

**UNDERGRADUATE AND PROFESSIONAL MAJOR CHANGE BULLETIN NO. 5
Fall 2015**

--REQUIREMENTS--

The requirements listed below reflect the undergraduate major curricular changes approved by the Catalog Subcommittee since approval of the last Undergraduate Major Change Bulletin. All changes are underlined. Deletions are crossed out. The column to the far right indicates the date each change becomes effective.

Dept	Proposed	Effective Date
<p>Design and Construction Revise graduation requirements in Bachelor of Landscape Architecture</p>	<p>Landscape Architecture (120 Hours)</p> <p>Accredited by the Landscape Architectural Accreditation Board (LAAB), the Bachelor of Landscape Architecture (BLA) is a professional degree program that provides students with the common body of knowledge related to landscape architecture. The Landscape Architecture Program is based on a concern for human beings and the environment. The program teaches students to create outdoor spaces that support human activities and that positively affect the environment.</p> <p>The BLA curriculum is structured to create unique learning experiences each semester. Broadly speaking, the curriculum emphasizes practical and applied experiential learning, draws from courses across campus, and provides students with opportunities to think critically and integrate diverse bodies of knowledge.</p> <p>The professional course of study is divided into two segments: pre-landscape architecture and the second – fourth year professional landscape architecture program (BLA). Completion of the program leads to the degree of Bachelor of Landscape Architecture and allows the graduate to enter the profession. At least three additional years of professional experience and successful completion of the landscape architectural license examination are necessary for registration as a licensed landscape architect in most states.</p> <p>Pre-landscape architecture (pre-LA) is a one-year, non-degree course of study that is intended to prepare undergraduate students for the advanced professional curriculum. The pre-LA curriculum concentrates on University Common Requirements (UCORE) and basic professional courses. UCORE courses should be selected with the assistance of a landscape architecture advisor. Transfer students who have not completed the equivalent of the pre-LA course work will be accepted directly into pre-LA.</p> <p>Certification Requirements</p> <p>Students must submit a certification application in the spring semester of their first year. Application forms and instructions are available in</p>	<p>8-16</p>

the School of Design and Construction main office and on the web site: <http://sdc.wsu.edu>. Due to limitations of space, faculty, and budget, admission is limited and based on academic performance.

Certification requirements include completion of at least 24 semester hours and the pre-LA curriculum. The following three courses (or approved equivalents) must be completed with a grade of C or better: SDC 100, SDC 120 and SDC 140. Additional required courses are HISTORY 105, ENGLISH 101, MATH 105 (or higher), COM 102 or H D 205, and one fine arts course (FINE ART 101, 201 or 202). A minimum 2.5 WSU cumulative GPA is required to apply for certification. Students' overall WSU GPA and major specific GPA from the courses listed above are considered in the application process.

Professional Program Requirements (BLA)

Students must earn a C or better grade in all courses required for the landscape architecture professional program. To graduate, at the end of their program of study, all students must submit a digital portfolio of creative works and present their portfolio at an off-campus, program-organized review. ~~Second and fourth year students will be required to participate in an off-campus study tour during the fall semester.~~ Students will be required to participate in two off-campus study tours, designated by the program, one in the fall semester of the second year, and one in the spring semester of the fourth year.

Transfer students who have completed the equivalent of the pre-LA curriculum may apply to the professional program by submitting a portfolio and academic transcripts for consideration. Contact the landscape architecture program for portfolio requirements.

All students admitted into the second year will be required to purchase a laptop computer. Details and specifications can be found on the school website: <http://sdc.wsu.edu>.

Footnotes

¹ 6 credits required. Choose from CE 211, ME 212, ME 301, ~~or~~ MSE 302.

	<p>² Students follow one of five tracks for an emphasis in their degree program: Power track: required: E E 362 [M], 491; and at least 6 hours credits from E E 486, 489, 492, 493, 494; and three credits from list of approved technical electives; Microelectronics track: required: E E 351, 431 476, 496, at least two of the following E E 434, 464, 489, 495; Systems track: required: E E 464, 489, at least one from E E 432, 451, and two from E E 351, 431, 432, 451, 470, 495; General track: at least one from E E 324 [M], 351, 362 [M], 489, and twelve credits from list of approved technical electives with a minimum of 9 credits 400-level EE courses one from E E 432, 451, 491, 496; or Computer Engineering track: required: E E 434, 466, at least one from E E 324 [M], 334, CPT S 360, and six credits from list of approved technical electives with a minimum of three credits 400-level E E courses.</p> <p>³ Additional Technical Electives - required for Power Track (3 credits); General Track (9 credits) and Computer Engineering Track (6 credits) - include: ASTRONOM 435; CE 463; CHEM 331, 333,345; MATH 320 [M], 325, 340, 364, 401 [M], 402 [M], 415, 420, 421 [M], 440, 441, 448, 453, 464, 466; ME 401, 404; MSE 402, 403; PHYSICS 303, 304, 320, 443, 450, and 463; or any 300-400-level CPT S or E E course not used to fulfill other requirements.</p>	
<p>General Studies – Liberal Arts Revise Global Studies Minor.</p>	<p>Global Studies</p> <p>I. Webber, (Faculty Coordinator) and L. Heustis (Advisor) http://libarts.wsu.edu/genstudies/ 509-335-87340397</p> <p>Global studies examine economic, political, social, cultural, and scientific practices in a transnational and cross-cultural perspective. The Global Studies minor is designed to provide students with an integrated exposure to globally related scholarship across the disciplines, and encourages a student in any major discipline to think in terms of the globalization that marks the contemporary world. The program of study is designed to provide an exciting interdisciplinary global perspective on the arts, humanities, social sciences, and sciences. The minor is flexible and complements majors from across the University, affording students the opportunity to reach beyond their majors, or to take courses related to their majors outside of the context of the United States.</p> <p>To certify towards the minor, students must have completed at least 60 credits hours with a 2.0 GPA or above. To earn the minor, students must complete a minimum of 18-19 credit hours: 1 core course in each student learning outcome category (12-13 credits), and 2 course electives (6 credits) in any of the thematic categories listed in the program of studies, but targeting two different learning outcomes. At least 9 credits of approved coursework must be taken at the 300-400 level, and no courses taken Pass/Fail will count towards the 18/19 credit requirement. Six hours of approved transfer work may be counted towards the minor; the remaining 12/13 hours must be taken in residence at WSU or through WSU-approved education abroad or educational exchange courses. No more than two courses with the same prefix <u>subject (or content, as in cross-listed courses)</u> can be applied to the minor. Some courses may be substituted with the approval of the Global Studies Minor advisor. Additional courses may be included within the minor as developed in the university curriculum.</p>	<p>8-16</p>

	<p>Student Learning Outcomes: The minor gives students a competitive edge in the global job market. Students earning the minor will be prepared to 1) understand connections that can be made from historical, cultural, economic, and political contexts that shape society and reflect global systems; 2) demonstrate knowledge of and be sensitive to others' differing identities and values across cultures; 3) apply intercultural communication skills to interact effectively with individuals and in groups; and 4) interact respectfully and responsibly across boundaries in diverse environments.</p> <p>Program of Studies:</p> <p>Core Courses: Choose one from ANTH 203, CES 244, ECON 101, <u>ECONS 198</u>, POL S 103, or SOC 415. Choose one from ANTH 316, FINE ART 202, or POL S 428. Choose one from: COM 105, COMSOC 321, or FOR LANG 120. PLUS, complete one semester of foreign language study at WSU beyond the WSU admissions requirement. Foreign language courses taken at WSU to fulfill the admissions requirement are not eligible to be applied to the minor.</p> <p>Electives: Six credits Required. Choose two courses targeting two different learning outcomes (SLOs):</p> <p>SLO 1 Connections among contexts: ANTH 260, CES 380, CROPS 360, <u>ENGLISH 373</u>, FINE ART 301, GEOLOGY 390, HISTORY 494 or 495 or approved upper-level World History course, <u>HONORS 370, 380, 390</u>, I BUS 380 or 470, POL S 429, SOC 334 or 430.</p> <p>SLO 2 Knowledge about identities and values: ANTH 301 or 404, BIOLOGY 407, ENTOM 150, ENVR SCI 101, FOR LANG 110, <u>HUMANITY 350</u>, MUS 163 or 265, or POL S 435.</p> <p>SLO 3 Communication skills: Additional semester of same FL as used for the Core requirement or additional FL course taught in the foreign language at WSU.</p> <p>SLO 4 Respectful interaction: BIOLOGY 110, NATRS 312, ANTH 418, COMSOC 421, or HIST 491.</p>											
<p>Human Development Revise graduation requirements for Bachelor of Arts in Human Development – General Option for both Pullman and Vancouver</p>	<p>Human Development - General Option (120 Hours)</p> <p>The Bachelor of Arts degree in Human Development requires a cumulative GPA of <u>2.6</u> or better and a C minimum grade in all H D courses, including substitutions. Footnotes

¹ For a total of 7 credits—one Biological Science [BSCI] and one Physical Science [PSCI] course, including one lab course, or 8 credits of [SCI] designated courses. (SCIENCE 101 [SCI] is offered Fall semester and is a prerequisite for SCIENCE 102 [SCI], which is offered Spring semester.)

² ~~PSYCH 105 [SSCI] or SOC 101 [SSCI] are strongly recommended.~~

³ ~~Courses are only offered during spring semester each year.~~

⁴ ~~Courses are only offered Fall semester each year.~~

⁵² Students strongly encouraged to pursue a minor or certificate. Elective credits should include sufficient 300-400 level courses to meet University requirement of 40 upper division credits.

	<p>³ <u>HD 385 and 496 are required for Vancouver students only and must be completed before H D 498 or 446.</u></p> <p>⁴ <u>H D 497 is required for Pullman students only and must be completed prior to H D 446 or 498.</u></p> <p>⁶⁵ <u>All H D majors complete a practicum/internship experience. H D 446 is reserved for students completing the certificate in Early Childhood Education and requires a half-day each day, 5 days a week for a semester and can be put into the schedule any time after taking H D 342. All other H D majors complete H D 498.</u></p> <p>⁷⁶ <u>The internship course (H D 498) can be taken during the summer semester of the junior or senior year. H D 497 must be taken before H D 498 but no more than two semesters before taking the internship. H D 385 and H D 496 must be taken before completion of H D 498 for Vancouver students. Vancouver students are required to take 3 credits of H D 498. Pullman and Global students must complete 4 credits of H D 498.</u></p>
