Psych Students,

We have reached week 11! That means there are just 5 more weeks of instruction left in the semester.

Seniors if you are graduating in fall 2022 and plan to participate in commencement don’t miss the Grad Fair on Thursday, November 3. The Grad Fair is the event where you can register for commencement, order your cap and gown, and more!

On Tuesday, Gonzaga will be visiting to talk about the School Psychology Graduate Program. If you have an interest in working with children this event can help you learn more about the field of school psychology and about the graduate school process.

Tuesday will also mark the beginning of Native American Heritage month. Throughout the month of November WSU’s Native American Programs will be hosting events to celebrate which you can learn about starting on page 4.

Students interested in applying to Clinical Psych programs should not miss the Clinical Psych Application Workshop on Saturday, November 5.

Have an advising hold? There is still time to sign up for your spring advising appointment.

Happy Reading!
