

TO: Becky Bitter, Assistant Registrar

FROM: Susan Poch, Assistant Vice Provost

SUBJECT: Academic Regulation 6 (i)

DATE: July 7, 2017

As the new 2017 catalog was prepared, several changes were included for Academic Regulation 6, Transfer Credit. As a result, one key regulation was inadvertently omitted and another duplicated. We would like to revise the duplicated rule (6(i)) to reflect the language of the omitted rule. I have provided clarification below. Thank you for consideration of these Rule changes.

Current Rule 6(i): (Duplication of Rule 6(g))

Completion of all University Common Requirement (UCOREs) will be granted to students who have completed a baccalaureate degree from another regionally accredited institution, provided that the general education program approximates that at WSU.

Proposed Rule 6(i):

Completion of all lower-division University Common Requirements (UCOREs) will be granted to students who have completed a baccalaureate degree from another regionally accredited institution, provided that the general education program approximates that at WSU, been certified as having completed the general education curriculum at their regionally accredited Washington baccalaureate institution.
