SUBJECT:　Minor Change Bulletin No. 7: Rule 53 and Course Prerequisite Revisions

This minor change bulletin is a compilation of all course prerequisites that have been revised, to date, in response to the change to Rule 53, Admission to the Major, approved by the Faculty Senate on April 11, 2019, and to Rule 54, Undergraduate Minors and Additional Majors, approved by the Faculty Senate on October 17, 2019.

Effective for fall 2020 registration, all courses that require a student to be "certified" in order to enroll will be revised to reflect the new terminology: e.g., students will be "admitted to" a major or minor rather than "certified in" a major or minor.

The courses listed below include the current prerequisite statement and the proposed change only, as well as other minor changes to portions of the description. Note that some prerequisites show truncated major names because of character length limitations in myWSU.

Subject	Course Number	Revise	Current	Proposed	Effective Date
