## ARTICLE II - COMPOSITION, TERM, ELECTIONS, AND VACANCIES

### Section 1: Eligible Appointments

The Faculty Senate represents all faculty; however, the primary appointment of the faculty representatives in and to the Faculty Senate should be as WSU faculty members. Faculty from the tenure track or the career track are eligible to participate in Senate provided they have a faculty appointment greater than or equal to 0.5 FTE and are not serving in an administrative position. For this purpose, a faculty member is considered to be serving in an administrative position if they have any of the following: an appointment at the associate dean level or higher, an appointment at the associate vice chancellor level or higher, or a 50% or greater appointment in a dean's, chancellor's, provost's, vice president's, or president's office. Participation in the Senate is defined as voting for senators or serving as a senator, a Senate committee member, or a Senate officer. Eligibility requirements stated here are used in apportionment to determine the number of senators allocated to each campus and college.

#### *Section 1: Elected Members*

~~The Senate will consist of representatives of the permanent (tenured and tenure track) faculty and temporary faculty elected by college, representatives allocated specifically to the urban campuses, and the president of the Graduate and Professional Student Association. Apportionment is given in Section 4 below.~~

### Section 2: Elected Members

The Senate will consist of representatives from the eligible faculty. Faculty are elected through the colleges and campuses. Apportionment is given in Section 5 below.

Adopted February 13, 2014

#### *Section 2: Ex Officio Members*

~~The President, the Provost, the Vice Presidents, the Vice Provosts, the Assistant Vice Presidents, the immediate past Senate Chair, the President and Vice President of the Associated Students of~~

~~Washington State University or their representatives, shall be ex officio non-voting members of the Senate.~~

### Section 3: *Ex Officio* Members

The president, the provost, the vice presidents, the assistant vice presidents, and the vice provosts of WSU, and the president and vice president of the Associated Students of Washington State University (ASWSU) or their representatives, are *ex officio* non-voting members of the Senate. The president of the Graduate and Professional Student Association (GPSA) is an *ex officio* voting member of the Faculty Senate.

### Section ~~34~~: Executive Session

The provision for *ex officio* and/or nonvoting members will not preclude the right of the elected voting members of the Senate to meet in executive session.

### Section 45: Apportionment

#### A. Constituencies

Two tenure-track faculty members will be elected to represent each major constituency. The major constituencies are defined as each degree-granting college, the faculty of the Library, and ~~the faculty of~~ the Honors College. Additional Faculty Senate tenure-track seats dedicated to the major constituencies will be allocated by the following formula: the number of eligible tenure-track (~~FTE~~see Article II, Section 1) faculty ~~greater than~~minus 50, divided by 25, with fractional positions at 0.5 and above rounded up to the next highest integer, and below 0.5 rounded down to the next lowest integer.

~~Non-tenure-track~~Career-track faculty (~~Section 5, Part d~~) in each degree-granting college, ~~including the~~ and the Honors College, will have 2 seats per ~~degree-granting~~college, plus additional representation as determined by the following formula: the total number of ~~non-tenure-track faculty (Section 5, Part D)~~eligible career-track faculty (see Article II, Section 1) minus 50, divided by 50, with fractional positions at 0.5 and above rounded up to the next highest integer, and below 0.5 rounded down to the next lowest integer.

Four tenure-track seats in the Faculty Senate are designated for representation by the eligible faculty from each of the campuses of Everett, Vancouver, Tri-Cities, and Spokane; one seat is allotted to each campus. Additional tenure-track representation for each of these campuses will be determined by the following formula: The number of eligible ~~tenure-track~~ faculty (~~tenure-track~~) divided by 50, with fractional positions at 0.5 and above rounded up to the next highest integer, and below 0.5 rounded down to the next lowest integer.

Four career-track seats in the Faculty Senate are designated for representation by the faculty from each of the campuses of Everett, Vancouver, Tri-Cities, and Spokane; one seat is allotted to each campus. Additional career-track representation for these campuses will be determined by the following formula: The number of eligible ~~career-track~~ faculty (~~career track, Section 5, Part D~~ see Article II, Section 1) divided by 50, with fractional positions at 0.5 and above rounded up to the next highest integer, and below 0.5 rounded down to the next lowest integer.

~~Representatives shall be elected by and from the eligible tenure track and non-tenure track faculty (Section 5, Part D; Section 7, Part A) of Washington State University in their respective constituencies. One seat in the Faculty Senate will be designated for representation by the President of the Graduate and Professional Student Association.~~

~~Amended February 6, 2020~~

~~Amended March 23, 2023~~

~~Amended April 6, 2023~~

#### B. Subconstituencies

#### C. Reapportionment

Each year the executive secretary of the Senate will be responsible for the reapportionment of Faculty Senate seats at least 60 days prior to the election of Senate members and for determining the number of senators to be elected from each ~~constituency consistency~~. Elections of senators ~~will be~~ **are expected to** be completed by May 1 of every year.

The constituency has the option to recommend extended appointments of up to three (3) years in exceptional circumstances.~~

#### C. ~~Staggered Terms~~

~~Approximately~~ one-third of the faculty senators will be elected each year.
