TO: Matt Hudelson, Executive Secretary
Faculty Senate

FROM: Becky Bitter, Registrar's Office

FOR: Professional Health Sciences Committee

DATE: 29 October 2020

SUBJECT: Proposal for a Temporary No Record-COVID Grade, NRC

The Professional Health Sciences Committee has reviewed the proposal from the Provost's Office to implement a temporary "NRC" No Record-COVID grade.

The committee affirmed that students in the professional careers of Medicine, Pharmacy, and Veterinary Medicine have different grading systems and have additional requirements which prevent the use of the NRC grade.

PHSC agrees with the statement in the memo and FAQ regarding the exclusion of the NRC grade for courses offered in the professional health sciences careers.
