RE: Changes to the *Faculty Manual* in Section III.G.3.4 Privileges of Emeritus Rank

On behalf of the FAC, I am writing to recommend Faculty Senate approval of the attached revision to the Faculty Manual, which modifies this section to make the language more relevant over time, moving away from language that might change based on specific technologies.

The motion passed with a majority vote. The committee recommends that the proposed changes to the Faculty Manual be forwarded to the Faculty Senate for discussion and approval.
