

## MEMORANDUM

TO: Members of the Professional Health Sciences Committee  
and Faculty Senate

FROM: James M. Record, MD, JD, FACP  
Dean

DATE: October 31, 2023

RE: 2024-2028 Academic Calendar Extension

Approved 11/2/2023

---

The Elson S. Floyd College of Medicine has extended the current Academic Calendar originally approved by the Faculty Senate on October 3, 2019. We are seeking your approval for the accompanied updated calendar. This version provides important dates and deadlines extending to AY 2027-2028.

In addition to the extension, there is one change to dates in the previously approved AY 2023-2024 calendar, summarized below. Please note that the Elson S. Floyd College of Medicine follows a four-term schedule: Fall, Winter, and Spring terms are 14 weeks in length; Summer term is eight weeks in length.

- AY2023-2024: Winter Break dates adjusted to begin and end one week earlier, in alignment to our typical winter break dates.

Thank you kindly for your review.

cc: Kimberly Beine, Interim Associate Dean for Curriculum  
Jacki Hudec, Director of Academic Operations
