

**UNDERGRADUATE AND PROFESSIONAL MAJOR CHANGE BULLETIN NO. 1  
Fall 2014**

**---REQUIREMENTS---**

The requirements listed below reflect the undergraduate major curricular changes approved by the Catalog Subcommittee since approval of the last Undergraduate Major Change Bulletin. All changes are underlined. Deletions are crossed out. The column to the far right indicates the date each change becomes effective.

<b>Subject</b>	<b>Proposed</b>	<b>Effective Date</b>
<p><b>Criminal Justice and Criminology</b> Revise certification requirements for BA in Criminal Justice</p>	<p><b>Criminal Justice Degree Program(120 Hours)</b></p> <p><u>A student may certify as a criminal justice major upon completing 24 semester hours and a minimum WSU cumulative gpa of 2.50 or better.</u></p> <p>Students who major in criminal justice must complete the 15 hour criminal justice core (CRM J 101, 201, 330, 450, and either 320 or 420); 6 hours in research methods and quantitative analysis (selected from an approved list); 6 hour in criminal justice institutions courses (CRM J 365, 370, 380, 385); 9 hours in criminal justice electives; 9 hours from specified political science courses; and 3 hours in specified College of Arts and Sciences electives. Students must also pass a writing proficiency test.</p>	<p><b>8-15</b></p>
<p><b>Environment</b> Revise minor in Natural Resources</p>	<p><b>Natural Resources</b></p> <p><u>A Natural Resources Minor requires a minimum of 16 semester hours of coursework with <del>Minimum of 16 credit hours of courses approved by department. For non-natural resource sciences majors only. Required courses:</del> at least 9 credit hours of NATRS <u>or other approved courses</u>, <del>at least 9 credit hours of courses</del> numbered 300 or higher;. <u>This minor is not open to students majoring in Wildlife Ecology and Conservation Sciences or Environmental and Ecosystem Sciences. and at least one course in each of the following areas (three courses total); individual courses may be used to satisfy only one area:</u> 1) basic principles of natural resource sciences/management: recommended electives: NATRS 100 and 303; others upon departmental approval; 2) socioeconomic aspects of natural resource sciences/management: recommended electives: NATRS 303, 311, 312, 403, 419, 438; others upon departmental approval; 3) ecological aspects of natural resource sciences/management: recommended electives: NATRS <del>280, 301, 302, 303, 419, 450, 460, 470;</del> others upon departmental approval. <del>Credit hours for the minor must include 9 hours of upper-division work taken in residence at WSU or through WSU-approved education abroad or educational exchange courses.</del></u></p>	<p><b>8-15</b></p>

<p><b>Global Animal Health</b> Revise requirements for Professional Certificate in Global Animal Health.</p>	<p><b>Global Animal Health Pathway</b></p> <p>The Global Animal Health Pathway (GAHP) requires a minimum of 15 course credits to earn a certificate. These credits will be satisfied through both required and elective courses: <u>45</u> credits will be satisfied through required coursework, 6 credits (minimum) will be satisfied through the required GAH Project, and the remaining credits, up to <u>54</u>, will be satisfied through elective courses or additional project work. Elective credits may be obtained from courses offered by WSU, and on-line courses offered through the University of Washington Global Health Pathway that are approved for the GAHP. Required courses and approved elective courses are listed below. Students wishing to enroll in the GAHP program must maintain a minimum satisfactory level or 3.00 gpa in graded professional coursework and remain in the upper 75% of the DVM class.</p> <p><b>REQUIRED COURSES (45 credits):</b> VET MED 501, 597 (Section 6), 576, 600 <u>and GLANHLTH 503.</u></p> <p><b>REQUIRED GLOBAL ANIMAL HEALTH PROJECT (6 credits minimum):</b> All GAHP students will be required to complete a global animal health project. The student will work with an Allen School faculty mentor to design a project, which may be completed in conjunction with a project team outside the Allen School. The project must be oriented toward global animal health and be approved by the GAHP Advisory Committee. The student will register for VET MED 600P (Scientific Writing and Presentation – required in DVM curriculum, see above under required courses) for project write-up and presentation. The student will devote at least 6 weeks (6 credits) during one summer to complete this requirement and should register for one or more of the following WSU courses to meet the required course credit. Coursework: VET MED 504, 599, 676, or 690.</p> <p><b>ELECTIVE COURSES (up to <u>54</u> additional credits):</b> Elective course credits may be earned through formal classroom instruction during any semester or summer session and/or through the completion of an additional summer project. Coursework: VET MED 504, <del>597 (Section 5)</del>, 599, 676, 690, SPANISH 362, or SPANISH 405.</p> <p><b>Foreign Language Skills</b> A foreign language is not required, but is highly recommended. The foreign language proficiency provides students with an in-depth understanding of cultural and contextual elements critical to working in the field of global animal health. Further, foreign language proficiency will increase the graduate’s competitiveness for global health career opportunities upon graduation.</p>	<p><b>8-15</b></p>
