SUBJECT: Proposal to Establish the BS in Public Health

On March 19, 2024, AAC reviewed and approved a proposal to establish a new degree, the Bachelor of Science in Public Health, to be offered at Pullman, Spokane, and Vancouver. The degree is supported by the Provost and has been reviewed by the chancellors.

The Catalog Subcommittee has reviewed the curriculum for the degree, including the new PUB HLTH courses. The requirements for the two options that will be offered under the Public Health major (Infectious Disease, and Community and Behavioral Health) are presented on Addendum no. 1 to Undergraduate Major Change Bulletin no. 9.

At this time, Faculty Senate review and approval is recommended, to be effective fall 2024.
