DATE: February 21, 2019

SUBJECT: New Degree – Bachelor of Arts in Human Biology

The College of Arts and Sciences has proposed the establishment of the Bachelor of Arts in Human Biology degree to be offered on the Pullman and Vancouver campuses. The program will be jointly administered by the Department of Anthropology and the School of Biological Sciences.

The Registrar's office worked with the departments to clarify the degree requirement and create a 4-year schedule of studies that is consistent with catalog and curricular standards. This proposal and 4-year schedule of studies was approved by the Catalog Subcommittee on February 14, 2019.

The schedule of studies is submitted as a separate attachment.
