Perspectives in Transgender Healthcare

Join the ESFCOM LGBTQI+ student interest group to discuss transgender healthcare within the Inland Northwest. We have brought together a panel of experts from various healthcare fields to share their experiences and offer insight on how to improve the overall quality of care we provide transgender patients.

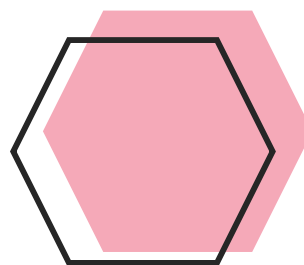

Meet the Panelists

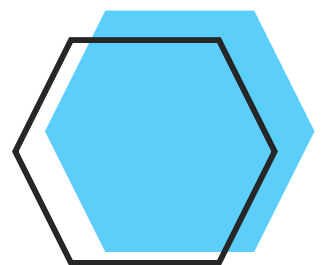

Dr. Cheyenne Newsome
Pharmacist with
experience in prescribing
transitional therapy
agents

Dr. Debra Gore
Family Medicine
Physician currently
operating the first
gender health clinic in
Spokane.

Roberta Jackson
Speech and Hearing
Specialist who offers
voice training for
patients who desire to
have a higher or lower
voice

Lucas Leek
Social Work student who
hosts sensitivity training
events for local health
networks and hospitals
