

WSU

Organic Farm

FEEDING THE COMMUNITY
TRAINING FUTURE FARMERS

Get to know the WSU Organic Farm operations on a deeper level!

We offer tours year round. Email organic.farm@wsu.edu to schedule a tour or field trip.

Our guided tours provide a detailed walk through the farm to view over 80 different varieties of vegetables, herbs, fruit, grains, and flowers. The farm specializes in small scale sustainable cropping systems, high tunnel production, local marketing, weed control, and research. Typically, tours will take about 45 minutes and include plenty of time for questions. Each participant will receive a complimentary seed packet.

Fee Schedule

- \$45 minimum fee for up to 15 people
- \$3 for each additional person

Special Rate for school groups (K-12): \$45 for up to 25 students; \$1 for each additional student

*The farm also offers two free events each year that are open to the public - The Annual Farm Field Day on the last Thursday in July and the Fall Harvest Celebration on the first Saturday in October. Stay tuned to WSU news and our website for more information on these events:
