Agronomist. Mt. Vernon. 1985 -
- Hu, Roger M. L. (Ph.D.)--Research Associate in spring wheat breeding. Pullman. 1973-1974 rs.
- Ingham, J. M. (M.S.)--Assistant in crops and soils. Adams Research Station. Lind. 1923-1945 rs.
- Jackson, Thomas L. (Ph.D.)--Associate Soil Scientist in soil fertility for wheat production in the Palouse. Pullman. 1949-1952 rs.
- Jacobs, Joseph A. (Ph.D.)--Associate Agronomist on forage crops research. Irrigated Agriculture Research and Extension Center. Prosser. 1949-1951 rs.
- Jacquot, Harley D. (B.S.)--Formerly Superintendent Dryland Farming Unit, Lind, then Cropping Sequence Specialist on wheat management and nitrogen fertilization. Pullman. 1930-1951 rs.
- James, David. (Ph.D.)--Assistant Soil Scientist on soil fertility research. Irrigated Agriculture Research and Extension Center. Prosser. 1962-1969 rs.
- James, Norman I. (Ph.D.)--USDA-SEA-ARS Agronomist. Area Director. 1979-
- Johnson, Corwin. (Ph.D.)--Assistant Agronomist on forage and crop management. Northwestern Washington Experiment Station. Mount Vernon. 1953-1956 rs.
- Johnson, Leonard. (Ph.D.)--USDA Agronomist on soil erosion and management practices. Pullman. 1969-1973 rs.
- Johnson, L. P. V. (Ph.D.)--Assistant Geneticist in experimental design and plant breeding. Pullman. 1947-1948 rs.
- Johnston, William J. (Ph.D.)--Assistant Professor and Assistant Agronomist. Turfgrass and forage research. Pullman. 1980-
- Kardos, L. T. (Ph.D.)--Assistant in Soils. Pullman. 1936-1943 rs.
- Kellenbarger, Shirley. (M.S.)--Assistant Agronomist oil crops, peas, and safflower. Pullman. 1947-1951 rs.
- Kelley, Clarence A. (B.S.)--USDA-SCS Assistant Agronomist. Manager of Plant Materials Center. Pullman. 1975-
- Kennedy, W. K. (Ph.D.)--Assistant Agronomist in crop physiology. Pullman. 1947-1949 rs.

- Kennedy, Stephen. (Ph.D.)--Research Associate. Hop breeding. Irrigated Agriculture Research and Extension Center. Prosser. 1960-
- Kennington, M. H. (B.S.)--Research Assistant. Irrigated Agriculture Research and Extension Center. Prosser. 1947-1948 rs.
- Kenny, Stephen. (Ph.D.)--Research Associate. Hop Breeding. Irrigated Agriculture Research and Extension Center. Prosser. 1983 -
- Kerr, Harold D. (M.S.)--USDA weed research on range land. Pullman. 1958-1963 rs.
- Kittams, Harry. (M.S.)--Junior Soil Scientist on soil fertility and crop management. Western Washington Research and Extension Center. Puyallup. 1952-1956 rs.
- Kittock, David L. (Ph.D.)--Instructor in Agronomy crops. Pullman. 1955-1960 rs.
- Kittrick, James A. (Ph.D.)--Professor of Soils and Soil Scientist in clay mineralogy; soil chemistry. Pullman. 1955-
- Klann, James H. (B.S.)--USDA-SCS Soil Conservationist at Plant Materials Center. Pullman. 1965-1968 rs.
- Kleinhofs, Andris. (Ph.D.)--Agronomist and Professor of Genetics. Plant molecular genetics, mutagenesis mechanism of azide development of the barley nitrate reductase system as a model genetic system in eukaryotes. Pullman. 1967-
- Klock, Glen O. (Ph.D.)--Professor of Soils. Soil-water relations in forest hydrology. Wenatchee. 1968-
- Koch, Burton L. (Ph.D.)--Associate Soil Scientist and Associate Horticulturist. Soil fertility in orchards. Tree Fruit Research Center. Wenatchee. 1977- 1984.
- Koehler, Fred E. (Ph.D.)--Soil Scientist and Professor of Soils. Management and fertilization of wheat and other crops in southeastern Washington. Pullman. 1958-
- Konzak, Calvin F. (Ph.D.)--Professor of Agronomy and Genetics and Agronomist. Cytology, Genetics, and breeding of wheat; international standardization of plant research recording procedures and computer processing of records and data. Pullman. 1958-
- Kraszewski, Stefan. (Ph.D.)--Experimental Aide and Technician. Pullman. 1949-1956 rs.
- Kreizinger, E. J. (M.S.)--Agronomist, State Extension Agent, Supervisor. Crop breeding and management. Pullman. 1939-1969 rt.
- Kresge, Conrad B. (Ph.D.)--Collaborator--Northwest Representative for TVA. Pullman. 1971-1979 rs.

- Kuo, Shiou. (Ph.D.)--Assistant Soil Scientist. Reaction and availability of heavy metals in soils. Western Washington Research and Extension Center. Puyallup. 1978-
- Lake, E. R. (M.S.)--Horticulturist-Botanist-Agriculturist. Pullman. 1892 - 1883 r.
- Law, Alvin G. (M.S.)--Professor of Agronomy and Agronomist. Breeding and management of forage crops. Pullman. 1941-1982 rt.
- Larson, Carl. (Ph.D.)--Specialist in irrigation investigations. Prosser. 1931-1937 rs. (Pakistan Project Leader, 1963-1965 rs.)
- Lauer, David A. (Ph.D.)--USDA-SEA-ARS Assistant Soil Scientist. Soil fertility and plant nutrient management. Irrigated Agriculture Research and Extension Center. Prosser. 1977-
- Lawrence C. W. (B.S.)--Cerealist. Pullman. 1905-1910 rs.
- Lawrence, W. H. (M.S.)--Assistant in Botany Investigations, worked in Agriculture. First M.S. graduate from WSU 1902. Pullman. 1908-1911 rs.
- Leamer, Ross. (Ph.D.)--USDA Assistant Soil Scientist in soil physics studies of Columbia Basin Soils. Irrigated Agriculture Research and Extension Center. Prosser. 1946-1951 rs.
- Leggett, Glenn. (Ph.D.)--Assistant Soil Scientist soil fertility and chemistry of ammonia in the soil. Pullman. 1951-1965 rs. USDA/ARS. Prosser. Subsequently.
- Lejeune, Andre J. (M.S.)--Collaborator from Malting Barley Improvement Association. Pullman. 1972-1979 dc.
- Lilly, L. P. (B.S.)--USDA-SCS Collaborator, Plant Materials Center. Pullman. 1969-1973 rs.
- Lin, Chyi Jiin. (M.S.)--Research Associate in crop physiology. Pullman. 1975-1976 rs.
- Lounsbury, B. S. (B.S.)--Soil Surveyor. Pullman. 1943-1946 rs.
- Lumpkin, Thomas A. (Ph.D.)--Assistant Professor and Assistant Agronomist. Crop rotations with lupines, lentils and vetch. Pullman. 1983-
- MacLauchlan, Robert S. (B.S.)--USDA-SCS Nursery Agronomist. Bellingham. 1952-1955 rs.
- Maquire, James D. (Ph.D.)--Professor of Agronomy and Agronomist. Seed physiology and technology, evaluation and treatment of seedborne diseases. Head seed laboratory. Pullman. 1957-
- Markarian, Deran. (Ph.D.)--Assistant Agronomist. Forage breeding. Pullman. 1954-1960 rs.

- Marquis, Louis Y. (Ph.D.)--USDA-ARS Assistant Agronomist. Absorption, translocation, and metabolism of herbicides and growth regulators in selected plant species. Irrigated Agriculture Research and Extension Center. Prosser. 1977-
- McCall, M. A. (M.S.)--Dryland Specialist and first Superintendent. Dryland Experiment Station of Adams County. Lind. 1916-1924 rs.
- McClure, Norman R. (M.S.)--USDA-SCS Junior Agronomist with Plant Materials Center. Pullman. 1956-1960 rs.
- McCollam, M. E. (B.S.)--Agronomist. Forage and crop management. Western Washington Research and Extension Center. Puyallup. 1920-1928 rs.
- McCreery, Robert. (M.S.)--Assistant in Soils. Soil chemistry and clay mineralogy. Pullman. 1948-1952 rs.
- McDole, Robert. (Ph.D.)--Collaborator, Potato research. Pullman. 1975 rs.
- McDonald, E. (M.S.)--Associate in Research, Agronomy and Soils. Pullman. 1987 -
- McDonald, W. T. (B.S.)--Instructor in Agriculture. Pullman. 1908-1911 rs.
- McGrew, Paul C. (B.S.)--USDA-SCS Ag. Engineer in charge of the Soil Erosion Station. Pullman. 1930-1954 rs.
- McHenry, J. R. (Ph.D.)--Assistant Soil Physicist. Pullman. 1947-1949 rs.
- McIntyre, Gordon I. (Ph.D.)--Research Associate on herbicide studies in quackgrass. Pullman. 1961-1964 rs.
- McNeal, Brian L. (Ph.D.)--Professor of Soils and Soils Scientist. Inorganic soil chemistry; soil salinity. Pullman. 1969-1983 rs.
- Mech, S. J. (B.S.)--USDA Research in soil conservation. Irrigated Agriculture Research and Extension Center. Prosser and Pullman. 1947-1968 dc.
- Miller, David E. (Ph.D.)--USDA-SEA-ARS Soil Scientist. Soil-water-Plant relations. Irrigated Agriculture Research and Extension Center. Prosser. 1955-
- Miller, Dwane. (Ph.D.)--Assistant Professor, Agronomist, teaching crops, crop judging, and researching hail damage. Pullman. 1967-1977 rs. Returned 1987 as Chairman of Department.
- Minnick, Edward, A. (B.S.)--USDA-SCS Field Agronomist. Plant Materials Center. Pullman. 1952-1954, transferred to Cooperative Extension.
- Moodie, C. Dawson. (Ph.D.)--Professor, Soil Scientist, Chairman. Soil chemistry, soil analysis, and alkali soils studies. Pullman. 1946-1970 dc. Died in car accident, Steptoe March 12, 1970.

- Morrison, Kenneth J. (Ph.D.)--Extension Agronomist and Agronomist. Crop cultivar evaluation and management practices for yield increases. Pullman. 1950-1987.
- Morrow, Larry A. (Ph.D.)--USDA-SEA-ARS Associate Professor of Agronomy and Associate Agronomist. Weed Science Research. Pullman. 1977-1987.
- Mortensen, Walter. (Ph.D.)--Soil Scientist on soil fertility and crop management. Western Washington Research and Extension Center. Puyallup. 1953-1976 rt.
- Moseman, J. Jr. (B.S.)--Research Assistant in Agronomy. Pullman. 1947-1948 r.s
- Muehlbauer, Fred J. (Ph.D.)--USDA-SEA-ARS Professor of Agronomy and Agronomist. Genetics and breeding of dry peas and lentiles. Pullman. 1969-
- Mueller, O. P. (B.S.)--Research Assistant in soils. Pullman. 1947-1948 rs.
- Mueller, Robert G. (Ph.D.)--TVA Collaborator and Northwest Representative. Pullman. 1966-1970 rs.
- Mulla, David J. (Ph.D.)--Assistant Professor and Assistant Soil Scientist. Time domain reflectometry and computer modeling of water and sediment transport. Pullman. 1983-
- Mullen, Lowell A. (Ph.D.)--USDA Regional Coordinator Primary Plant Introduction Station. Pullman. 1952-1966 rt.
- Muzik, Thomas J. (Ph.D.)--Professor of Agronomy and Agronomist. Physiology and morphology of weeds; hormones and herbicides. Pullman. 1956-1982 rt.
- Nilan, Robert A. (Ph.D.)--Dean, Division of Sciences, Professor of Genetics and Agronomist. Cytology, genetics, and breeding of barley. Pullman. 1951-
- Naffziger, Loy M. (B.S.)--USDA Ag. Engineer on erosion studies on the Erosion Farm. Pullman. 1952-1959 dc.
- Nagamitsu, Dick. (M.S.)--Junior Agronomist. Dry Land Research Unit. Lind. 1952-
- Nawar, Maher M. (Ph.D.)--Research Associate in chemical and radiation mutagenesis research. Pullman. 1969-1970 rs.
- Nelson, C. Emil. (M.S.)--Agronomist. Soil fertility and management studies of Columbia Basin soils. Irrigated Agriculture Research and Extension Center. Prosser. 1938-1972 rt.
- Nelson, Jack L. (Ph.D.)--Soil Scientist on soil physics and fertility problems. Irrigated Agriculture Research and Extension Center. Prosser. 1954-1957 rs.

- Nelson, Lowell G. (Ph.D.)--Outlying Testing Specialist, WWREC, Then Assistant Soil Scientist in Charge Soil Testing Laboratory. Pullman. 1954-1957 rs.
- Nelson, Walter. (M.S.)--Agronomist, Superintendent. Dry Land Experiment Station. Lind. 1950-1971 rs.
- Ness, Arnold. (B.S.)--USDA-SCS Assistant Soil Scientist. Soil Surveying and correlation. Pullman. 1954-1957 rs.
- Northam, Francis E. (Master's of Agriculture)--USDA-SCS. Associate Agronomist, Development of grasses for conservation uses. Pullman. 1981-1983 rs.
- Nurmi, Edwin O. (B.S.)--USDA-SCS. Superintendent. Plant Materials Center. Pullman. 1959-1968 rs.
- Ogg, Alex G. Jr. (Ph.D.)--USDA-SEA-ARS Associate Agronomist and Associate Horticulturist. Weed control research in irrigated horticultural and specialty crops in the Pacific Northwest. Irrigated Agriculture Research and Extension Center. Prosser. 1969-
- Oldenmeyer, Donald L. (Ph.D.)--Assistant Agronomist on forage management and evaluation. Irrigated Agriculture Research and Extension Center. Prosser. 1952-1953 rs.
- Olson, Robert J. (B.S.)--USDA-SCS Nursery Superintendent. Pullman. 1954-1959 rs.
- Olson, Sterling R. (Ph.D.)--USDA-ARS Soil Chemist. Irrigated Agriculture Research and Extension Center. Prosser. 1946-1951 rs.
- Overland, Alvin. (M.S.)--Junior Agronomist in charge of Seed Testing Laboratory. Pullman. 1952-1957 rs.
- Pan, W. L. (Ph.D.)--Associate Professor of Soils and Assistant Soil Scientist. Soil Fertility. Pullman. 1985 -
- Papendick, Robert L. (Ph.D.)--USDA-SEA-ARS Professor of Soils and Soil Scientist, soil physics. Pullman. 1965-
- Parker, Robert III. (Ph.D.)--Extension Weed Scientist. Weed control research. Irrigated Agriculture Research and Extension Center. Prosser. 1978-
- Patterson, J. K. (Ph.D.)--Associate Agronomist and Associate Research Professor in forage management and quality studies. Pullman. 1950-1961 dc.
- Peabody, Dwight V. Jr. (M.S.)--Agronomist and Extension Weed Scientist. Weed control in horticultural and field crops. Northwestern Washington Research and Extension Unit. Mount Vernon. 1953-1982 rt.

- Smith, Henry W. (Ph.D.)--Professor of Soils and Soil Scientist in soil morphology and classification, collector and preserver of representative soil profiles, a unique collection. Pullman. 1940-1978 rt.
- Smith, Luther. (Ph.D.)--Professor, Agronomist in plant breeding of barley, Cytogeneticist on induced mutations. Pullman. 1946-1952 dc.
- Smyth, Douglas A. (Ph.D.)--Research Associate. Foliar Application of Phosphate to cereals. Pullman. 1980-1982 rs.
- Spaeth, Steven C. (Ph.D.)--USDA-SEA-ARS Assistant Agronomist. Legume genetics and physiology. Pullman. 1983-
- Spillman, William J. (Ph.D.)--Professor Agriculture, Head of Agriculture Department. Research in genetics, plant breeding, forages. Pullman. 1894-1902 rs.
- Stanberry, C. O. (Ph.D.)--Associate Soil Scientist. Soil fertility under irrigation. Irrigated Agriculture Research and Extension Center. Prosser. 1940-1951 rs.
- Starr, Warren A. (B.S.)--Professor, Soil Scientist in soil classification and survey. Pullman. 1950-1975 rt.
- Stephens, D. E. (M.S.)--USDA Agronomist. Irrigated Agriculture Research and Extension Center. Prosser. 1944-1946 rs.
- Stevens, R. G. (Ph.D.)--Extension Soil Scientist. Soil fertility and management. Irrigated Agriculture Research and Extension Center. Prosser. 1985 -
- Stevenson, F. J. Assistant in Farm Crops. (In cooperation with USDA.) 1921 rs.
- Stroh, James. (B.S.)--USDA-SCS in charge of Observational Nursery, Plant Materials Center. Pullman. 1963-1965 rs.
- Sturm, J. J. (B.S.)--Assistant Agronomist and Superintendent. Dry Land Experiment Station. Lind. 1947-1949 rs.
- Summerfield, Rodney. (Ph.D.)--USDA Assistant Agronomist (courtesy) on lentil research. Pullman. 1980-1981 rs.
- Swan, Dean G. (Ph.D.)--Extension Weed Scientist and Agronomist. Weed control in crops and perennial weeds. Cooperative Extension Service. Pullman. 1966-
- Swenson, Stanley P. (Ph.D.)--Professor, Agronomist, Chairman Department of Agronomy, Dean College of Agriculture, Director of International Programs. Pullman. 1941-1967 rs.
- Switzer, Merle E. (M.S.)--TVA Northwest Representative, cooperator. Pullman. 1959-1964 rs.

- Wood, Glen M. (Ph.D.)--Associate Professor and Agronomist. Turf management and crop ecology. Pullman. 1969-1970 rs.
- Wright, C. C. (B.S.)--Specialist in irrigation investigations. Irrigated Agriculture Research and Extension Center. Prosser. 1923-1929 rs.
- Yamashita, K. (Ph.D.)--Post Doctorate from Japan in cytogenetics. Pullman. 1952 rs.
- Yang, Sam J. (Ph.D.)--Research Associate in water-plant-relationships. Pullman. 1970-1971 rs.
- Youngman, Vern E. (Ph.D.)--Assistant Agronomist, teaching, crops judging, and research on management and testing of alternate crops. Pullman. 1958-1967 rs.
- Young, Francis L. (Ph.D.)--USDA-SEA-ARS Assistant Agronomist (Courtesy). Weed Science research. Pullman. 1981-
- Zimmerman, E. E. (M.S.)--USDA Collaborator. Hops research. Irrigated Agriculture Research and Extension Center. Prosser. 1956-1959 rs.
