

## MEMORANDUM

**TO:** Faculty Senate

**FROM:** Samantha Swindell  
CAS Associate Dean for Undergraduate Studies

**DATE:** 4.1.2024

**SUBJECT:** CAS Statement on Graphic Art and Integrated Design option

On April 1, the Department of Digital Technology and Culture (DTC) raised concerns about the Department of Art's proposed option in Graphic Art and Integrated Design. In response to those concerns, the Department of Art agreed to modify the option's 4-year plan to include language that specifies certain DTC courses as recommended for fulfilling the option's elective courses.

The College of Arts and Sciences requests that this modified 4-year plan, adopting DTC's requested changes, be submitted into the record and voted on at the Faculty Senate meeting on April 4, 2024.
