## PROFESSIONAL HEALTH SCIENCES MAJOR CHANGE BULLETIN NO. 4 Spring 2020

## --REQUIREMENTS--

The requirements listed below reflect major curricular changes for the professional health sciences and have been approved by the Catalog Subcommittee and the Professional Health Sciences Committee. The text under the heading titled *Proposed* will show strikethroughs for deletions, and underlines for additions, as needed. The column to the far right indicates the date each change becomes effective.

Dept	Proposed	Effective Date
Pharmacy New major (plan) under the Doctor of Pharmacy degree: Doctor of Pharmacy with Research Honors	DOCTOR OF PHARMACY WITH RESEARCH HONORS CURRICULUM (143 Credits)  The Doctor of Pharmacy with Research Honors major provides students with the opportunity to gain substantial research experience while in pharmacy school. Students interested in pursuing the Research Honors plan should attend informational sessions and consult with the policies for the Research Honors Program, and then apply for entry to this program during the second term of their first year in the PharmD curriculum. Prospective Research Honors students must enroll in PHARMACY or PHARDSCI 499 or 599 in the second term of their first professional year before applying to the Research Honors program. The program requires selection of a research mentor, ongoing research work (PHARDSCI 598; total of at least 8 credits required) during the second and third professional years, completion of PHARMSCI 577 in the first term of the second professional year, presentation of research plans in the second professional year, and submission of a culminating paper to the Research Honors Program in the third professional year.	8-20
