## UNDERGRADUATE AND PROFESSIONAL MAJOR CHANGE BULLETIN NO. 9

## Spring 2023

--REQUIREMENTS-
The requirements listed below reflect the undergraduate major curricular changes approved by the Catalog Subcommittee since approval of the last Undergraduate Major Change Bulletin. All changes are underlined. Deletions are crossed out. The column to the far right indicates the date each change becomes effective. Note: Items marked $\{\mathbf{S}\}$ have been streamlined and do not require Catalog Subcommittee review.

|  | TCH LRN 470 <br> Fifth Year <br> First Term <br> Credits <br> TCH LRN 415 <br> Complete History Department's Exit Survey <br> Footnotes <br> ${ }^{1}$ To meet University and College of Arts and Sciences requirements, students must take a [BSCI] course with lab and [PSCI] course with lab. <br> ${ }^{2}$ Only 3 HISTORY courses may be used to meet UCORE requirements. <br> ${ }^{3}$ One from ENGLISH 201, 301, 302, or 402 is required for admission to the Teacher Education Program. Students who take ENGLISH 302 will need to take an additional [WRTG] or [COMM] course. <br> ${ }^{4}$ 200-level HISTORY course: Choose one from HISTORY 230, 232, 270, 271, 272, 273, 274, or 275. <br> ${ }^{5}$ History education majors must choose their 12 hours of 300-400-level electives from the following: one from early U.S.: HISTORY 311, 313 , 314, 316, or 415; one from Modern U.S.: HISTORY 312, 318, 319 or 417; one upper-division from European History course; : HISTORY 340, 341, $342,343,344,345,347,349,350,353,354,356,359,367,368,381,382$, $386,391,444,448$ or 463 ; and one from upper-division non-West History course $:$ HISTORY 291, 294, 306, 315, 325, 330, 331, 332, 333, 334, 335, $337,339,364,366,370,371,372,373,374,377,387,388,435,436,474$, $475,476,483,492$, or 495. <br> ${ }^{6}$ Two years of high school foreign language or at least two semesters of college-level foreign language are required by the College of Arts and Sciences for graduation. |  |
| :---: | :---: | :---: |
| History <br> Revise requirements for minor in War and Society | War and Society <br> The minor in War and Society addresses political, social, economic, and cultural impacts of war. The minor requires 18 credits, 9 of which must be taken in residence at WSU or through WSU-approved education abroad or educational exchange courses. A grade of C or better is required in all course work for the minor. Approved courses include: HISTORY 285, 316, $318,319,345,349,366,368,386,387,388,390, \underline{391} 416,418,419,445,$ | 8-23 |
| Languages, Cultures, and Race Revise graduation requirements for BA in Foreign Languages | Japanese (120 Credits) <br> A minimum of 34 credits beyond the 203 level (or the equivalent level in competence) in the major language is required for a Bachelor of Arts degree | 8-23 |

and Cultures Japanese major
in Foreign Languages and Cultures. 101, 102, and 203 do not count toward the major. Students who place into 102 and receive a B or better qualify for an additional 4 departmental advanced placement credits; students placing into 203 or above and receiving a B or better qualify for 8 departmental advanced placement credits. A maximum of 8 departmental AP credits is possible. See school for details.

Majors must complete either a minor in a second foreign language, a concentration of at least 16 credits in a related field, or a second major.

Students are admitted to the Japanese major upon making their intentions known to the School of Languages, Cultures and Race. However, no course in which a C - or lower grade is earned will be counted toward the major. 300-400-level courses taken pass, fail may not be included for credit toward the major. No course may be repeated for credit toward the major unless thus designated in the catalog. No course may count for both the major and the minor.

Majors and prospective majors are strongly encouraged to spend at least one semester abroad, living in the target culture and enhancing their fluency. Many accredited study abroad programs are available; students should work with their advisors in the selection of a program.

Of the 34 credits required for the major, a minimum of 15 must be taken in residence with 6 of these credits at the 400 level. A maximum of 12 credits per semester or 18 credits per year earned in a study abroad program may be applied toward the major. Credits for $105,205,305,405$ may not be applied toward the major.

Honors students complete the Honors College requirements which replace the UCORE requirements.

All majors must complete an exit proficiency examination during the semester in which they complete the last language course of their major. There is a fee charged for the exam.

|  <br> Astronomy Revise graduation requirements for BS in Physics - Applied Physics Option | Applied Physics Option (121 Credits) <br> The program of courses below is appropriate for students who wish to enter industry upon graduation. The program of courses below is appropriate for students who have had a good experience with calculus in high school and wish to start physics in the first semester at WSU (even though the student may be placed in MATH 171, if their high school grades for the year course were B or better they can follow this schedule of study). Students who have placed in MATH 172 can accelerate the math sequence. Students who have not had calculus in high school should defer PHYSICS 201/211 until they have completed MATH 171. Upon consultation with the departmental advisor, modifications can be made in the list of required courses to fit the needs of individual students. The schedule of studies below includes the additional lab credit required for graduation by the College of Arts and Sciences. <br> Admission to the Major requirements <br> Students may be admitted to the major upon making their intentions known to the department. <br> Graduation Requirements <br> A research experience is required of all students as a PHYSICS 489 project; however, to gain valuable work experience outside the university, students are strongly encouraged to participate in an internship or research experience in industry or a government lab outside of WSU. The summer after the junior year is the most appropriate time for this experience. All students are required to submit an undergraduate thesis to a committee of two physics faculty members in the senior year. PHYSICS 490 will give credit for this effort. The student must earn a C (2.0) or better grade in each of the required physics courses. <br> First Year | 8-23 |
