How to Write An Abstract

Following is a standard format for writing an abstract:

1-2 Sentences  Introduction
1 Sentence      Objective
1-2 Sentences  Experiment
1-3 Sentences  Results
1-2 Sentences  Conclusion

The abstract is the essence of the whole work in one paragraph (maximum of 250 words). It should summarize why the work was done and how, the results and conclusions, concluding with the significance.

Hope this helps. If you need any help, please let us know.
