

**UNDERGRADUATE AND PROFESSIONAL MAJOR CHANGE BULLETIN NO. 9**  
**Spring 2017**

**--REQUIREMENTS--**

The requirements listed below reflect the undergraduate major curricular changes approved by the Catalog Subcommittee since approval of the last Undergraduate Major Change Bulletin. All changes are underlined. Deletions are crossed out. If a description, semester, or footnote has been left off a schedule of studies presentation, then no changes were made. The column to the far right indicates the date each change becomes effective. Note: Items marked {S} have been streamlined and do not require Catalog Subcommittee review.

### Footnotes

<sup>1</sup> MATH 106 may be taken as a pre-/co-requisite to CHEM 105 and other MATH courses. MATH 108 may also be needed.

<sup>2</sup> Two years of high school foreign language or at least two semesters of college-level foreign language are required by the College of Arts and Sciences for graduation.

<sup>23</sup> Biology General Program option courses should be selected in consultation with a biology advisor and include coursework to fulfill the University requirement of 40 upper division credits. All biology majors must complete 21 semester credits of biological coursework including 15 upper-division credits, 6 of which must be a BIOLOGY subject (prefix) taken in residence at WSU. Approved courses include 200-400-level BIOLOGY courses except those used to fulfill core requirements (BIOLOGY 106, 107, 301, 372, 403, or 405), and any courses approved by advisor. A maximum of 4 credits of coursework graded S/F may be used toward fulfilling departmental requirements or program options and must be approved by advisor. Coursework must include two BIOLOGY [M] courses.

### Footnotes

- <sup>1</sup> MATH 106 may be taken as a pre-/co-requisite to CHEM 105 and other MATH courses. MATH 108 may also be needed.
- <sup>2</sup> Program emphasis (13 credits) for students interested in Pre-Occupational Therapy include ANTH 203, BIOLOGY 220, BIOLOGY 393 [M], COM 102, H D 101.
- <sup>3</sup> Program emphasis (8-9 credits) for students interested in Pre-Physical Therapy include BIOLOGY 393 [M] or 490 [M], KINES 380 or BIOLOGY 350 or BIOLOGY 352, PSYCH 361 or H D 101.
- <sup>4</sup> Program emphasis (14-15 credits) for students interested in Pre-Physician Assistant include CHEM 370 or MBIOS 303, MBIOS 304 or 306, MBIOS 305, PSYCH 361 or H D 101. Students in this emphasis will also need to complete a BIOLOGY [M] course to fulfill the University requirement of 2 [M] courses.
- <sup>5</sup> Two years of high school foreign language or at least two semesters of college-level foreign language are required by the College of Arts and Sciences for graduation.
- <sup>26</sup> Pre-Physical Therapy / Pre-Occupational Therapy / Pre-Physician Assistant Program option courses should be selected in consultation with a biology advisor and include coursework to fulfill the University requirement of 40 upper division credits. In addition to core biology courses (BIOLOGY 106, 107, 301, 372, and 403 or 405) All biology majors must complete 21 semester credits of biological coursework including 15 upper-division credits, 6 of which must be a BIOLOGY prefix taken in residence at WSU. Approved program electives include CHEM 370, KINES 380, MBIOS 303, 304, 305, 306, PHIL 365, and 200-400-level BIOLOGY courses except those used to fulfill core requirements (BIOLOGY 106, 107, 301, 372, 403 or 405), and any courses approved by advisor. A maximum of 4 credits of coursework graded S/F may be used toward fulfilling departmental requirements. A minimum of 4 credits selected from the following courses is recommended: ANTH 203, 260, 380, 405; BIOLOGY 333, 352, 407, 495, 497; KINES 462; MBIOS 304, 305, 423, 440; NEUROSCI 301, 302; PHIL 365. Other approved courses include 200-400-level BIOLOGY courses except those used to fulfill core requirements (BIOLOGY 106, 107, 301, 372, 403 or 405), and any courses approved by advisor. A maximum of 4 credits of coursework graded S/F may be used toward fulfilling departmental requirements or program options and must be approved by advisor.

<b>Biological Sciences</b> Revise graduation requirements for BS in Biology - Education Option	<b>Biology – Education Option (137 <u>120</u> Hours)</b>  <u>Students completing this degree will earn a B.S. in Biology. In order to obtain teaching credentials in the State of Washington, students must complete additional requirements. Completion of the Master in Teaching (MIT) program at WSU will meet certification requirements (for details, please see <a href="https://education.wsu.edu/graduate/mit/">https://education.wsu.edu/graduate/mit/</a> ). A 3.0 is the minimum GPA for admission to the MIT program at WSU. Students obtaining Biology Education Option would also be competitive for other post-baccalaureate teacher certification programs.</u>  <b>First Year</b> <i>First Term</i> BIOLOGY 106 [BSCI] 4 CHEM 105 [PSCI] <sup>1</sup> 4 Creative & Professional Arts [ARTS] 3 HISTORY 105 [ROOT] 3 <i>Second Term</i> BIOLOGY 107 4 CHEM 106 4 ENGLISH 101 [WRTG] 3 <u>ENGR 120</u> <u>2</u> <u>Humanities [HUM]</u> <u>3</u> MATH 140 [QUAN] or 171 [QUAN] 4  <b>Second Year</b> <i>First Term</i> <u>BIOLOGY 301</u> <u>4</u> CHEM 345 4 <u>Diversity [DIVR]</u> <u>3</u> Foreign Language, <u>if needed</u> <sup>2</sup> <del>3</del> or <u>0-4</u> <u>TCH LRN 301</u> <u>3</u> <del>Creative &amp; Professional Arts [ARTS], Humanities [HUM], or Social Sciences [SSCI]</del> <del>3</del> <del>PHYSICS 101 or 201</del> <del>4</del> <del>Social Sciences [SSCI]</del> <del>3</del> <i>Second Term</i> <del>BIOLOGY 301</del> <del>4</del> <u>CHEM 370 or MBIOS 303</u> <u>3 or 4</u> <u>Communication [COMM] or Written Communication [WRTG]</u> <u>3</u> <del>ENGLISH 201 [WRTG], 298 [WRTG], 301 [WRTG], or 402 [M] [WRTG]</del> <del>3</del>	8-17

<p><b>Design and Construction</b></p> <p>Revise certification requirements for BS in Architectural Studies; Combine all years into one schedule of studies.</p>	<p><b>[Current Catalog listing – to be replaced]</b></p> <p><b><del>Architecture (Pre-professional Program) (31 Hours)</del></b></p> <p><b><del>General Requirements – BS in Architectural Studies</del></b></p> <p><del>1. Due to limitations of space and faculty, enrollment in second-year courses and certification as a major in architecture can be granted to only the most qualified students. Prospective applicants for these programs are responsible for familiarizing themselves with the School of Design and Construction's requirements and procedures.</del></p> <p><del>2. Students who wish to transfer from another institution may find it possible to transfer University Common Requirement (UCORE) course work from these institutions. While this may reduce the amount of time required at WSU to complete UCORE requirements, it is very difficult to transfer appropriate architecture course work to compress the four-year time period. Please consult the WSU Transfer Guide and contact the School of Design and Construction for information regarding transfer requirements.</del></p> <p><del>3. Transfer students and former WSU students must submit an application for admission to the university, a supplemental application, and current academic records to the School by the dates listed in this catalog.</del></p>	<p><b>8-17</b></p>

4. Students wishing to transfer from another institution into the second, third, or fourth year of architecture must submit a portfolio in order for the School to evaluate their potential for success in the program. Contact the School for portfolio requirements.
5. A student may not enroll in 300- or 400-level ARCH courses without being certified in architecture.
6. A student may not take courses required by the School on a pass, fail basis.
7. Third-year, fourth-year, and graduate students will be required to participate in one short off-campus study tour each year.
8. All students admitted into the second year will be required to purchase laptop computers. Please contact the School for details and specifications.

Students who enter WSU and have an interest in architecture should contact the academic coordinator for specific advising.

### **Footnotes**

<sup>†</sup> Any FINE ART course.

<sup>2</sup> Students who are not adequately prepared for MATH 171 should take MATH 106 and 108 as needed during their first year. All freshmen must take the math placement exam.

## **Bachelor of Science in Architectural Studies (Second through Fourth years) (92 Hours)**

The Bachelor of Science in Architectural Studies is a program primarily for those who want a foundation in the study of architecture. This degree was designed for students who want to pursue a career in architecture or to work in an architecturally related discipline such as planning, technology, project and community development or within government agencies. On successful completion of the B.S. Architectural Studies program, an individual can work as an unlicensed architect in a professional architecture practice. In order to be eligible to license as an

architect, a professional Master of Architecture program must also be completed. This degree may also be used as a preparation for professional, accredited graduate education. Students who pursue this option at WSU must complete all university requirements in addition to School requirements listed below.

### **Pre-Architecture**

Students who enter WSU and have an interest in architecture will be assigned an advisor in the School of Design and Construction (SDC). Students interested in architecture should enroll in SDC 100 and 140 fall of their freshman year, as these are the first two prerequisites in an eight-semester sequence.

### **Certified Program**

The SDC accepts 40-45 students into the second year. Students wishing to certify into the Bachelor of Science in Architectural Studies program must apply for certification during the spring semester of their first year in the program. Certification requirements include completion of a minimum of 24 semester hours and earning a C or better grade in the following required courses: SDC 100, 120, and 140. Additional required courses are COM 102, ENGLISH 101, HISTORY 105, MATH 171, and one fine arts class (FINE ART 101, 201, or 202 recommended). Transfer equivalents may be approved by the program. While students must have a minimum cumulative WSU GPA of 2.5 to apply for certification, the process is competitive due to limited space in upper division courses. Students' overall WSU GPA and major specific GPA from the courses listed above are considered.

### **Transfer Students**

Students who wish to transfer into the second year must demonstrate equivalent course work from another institution. Transfer students must make application to Washington State University and the School of Design and Construction. Students will be evaluated based upon grades from coursework that is equivalent to first year requirements at WSU.

### **Application/Portfolio/Notification Deadlines:**

**May 1** All second year applications due.

**May 1** Portfolios due from applicants who did not complete SDC 100, 120, and 140 at WSU.

**June 1** Screening complete: Applicants will be classified as accepted or denied. Applicants will be notified by mail in June.

### **NOTE:**

Students offered positions in the second year courses must promptly notify the SDC of their acceptance of the position or the next alternate will be offered the position.

Students that are admitted must be registered for the fall semester and attend the first day of classes or lose their position.

for graduation.

<sup>3</sup> At least 9 hours of any 300-400 level courses from ARCH, I D, and LND ARCH not used to fulfill major requirements.

## **[Proposed Catalog layout]**

### **Bachelor of Science in Architectural Studies (120 Hours)**

Students may apply for certification during the spring semester of the first year. Certification requirements include completion of a minimum of 24 semester hours and earning a C or better grade in the following courses: SDC 100, 120, and 140. Additional required courses are COM 102, ENGLISH 101, HISTORY 105, MATH 106 and 108, and one fine arts class (FINE ART 101, 201, or 202). Transfer equivalents may be approved by the program. While students must have a minimum cumulative WSU GPA of 2.5 to apply for certification, the process is competitive due to limited space in upper division courses. Students' overall WSU GPA and major specific GPA from the courses listed above are considered.

<u>ARCH Emphasis Electives<sup>2</sup></u>	<u>8</u>

### **Footnotes**

<sup>1</sup> All freshmen must take the math placement exam. MATH 106 and MATH 108 or higher are required for certification. One additional course from the following list must be taken to fulfill the university [QUAN] requirement for graduation: CPT S 111; ECON 335; MATH 171; MATH 202; PHIL 201; STAT 205 or STAT 212. Students who do not take MATH 106 and 108 may need an additional 5 credits to meet the University minimum of 120 credits.

<sup>2</sup> At least 11 hours of any 300-400-level courses from ARCH, CST M, DESIGN, I D, and LND ARCH, or SDC, not used to fulfill major requirements.

<sup>3</sup> ARCH 531, 563, and 573 may be taken and reserved for graduate credit towards the accelerated M. Arch program if a grade of B or better is earned. Courses must be in addition to the requirements for undergraduate degree, and students must have a 3.0 GPA over the last 60 hours of undergraduate work to be eligible.

<p><b>Design and Construction</b> Revise certification requirements for BS in Construction Engineering</p>	<p><b>Construction Engineering (129 Hours)</b></p> <p>Certification Requirements: Certification into the Bachelor of Science in Construction Engineering requires the completion of 24 total credits, <u>including the following 4 courses with a grade of C or better - CE 211, CHEM 105, MATH 171, MATH 172, and PHYSICS 201, with a grade of C or better</u>, and an application to the Construction Engineering Program. The best qualified students based on cumulative GPA and grades in the prerequisite courses will be certified until the departmental limit is reached.</p> <p>Experiential Requirement</p> <p>Students within the Department of Civil and Environmental Engineering must complete one of the following experiential requirements:</p> <ol style="list-style-type: none"> <li>1. An internship of at least eight weeks duration, with at least one credit of CE 495.</li> <li>2. A research position of at least eight weeks duration under the supervision of a departmental faculty member or approved mentor, with at least one credit of CE 499.</li> <li>3. Study abroad for six or more credit hours. International students in the Department of Civil and Environmental Engineering will meet this requirement through their study in the United States.</li> <li>4. Participation in a recognized ROTC program. Veterans in the Department of Civil and Environmental Engineering will have met this requirement through their prior service in the armed forces.</li> <li>5. A leadership or service experience of at least one semester, subject to departmental approval, with at least one credit of CE 499.</li> </ol>	<p><b>8-17</b></p>
<p><b>Design and Construction</b> Revise certification and graduation requirements for Bachelor of Arts in Interior Design</p>	<p><b>Interior Design (120 Hours)</b></p> <p><del>The interior design program offers a balanced exposure to art, architecture, and humanities. All studio projects are informed by relevant theoretical frameworks in order to advance design solutions. Students are required to complete one of three options during the fall of the fourth year: internship, study abroad, or community studio. Second and third-year students will be required to participate in an off-campus study tour during the fall semester.</del></p> <p><del>Students must earn a C or better grade in all courses required for the degree of Bachelor of Arts in Interior Design. School of Design and Construction main office and on the school web site: <http://sdc.wsu.edu>. Due to limitations of space, faculty, and budget, admission is limited and based on academic performance.

Certification requirements include completion of at least 24 semester hours and the following ~~pre-certified I-D curriculum~~. The following three courses (or approved equivalents) ~~must be completed~~ with a grade of C or better: SDC 100, SDC 120, and SDC 140. Additional required courses are HISTORY 105, MATH 105 (or higher), ENGLISH 101, COM 102 ~~or H-D-205~~, and one fine arts class (FINE ART 101, 201, or 202). Transfer equivalents must be approved by the program. A minimum 2.5 WSU cumulative GPA is required to apply for certification. Students' overall WSU GPA and major specific GPA from the courses listed above are considered in the application process.

~~Students wishing to transfer from another institution into the second, third, or fourth year of interior design must submit a portfolio and academic transcripts for consideration. Contact the interior design program for portfolio requirements or visit <http://sdc.wsu.edu/interior-design/student-resources/advising/>.~~

~~All students admitted into the second year will be required to purchase laptop computers. Details and specifications can be found on the school website: <http://sdc.wsu.edu>.~~

	<p><b>Footnotes</b></p> <p><sup>1</sup> SOC 101 or PSYCH 105 is suggested.</p> <p><sup>2</sup> Choose one: FINE ART 101, 201 or 202.</p> <p><sup>3</sup> For a total of 7 credits—one Biological Science [BSCI] and one Physical Science [PSCI] course, including one lab course, or 8 credits of [SCI] designated courses. (SCIENCE 101 [SCI] is offered Fall semester and is a prerequisite for SCIENCE 102 [SCI], which is offered Spring semester.)</p> <p><sup>1</sup> Students may pursue one of three options: 1) Internship Option – I D 490 and 10 credits supportive electives; 2) Study Abroad – I D 425, Italian Language, and 6 credits supportive electives; or 3) Community Studio – I D 425 and 10 credits of supportive electives.</p> <p><sup>42</sup> Supportive electives as listed or approved by faculty advisor; transfer interior design hours as approved by the department: FINE ART 201, 202 (if not used as a certification course); SOC 343, 350, 351; I D 278, 279, 305, 490 (if not used to fulfill a requirement in program of study), 498; upper division ARCH, LND ARCH, and CST M courses. At least 17 hours of any 300-400-level courses from ARCH, CST M, I D, DESIGN, LND ARCH, or SDC, not used to fulfill major requirements. Italian Language course is considered a supportive elective for students who study abroad.</p> <p><sup>3</sup> Portfolio submission required final semester of program.</p>	
<p><b>Design and Construction</b></p> <p>Revise certification and graduation requirements for Bachelor of Landscape Architecture (BLA)</p>	<p><b>Landscape Architecture (120 Hours)</b></p> <p>Accredited by the Landscape Architectural Accreditation Board (LAAB), the Bachelor of Landscape Architecture (BLA) is a professional degree program that provides students with the common body of knowledge related to landscape architecture. The Landscape Architecture Program is based on a concern for human beings and the environment. The program teaches students to create outdoor spaces that support human activities and that positively affect the environment.</p> <p>The BLA curriculum is structured to create unique learning experiences each semester. Broadly speaking, the curriculum emphasizes practical and applied experiential learning, draws from courses across campus, and provides students with opportunities to think critically and integrate diverse bodies of knowledge.</p> <p>The professional course of study is divided into two segments: pre-landscape architecture and the second—fourth year professional landscape architecture program (BLA). Completion of the program leads to the degree of Bachelor of Landscape Architecture and allows the graduate to enter the profession. At least three additional years of professional experience and successful completion of the landscape architectural license examination are necessary for registration as a licensed landscape architect in most states.</p> <p>Pre-landscape architecture (pre-LA) is a one year, non-degree course of study that is intended to prepare undergraduate students for the advanced professional curriculum. The pre-LA curriculum concentrates on University Common Requirements (UCORE) and basic professional courses. UCORE courses should be selected with the assistance of a landscape architecture advisor. Transfer students who have not completed the equivalent of the pre-LA course work will be accepted directly into pre-LA.</p>	<p><b>8-17</b></p>

## Certification Requirements

Students must submit a certification application in the spring semester of their first year. Application forms and instructions are available in the School of Design and Construction main office and on the web site: <http://sdc.wsu.edu>. Due to limitations of space, faculty, and budget, admission is limited and based on academic performance.

Students may apply for certification during the spring semester of the first year. Certification requirements include completion of a minimum of 24 semester hours and earning a C or better grade in the following courses: Certification requirements include completion of at least 24 semester hours and the pre-LA curriculum. The following three courses (or approved equivalents) must be completed with a grade of C or better: SDC 100, SDC 120, and SDC 140. Additional required courses are HISTORY 105, ENGLISH 101, MATH 105 (or higher), COM 102 or H D 205, and one fine arts course (FINE ART 101, 201, or 202). Transfer equivalents may be approved by the program. A minimum 2.5 WSU cumulative GPA is required to apply for certification. Students' overall WSU GPA and major specific GPA from the courses listed above are considered in the application process.

## Professional Program Requirements (BLA)

Students must earn a C or better grade in all courses required for the landscape architecture professional program. To graduate, at the end of their program of study, all students must submit a digital portfolio of creative works and present their portfolio at an off-campus, program-organized review. Students will be required to participate in two off-campus study tours, designated by the program, one in the fall semester of the second year, and one in the spring semester of the fourth year.

Transfer students who have completed the equivalent of the pre-LA curriculum may apply to the professional program by submitting a portfolio and academic transcripts for consideration. Contact the landscape architecture program for portfolio requirements.

All students admitted into the second year will be required to purchase a laptop computer. Details and specifications can be found on the school website: <http://sdc.wsu.edu>.
