

TO: Dr. Craig Parks

FROM: Matt Hudelson, Faculty Senate Executive Secretary

RE: Rename of Elson S. Floyd College of Medicine, Department of Translational Medicine and Physiology

DATE: March 25, 2021

The Faculty Senate Executive Committee along with the Steering Committee has reviewed the proposal: ***Rename of the Elson S. Floyd College of Medicine, Department of Translational Medicine and Physiology*** which appeared as an Informational Item on the March 25, 2021 Senate agenda and comments received:

- GSC Comments: There is a typo in NOI Floyd College rename - "Basic Sciences" instead of "Biomedical Sciences" in para 2 [I think]. Our co-chair Gary Wayman wanted to check with IPN to ensure the department didn't have any issues with the name changes (and they're good)
- VCAA's from the Everett Campus & Vancouver Campus reviewed and responded with no concerns.

Your proposal will now be forwarded to the Office of the Provost Office for the president's signature. The Office of the Provost will notify you when final approval has been given.
