

Coursework requirements for M.S. (Thesis) degree in Food Science

Recommended Food Science Competency Areas*

Students are expected to demonstrate a fundamental understanding of food science competency areas. In preparation for final defense, students are recommended to take courses that cover food chemistry/analysis, food microbiology/safety, food processing/ engineering, nutrition, toxicology, sensory, and other related areas.

General Graduate Course Requirements

Students must complete a minimum of 30 credit hours including a minimum 21 credits of graded (A-F) coursework, with at least 15 hours of graduate credit (500-level) including FS 517/518 or approved substitution (3 cr) plus 6 credits minimum of FS graduate (500-level) coursework, and 3 credits minimum (400+ level) Statistics coursework, and 9 credit hours minimum of FS 700 Master's Research, Thesis, and/or Examination. Up to 6 credits of graded, non-graduate coursework at the 300- or 400-level may be included.

Courses taken as audit or on a pass/fail basis may not be applied to fulfill program requirements. Any course graded S/F may not be used as graded coursework. Any course listed on the student's Program of Study in which a grade of "C-" or below is earned must be repeated for graded credit. Up to half of the graded credits on a program of study may be transfer credits, with approval of the Graduate School. See transfer policy for full details.

***Please be reminded about the competency areas in terms of your course selection.**

***** *List View of General Graduate Course Requirements******

1. 30 hours minimum total credits
2. 21 credit hours minimum of graded (A-F) coursework, including a minimum of 15 credit hours of graduate credit (500-level). Up to 6 credits of graded, non-graduate coursework at the 300- or 400-level may be included.
