Marketing strategies for creating customer and firm value in business-to-business markets.	Business to Business Marketing 3 Course Prerequisite: MKTG 360; admitted to a major or minor in the College of Business, or <u>Professional Sales certificate</u> . Marketing strategies for creating customer and firm value in business-to-business markets.	1-21
NEP	435	Revise	Exercise, Diet and Disease 4 Course Prerequisite: NEP 400; NEP 402 or concurrent enrollment; NEP 463 . Pathophysiology of disease and implications for dietary and exercise interventions.	Applied Pathophysiology 4 Course Prerequisite: <u>Admitted to the major in Nutrition and Exercise Physiology or the Master of Science in Coordinated Program in Dietetics, Nutrition, and Exercise Physiology</u> . Pathophysiology of disease and implications for dietary and exercise interventions.	1-21
NEP	463	Revise	Exercise Physiology 4 (3-3) Course Prerequisite: Admitted to the major in Nutrition and Exercise Physiology. Advanced undergraduate exercise physiology with emphasis on mechanisms regulating physiological responses to exercise across the life span .	Exercise Physiology 4 (3-3) Course Prerequisite: Admitted to the major in Nutrition and Exercise Physiology. Advanced undergraduate exercise physiology with emphasis on mechanisms regulating physiological responses to <u>acute and chronic exercise</u> .	8-21

NEP	478	Revise	Cardiopulmonary Physiology 3 (2-3) Course Prerequisite: <u>NEP 435; NEP 463; NEP 476</u> ; admitted to the major in Nutrition and Exercise Physiology. Development of ECG interpretation skills, including 12 leads, with emphasis on procedures and impact of medication in resting and exercising persons.	Cardiopulmonary Physiology 3 (2-3) Course Prerequisite: <u>NEP 463</u> ; admitted to the major in Nutrition and Exercise Physiology. <u>Comprehensive analysis of cardiopulmonary function in healthy humans; students will conduct activities related to cardiopulmonary function during rest and exercise. Required preparation: previous course in Anatomy and Physiology.</u>	8-21
NEP	490	Revise	Exercise and Nutrition Internship V 10 (0-30) to 15 (0-45) Course Prerequisite: NEP 489; admitted to the major in Nutrition and Exercise Physiology. Supervised offsite exercise field experience to assess normal and diseased populations and develop/apply exercise prescriptions and nutrition recommendations. S, F grading.	Exercise and Nutrition Internship V 1 (0-3) to 15 (0-45) Course Prerequisite: NEP 489; admitted to the major in Nutrition and Exercise Physiology. Supervised offsite exercise field experience to assess normal and diseased populations and develop/apply exercise prescriptions and nutrition recommendations. S, F grading.	8-21
VIT ENOL	433	Revise	[CAPS] [M] Critical Thinking in Vineyard and Winery Management 3 Course Prerequisite: VIT ENOL 313; VIT ENOL 413 or concurrent enrollment; VIT ENOL 440 or concurrent enrollment; VIT ENOL 465 . Expansion and application of previous learning in viticulture and enology to develop economic and environmentally sustainable vineyard and winery management plans. Typically offered Spring.	[CAPS] [M] Critical Thinking in Vineyard and Winery Management 3 Course Prerequisite: VIT ENOL 313; VIT ENOL 413 or concurrent enrollment; VIT ENOL 440 or concurrent enrollment. Expansion and application of previous learning in viticulture and enology to develop economic and environmentally sustainable vineyard and winery management plans. Typically offered Spring.	1-21
VIT ENOL / HORT	440	Revise	Winery Operations and Equipment 3 Course Prerequisite: CHEM 345; FS/VIT ENOL 465 . Major equipment and unit operations in the winemaking process, with primary focus on operations from receipt of grapes through bottling process. (Crosslisted course offered as VIT ENOL 440, HORT 440). Typically offered Spring.	Winery Operations and Equipment 3 Course Prerequisite: CHEM 345.
